

SCANTY LIST OF EUROPEAN GIFTS MADE TO WILSON

Tumulty Tells Just What Presidential Pair Received From Overseas Friends.

WASHINGTON, Oct. 7.—Acting upon the express direction of the President and Mrs. Wilson, Secretary Tumulty today made public a statement containing an itemized list of presents received by them while in Europe.

Mr. Tumulty's statement follows: "While on his western trip the president's attention was called to the resolution of Representative Rodenburg of Illinois, and the statements of Senators Penrose and Sherman in regard to gifts received by the President and Mrs. Wilson while they were in Europe.

"Senator Sherman indicated the basis of the various stories touching this matter when he said that 'chuckroom gossip' laid the value of these gifts at half a million dollars. Senator Penrose said he had been informed that the presidential party brought back to this country presents from crowned heads and foreign governments amounting to several million dollars.

Facts Are Presented. "Here are the facts: "Outside of a considerable number of small gifts, such as books, walking sticks, an old silver dish found in the ruins of Louvain, war souvenirs made by soldiers or out of war material, and numerous medals struck off in his honor, the following are the only important gifts received by the president in Europe:

"In England: "Photograph of the King and Queen of England.

"A book relating to Windsor Castle.

"The freedom of the city of London, presented in a gold casket, by the lord mayor at Guildhall.

"In Italy: "A water-color picture, on bronze easel, presented by the Queen of Italy.

"A bronze figure presented at the Castel in Rome (a gift from the people).

"A figure of 'Italia Victorin,' sent to the train at Genoa, either by a school or by the citizens of Genoa.

"A set of books from the citizens of Genoa.

"A mosaic presented by the Pope.

"In France: "A bronze figure, presented by a body of students.

"The president also received numerous honorary degrees from nearly all of the countries of Europe, and many resolutions of respect and gratitude.

"Knowing that there is a constitutional inhibition against the president receiving gifts from foreign rulers or states, the president, after consulting the secretary of state, was preparing a list of the presents he intended to ask the permission of congress to retain just before he started on his western trip.

Mrs. Wilson's Presents. "In addition to the gifts received by the president, the following tokens were presented to Mrs. Wilson while she was in Europe:

"A pin of parian enamel with tiny diamond chips, presented in Hotel de Ville by the city of Paris.

"Linen hand-combed luncheon set (small cloth and dozen napkins) in a case, presented through Mme. Poincaré and Mme. Pichon by the working women of France.

"In Belgium: "A small medal by Cardinal Mercier.

"A Belgian lace table cover, presented by the Queen.

"A complete file of the 'Libre Belgique' (the paper published during the German occupation), presented by the King, in leather folder.

"In Italy: "A reproduction of the 'Wolf and Remulus and Remus' in gold, presented by the people through private subscription.

"A piece of lace in leather case, presented by Signor Orlando in behalf of his colleagues.

"A small production in silver of a pitcher found in the ruins of Pompeii.

"In making this statement I am acting upon express direction of the President and Mrs. Wilson."

Dr. Smith Leads Talk at Fort Wayne Meeting

FORT WAYNE, Ind., Oct. 7.—Dr. W. C. Van Nuy, of Anderson, today before the Indiana conference of charities and corrections here opened a heated discussion for increased wages for officers of the state institutions. The speaker told of the difficulty of obtaining suitable help, a condition which has existed since 1900 and is becoming more and more difficult each month. The state pays less for the same kind of work than anybody else, he said.

The state institutions' round table was called into session with Luther Short of Knightstown, presiding. Dr. S. E. Smith of Richmond, superintendent of the Eastern Insane Hospital, spoke on "Central Purchasing," saying that the plan could be improved by long-time contracts on some things. The whole success of the plan, he said, is the satisfying of the various institutions. Plans are now under way to make three months' contracts and as the plan works itself out the contracts will be lengthened.

I. W. W. Demonstration For October 8, Is Called Off

(By Associated Press) SAN FRANCISCO, Oct. 7.—Because of strikes now in progress in various parts of the United States, a general demonstration announced for October 8, on behalf of military and political prisoners would not be advisable, according to a statement made public today by E. D. Nolan, secretary-treasurer of the International Workers' Defense League under whose auspices the movement was planned.

Mr. Nolan's statement said the league had been advised "from numerous localities that the unrest and widespread strike movements all over the country militated against a successful demonstration on October 8."

He advised, however, that "in localities not affected by big strikes, demonstrations would be of great value to arouse public sentiment."

71 MULES, MUCH OTHER LIVESTOCK, SOLD BY MEYERS

J. E. Meyers and Son, whose farm lies one-half mile east of Hagerstown, had a great live stock sale Monday, at which 71 head of good mules went under the hammer, the top team bringing \$527. A number of good farm horses brought fair prices, considering the season and the cost of winter feeding.

Twenty-five head of cattle, including registered Aberdeen, Angus and Shorthorns, brought good round figures for the best as to age and quality, one Shorthorn selling at \$145.

It was an all day sale, with five auctioneers in the ring and Horace Hoover, of Hagerstown was clerk of the sale.

A few registered hogs were included in the offering, but no feeders were sold. A large crowd attended and Meyers reports that the sale was "a good one and very satisfactory all around."

BE PRETTY! TURN GRAY HAIR DARK

Try Grandmother's Old Favorite Recipe of Sage Tea and Sulphur.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe improved by the addition of other ingredients, at a small cost.

Don't stay gray! Try it! No one can possibly tell you have darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, glossy and attractive.—Adv.
