The queen confessed that she had been rather bewildered by the great expanse of America, but explained that she looked up on the map each day the places she visited.

Her Majesty wore a gown of yellow charmeuse silk cut in long and flowing lines, and admitted it was of her own designing.

"What does your Majesty think of the trend of modern fashions for women?" she was asked.

"They change so often I can't keep track of them," was the laughing reply. "What are they?"

Short skirts came first to mind. "I do not wear them," she responded with a shrug of her shoulders. "I am always behind the procession."

CALLUS? "GETS-IT" WILL PEEL IT OFF!

Nothing on Earth Like Simple "Gets-It" for Corns or Calluses.

A callus, or thickened skin on the sole of the foot, which often makes walking a misery is of the same nature as a corn. "Gets-It" removes it as easily as it does the toughest corns.

By using a few drops of "Gets-It" on the callus, you will be able to peel it off with your fingers, in one complete piece just as you would a banana peel. It leaves the skin free and smooth as though you never had a callus. You need no more fancy plaster, sticky tape, "package" bandages, knives or scissors for corns or calluses. "Gets-It" is the national corn remover, the biggest on earth, used by millions. It never fails. You'll work, play and dance at ease in spite of corns.

"Gets-It" the only sure, guaranteed, money-back corn-remover, costs but a trifle at any drug store. Mfgd by E. Lawrence & Co., Chicago, Ill.

Sold in Richmond and recommended as the world's best corn remedy by A. G. Luken & Co., Clem Thistlethwaite, and Conkey Drug Co.—Adv.

Dr. Teusler appealed for aid, saying the Red Cross stores were running very low and that the people had practically no resources with which to meet their needs.

The mortality from disease and from insufficient hospital care will be enormous, Dr. Teusler said, unless America sends drugs, supplies and disinfecting apparatus.
