## WORKS BOARD SUSTAINED BY BIG MAJORITY

John Coyle Petition Declared Out of Order by Mayor in Stormy Session.

Only three councilmen voted in favor of abolishing the board of works when the ordinance came before the city council last night. The vote stood 9 to 3. Many citizens attended the meeting, crowding the chamber and the corridor beyond.

Councilman Ford, when asked for his vote, was granted permission to speak.

In a lengthy speech he cited instances where he believed the board of works had made mistakes. He scored the board on a number of matters.

After listening to Mr. Ford for some time Mayor Zimmerman said: "Mr. Ford has not told it all. I could get up and make as long a speech as he has, but I won't do it until after the vote is taken."

Councilman Von Pein said: "Ford is taking up too much time, and was trying to influence the council. I have something to say, just the other way, when it becomes my turn."

"Well he has no business to do that, and I will limit Mr. Ford to two minutes," said the mayor.

Walterman is Scored.

Councilman Golden said that "while Ford and Walterman posed as the laborer's friends, at the meeting when the city budget for the ensuing year was being considered, both objected to the raising of salaries."

No more speeches were made until Walterman said:

"I never voted against increasing wages of any of the city's employees, but I did vote against the raising of the salary of the mayor's appointees, because some of them only worked four or five hours a day and then loafed on the city's time."

"When Mr. Golden said I voted against the increase of any of the city's employees, he lied."

"You will either apologize for calling Mr. Golden a liar, or sit down," said the mayor.

"Well, in that case, I apologize," said Walterman. He voted "aye" as did Councilman White. The crowd cheered.

The mayor ordered the police to keep quiet in the chambers.

Coyle Petition Is Read.

Councilman Walterman opened the debate on the re-instatement of John Coyle, by reading a section of the law stating that the council had the power to investigate each case of that kind. He then presented a petition, signed by Coyle, stating that he was removed "wholly without cause, and without a hearing."

The petition averred that "the petitioner respectfully requests that he be given an opportunity to be heard."

The petition also said that the only

way that justice could be done to Coyle was to re-instate him, and after his re-instatement file charges against him.

The mayor said: "This is out of order, but I will give you the opportunity of talking on this question. But I declare it out of order."

"Do you say you declare it out of order?" asked Walterman.

"I do!"

"But when the law says that cities 'shall' have charge—," said the councilman, before he was interrupted.

"I declare this out of order because statements made in that petition are false, and I know they are false. Therefore it is out of order. But when I give you an opportunity to talk, why don't you say something?" said the mayor.

The mayor then brought up the ordinance asking for the abolition of the board of works.

Minor Matters Considered.

Complaint against the smoke arising from a chimney in the vicinity of Fifteenth and Sixteenth, registered by Councilman Ford, was referred to the fire department.

Councilman Williams called attention to danger to school children as a result of speeding at the corner of Ninth and North A streets.

Another council member then spoke about the same condition in evidence near one of the west side schools. It was referred to the police department.

Walterman called attention to the condition of the first block of South Seventh street, asking that it be permanently improved.

### CORRECTS STATEMENT

Referring to a statement "made in the city council meeting last night that it cost \$5,000 to erect the greenhouses in Glen Miller park, Superintendent Hollarn today said the sum of \$3,493.66 covered the construction of the greenhouses, new boilers, work shed, 15,000 miscellaneous pots, 100 big pots, 1 concrete hot bed, 55x6 ft. winter quarters for the animals, and 50 hot bed sash.
