

## DOCTORS DO NOT EXPECT INFLUENZA; GIVE DIRECTIONS

Several doctors at the Union County Medical association Thursday, said they did not believe another such epidemic as last year's influenza visitation will visit this country, during their time.

Dr. J. N. Study, of Cambridge City, read a paper on the disease. He said that not one death occurred out of all the cases suffered in that town. The doctor explained some of the remedies he administered.

"The first thing to do when a patient feels ill with influenza symptoms is to go to bed in a room where there is plenty of fresh air, at the temperature of about 65 degrees. Overdosing with cold preparations should be avoided. A warm bath before getting in to bed gives added relief," said Dr. Study.

He also emphasized the importance of isolation of patients producing "flu" symptoms, and discrediting the use of vaccines, which he said he had not seen successfully used.

"Diagnosis is the first thing in the medical profession today," said Dr. W. H. Haines, of the surgical staff of Cincinnati University. Dr. Haines' paper was on "Surgical Disorders and the Digestion."

Dr. Charles P. Emerson, of Indianapolis, read a paper on Psychasthenic suffers from imaginative delusions regarding his case.

## "I Know Now Why People Praise It," She Says

After Suffering Thirty-two Years She Gains 14 Pounds Taking Tanlac.

"I have taken only two bottles of Tanlac but they have entirely stopped my thirty-two years of suffering and almost made a new woman of me," said Mrs. Julius Hoanhouse, of 469 Clinton avenue, St. Paul, Minn., recently.

"For thirty-two years I suffered from stomach trouble and chronic indigestion," she continued, "and at times even the pressure of my clothes against my stomach would hurt me. I had to be very careful about what I ate and even then it was hard for me to retain anything on my stomach, and sometimes I was so nauseated I would have to give up and go to bed before I could get relief. I suffered no end of misery from gas, and many a night I slept hardly a wink because of the pains in my stomach. For months at a time I was off in weight as much as ten pounds and if I gained it back, I didn't gain in strength, but felt as weak and draggy as ever, if not more so. I spent hundreds of dollars and used all kinds of medicines but got no relief, and I was beginning to think I would have to go through life and never get rid of my old troubles."

"But a good friend of mine who knew what I had gone through, heard about Tanlac and suggested that I try it, and today I feel thankful to that friend and even more thankful to Tanlac, for I can honestly say it is the best medicine I have ever taken. My stomach is in fine condition now, and no matter what I eat it digests and I don't suffer any more after eating. I'm gaining in weight and strength right along. In fact, I've gained fourteen pounds already and weigh more than I ever did in my life. I sleep fine at night and I've gone back to doing all my housework by myself and don't feel a bit overtired after I get through, either. Since I've taken Tanlac, and it has helped me so wonderfully I can understand why so many people are coming out and saying it is the finest thing they have ever seen."

Tanlac is sold in Richmond by Clem Thistlethwaite; in G. eastfork by C. D. Sornline; in Cambridge City by Mr. Dean House; in Pershing by Sourber & Rodenberg; in Centerville by Centerville Pharmacy; and in Milton by W. L. Parkins.—Adv.

## Police to Stop Blocking of North 8th by Trains

"We have been receiving complaints from the public because of the way the trains are blocking up the North Eighth street entrance," said Chief of Police, Gorman today.

The public has some rights and the

"The police ambulance was held up over 10 minutes the other day, while on its way to the hospital and this habit of the trains blocking up the North Eighth street crossing must stop."

## Watch the Little Pimples; They are Nature's Warning

Unslightly and Disfiguring Signals of Bad Blood.

Don't close your eyes to the warning which nature gives, when unsightly pimples appear on your face and other parts of the body.

Not only are these pimples and blotches disfiguring, but they lead to serious skin diseases that spread and cause the most discomforting irritation and pain. Sometimes they foretell Eczema, boils, blisters, scaly eruptions and other annoyances that burn like flames of fire, and make you feel that your skin is ablaze.

When these symptoms appear on any part of the body, take prompt steps to rid the blood of these dis-

orders. And the one remedy which has no equal as a cleanser is S. S. S., the purely vegetable blood medicine, which has been on the market for more than fifty years. It is sold by druggists everywhere.

If you are afflicted with any form of skin disease, do not expect to be cured by lotions, ointments, salves and other local remedies, as they can not possibly reach the source of the trouble, which is in the blood. Begin taking S. S. S. today, and write a complete history of your case to our chief medical adviser, who will give you special instructions without charge. **Plenty of wheat—  
but only good in spots**

**We've gathered from the best.**

This year's wheat crop is big—but *weak*. The big bulk of it doesn't contain enough gluten to make bread *rise* properly. Only in a few favored spots is the wheat up to standard in strength.

We have to get this good wheat or stop making Valier's Enterprise Flour, because it is the only wheat with sufficient strength to make the quality of flour you have always had in Enterprise.

We are getting it, but the premium we paid in ordinary years to get the best, wasn't enough to get *choice* wheat this year. We have to pay an *extra premium*; but we pay it gladly, because we know that you would rather pay a little more for

and be sure of having the kind of light, wholesome bread you have always had.

There is no *economy* in saving money on flour and *wasting* it on heavy, soggy bread. Valier's Enterprise Flour will bake *better* bread and *more* loaves to the sack. It is much *cheaper* in the end.

This year, of *all* years, it is important to select your flour carefully. Get Valier's Enterprise and be *sure* of your baking.
