

COMPSON MAKES PLEA FOR A NEW TRIAL

EATON, O., Dec. 2.—Argument of a motion for a new trial for Edward Compson, convicted of shooting with intent to kill, was heard Monday by Judge A. C. Risinger in common pleas court. Decision was reserved. Attorney H. G. King argued in behalf of the prisoner, while Prosecutor Phil Saylor opposed the motion. The court wishes to visit the premises where the alleged shooting took place before he finally disposes of the case. The charge upon which Compson was convicted subjects him to a term of from one to twenty years in the penitentiary. James Beasley, for whom Compson worked, was Compson's alleged intended victim.

Eighty Gains

With an additional 8 new members, an Eaton branch of a county farmers' equity union that is in process of formation has the required number of members for organization of the local branch, according to W. J. Ashworth, who has been placed in charge of the undertaking. He says no organization is assured. This, he says, will take place in a meeting to be held here next Saturday evening at 7 o'clock at the courthouse.

In a meeting last Saturday night at the courthouse it was expected five directors would be chosen, but in the midst of the meeting the lighting system in the building gave down and the meeting adjourned. C. O. Drayton, Greenville, Ill., head of the National Farmers' Equity Union, and Mr. Fisher, of Arcanum, a director of a Darke county equity union branch, addressed the meeting.

Ralph M. Taylor Asks Divorce.
Ralph M. Taylor, being sued in common pleas court by his wife, Eva Taylor, for divorce and alimony. She charges gross neglect of duty. A restraining order issued by the court prevents Taylor disposing of property. They have been married several years.

Suits are Dismissed.
An entry filed in common pleas court in a suit brought by Charles Minderman against Roy Suman, in which recovery of \$595.85 was sought, the amount representing notes, shows the case was compromised and dismissed without record.

A suit brought by Amy Fall Richardson against Sarah Jane Wehrly and Homer Swihart, also was compromised and dismissed without record. The suit had to do with a corn and tobacco crop growing on a farm purchased by the plaintiff from Sarah Wehrly.

The court confirmed sale of property involved in a foreclosure suit brought by Asbury Decker, of Camden, against Ida Newman. The amount involved was \$503.50.

Motion is Argued.
Another hitch at argument of a motion to dissolve a temporary injunction issued in favor of the commissioners of Preble county against the Ohio Electric & Gas company of Middletown, O., was taken Monday in common pleas court, Judge A. C. Risinger presiding, but conclusion was not reached and the matter was continued until Thursday. Arguments on the motion were started a few days ago.

The commissioners sought the injunction to prevent the company from proceeding with building of an electrical transmission line in the southwestern part of the county, upon the ground that the company had no franchise from this county and that the work was obstructing traffic on a highway.

Sues for Alienation.
Trial of the \$20,000 damage suit of Harry Charles, of near Camden, against Curtis E. Kenworthy, a neighbor, is scheduled to start Thursday in common pleas court. Charles alleges his wife's affections were alienated by Kenworthy. Charles recently obtained a divorce from his wife. He named Kenworthy in his bill of complaint.

It is 100 years since the first carpenter's steel squares were manufactured.

IS HAPPY BECAUSE HIS WIFE'S HEALTH IS SO IMPROVED

Was Always Complaining of Dull Headaches, Pains in Her Back Over Her Kidneys, Gas in Her Stomach; Constipation.

Declares Dreco Has Put a Stop to All These Ailments.

"I can't praise Dreco highly enough for the good it did my wife," are the words of Mr. Henry Bates, 2007 E. Eighth street, Muncie, Ind.

"She was always complaining of backache, pains over her kidneys and weakness of the back. After each meal her stomach would fill up with gas and often gripping pains would strike her in the stomach. A lump would rise in her throat that made her feel like she was choking. Her bowels were badly constipated and she had to take medicine for this trouble every night; if she didn't she would suffer the next day; splitting headaches sometimes put her in bed."

"The first bottle of Dreco worked a big change in her; her bowels became regular; pains left her back; she hasn't had a headache in some time now and her nerves are quieted so that she sleeps all night now. Her stomach is greatly improved and nothing seems to upset it as before. The gas does not form and she doesn't have that choking either. I sure am happy over her improved condition and we both think Dreco is fine."

Stomach trouble is the direct cause of more derangements of the nervous system and general functions than any other ailment. No other remedy has been declared such a success as Dreco, which is a combination of Nature's own remedies for the blood, stomach, liver and kidneys, as is being proven by the many testimonials being daily given by well known cities being daily given by well known cities.

Mr. Bates, the well known Dreco expert, has headquarters at Thistlethwaite's Drug Stores, to meet the local public and explain the merits of this great remedy. See him today.—Adv.

Do You Believe World's End Near? Some Seem To

Do you think the world's coming to an end Dec. 17?

One girl in a Richmond store, asked the manager Monday if she could be off on that date, as she wanted to be at home when the catastrophe happened, and other Richmond persons have been heard discussing the prospect seriously.

The sensational reports have arisen from wild articles on the fact that the planets except the earth, will be in line, exerting a pull of gravitation on the sun, which is expected by astronomers to cause disturbances on the sun's surface. These disturbances, said the sensationalists would cause the sun to be pulled apart, and the resulting onrush of flames would swallow the earth.

Astronomers only smile gently, however. "This position of the planets is always occurring, though not quite so pronouncedly as this time," they say, "and we're still here, aren't we?"

Chester, Ind.

The Rev. L. F. Ulmer filled his regular appointment here Sunday morning. The regular service will be held next Sunday night. Sunday school at 10:00 a. m. Come. CONGRATULATIONS!

DAYTON, O., Dec. 1.—Numerous messages of congratulations began to pour into "Trail's End," the magnificent country home of Governor and Mrs. James M. Cox, this morning, when it became known that a daughter had come to grace their household. This is the second child that has been born to Governor and Mrs. Cox, the first, a daughter, having died shortly after birth.

If you want to play a winner, sure thing—
I put your money on Chesterfield.

In less than three years, more than three million smokers have become Chesterfield fans.

And no wonder! Never were finer tobaccos used in any cigarette. The silkiest leaves of aromatic Turkish and the choicest of ripe, sweet Domestic stock are put together by an exclusive blending method that brings out a new deliciousness of flavor.

"Satisfy"? Right down to your toes! Chesterfields have put added enjoyment into every puff—enjoyment that you don't get and can't get in any other cigarette because the Chesterfield blend can't be copied.

Liggett & Myers Tobacco Co.
