

## POLAND FACING REVOLUTION, SAYS JAN PADEREWSKI

Country Tottering on the  
Brink of German Revolution  
—Must Have Supplies.

PARIS, Oct. 6.—Ignace Paderewski, premier of Poland, who is in Paris fighting to obtain from the allies, vital supplies for the Polish nation, stated Sunday that revolution is threatened in Poland unless the allies take immediate steps to alleviate conditions in the nation. If the revolution materializes, Germany, the premier said, will gain not only control of Poland, but of Russia as well.

"Long ago," he added, "I told Americans that though the war be won on the western front, Germany would be the victor unless defeated decisively on the eastern battlefields. The events of today are justifying that prediction. Poland is the sole barrier between Russia's wealth and German ambition.

Tottering on Brink.  
"We are tottering on the brink of Teuton conquest, while all the world, hypnotized by the German debacle in France and Belgium, is plans of conquest to the eastward.

"Poland is ready and able to avert a world tragedy at the expense of its own strength and blood, but first it must have warm clothes for its army to forestall serious trouble.

Later, we will require civilian clothing, 500 locomotives, 3,000 cars and also 25,000 bales of cotton monthly to support our textile industries. For these, Poland offers the world freedom to-morrow in exchange for her own life today."

### Election of Four Bishops Before Episcopal Meeting

(By Associated Press)  
DETROIT, Mich., Oct. 6.—Election for four new bishops, action on the resignation of another, and confirmation of a sixth, among the many important matters to come before the house of bishops of the Protestant Episcopal Church in the United States, which begins its triennial convention here next Wednesday.

New bishops are to be named for Idaho, Utah, Oklahoma and the Philippine Islands, the resignation of Rev. Frederick J. Kinsman, of Delaware, is to be considered and confirmation will be given the election of Rev. Charles Summer Burch as permanent bishop of the diocese of New York.

Considerable interest attaches to the case of Bishop Kinsman, the reasons he advanced for his resignation being almost unique in the Protestant Episcopal church. In a letter to Rev. Daniel S. Tuttle, presiding bishop of the House of Bishops, Bishop Kinsman wrote that he could not agree with some of the teachings and methods of the Episcopal church. He particularly cited Holy Orders and the sacrament, upon which he admitted he had new views after long study of the subject. His resignation was forwarded after eight years as head of the church in Delaware.

What Thousands Have Found Gives Relief From This Painful Trouble.

Rheumatism is a constitutional disease, manifesting itself in local aches and pains, inflamed joints and stiff muscles. It cannot be cured by local or external applications. It must have constitutional treatment. Take a course of the great blood-purifying and tonic medicine, Hood's Sarsaparilla, which corrects the acid condition of the blood on which rheumatism depends, and gives permanent relief. This medicine combines, with excellent alternatives and tonics, what is generally conceded to be the most effective agent in the treatment of this disease. If a cathartic or laxative is needed take Hood's Pills. Purely vegetable. —Adv.
