

FARM INSTITUTES AT HOLANSBURG AND WEST ALEX.

By W. R. SANBORN

The officers of the farm institute at Hollansburg presented one of the best programs in their history, at the Christian church this week. The sessions opened on Tuesday morning by the singing of "America" by the audience, and an invocation by the Rev. Ira Clark, followed by a musical offering by Miss Irma Wolfal.

The farm tractor was the subject of the first speech, Mrs. Shellabarger, and Mrs. Bertha M. Edmunds followed with an address on "Business Methods in Housekeeping." The School Quartette and Miss Mildred Moore took part in the musical program of the morning.

The school chorus opened the afternoon session acceptably, after which Mr. Shellabarger discussed harvesting the corn crop. Mrs. Edmunds talked of social life for women on the farm, and Miss Olga A. Jones interested the gathering on "The Ups and Downs of Life." The Ladies' Quartette took part in the afternoon session. The Tuesday evening session was largely a musical offering in which the school orchestra participated, and was also interspersed with readings.

Wednesday Program.
The Wednesday program at Hollansburg included a discussion of the "Farmer's Poultry Flock," and a lecture on "Good Literature in Farm Homes." Miss Norma Chenoweth favored the audience with a piano solo at the close. Professor Marion W. Richardson took part in the afternoon session, the Ladies' Quartette sang, and Mrs. Edmunds gave a humorous reading.

The election of officers and reports of committees concludes the business of the institute, as a part of Wednesday's program. The Ladies' Aid of the Christian church served lunch in one of the basement classrooms, on both days of the session.

At West Alexandria.
The farm institute opened at West Alexandria on Wednesday morning, for a five session meeting, including three on Thursday. The attendance is a record for opening day and the program promises to be of exceptional interest throughout.

W. D. Zinn, of Phillips, West Virginia; C. W. Montgomery of the Ohio Experiment Station, at Wooster, and Mrs. Florence H. Willison, of Ohio College of Agriculture, are among those present who have messages to deliver.

Good Health for You Dr. Carter's K. & B. Tea

Costs but Little and You Can Make a
Whole Lot from One Package

More people are drinking Dr. Carter's K. & B. Tea than ever before, because they have found out that for liver, stomach and bowels and to purify the blood there is nothing surer, safer or better. The little tots just love it.

The National Americanism Commission of the American Legion, one of the purposes of which is "to combat all anti-American tendencies, activities and propaganda," yesterday adopted the following resolution with respect to the recent action of the New York State Assembly in suspending five Socialist members:

"Since the American Legion stands for the maintenance of American institutions of government, we look with disfavor on every effort to overthrow the right of representation or to deny to the properly-elected representatives of the people the right to sit in the bodies to which they have been elected, except when they have been shown legally disqualified."

In a statement regarding the commission's action, Franklin D'Olier, national commander of the legion, said yesterday:

"The fundamental principle of the American Legion's program of Americanism is simply this: Fair play for all who play fair. Just as its efforts to maintain law and order the American Legion must itself set an example of lawful and orderly procedure, so in its work for 100 per cent Americanism, the National Americanism Commission realizes that the legion must stand for the American way of doing things in the American spirit of fair play."

"The American Legion does not and should not stand in the way of change but it does and should insist that whatever change is advocated shall be in a lawful and orderly manner and shall be brought about only as provided under our American institutions by means of which all progress in this country has always been achieved."

"I believe the American Legion in its advocacy of this fundamental of Americanism—fair play for all who play fair—the doing of things in the American way will contribute to real progress and that if this principle is lived up to, the only agitator that America need ever fear—injustice—will be entirely eliminated."

Citizens May Wear Roses Jan. 25, to Honor Nurses

Richmond florists are in receipt of the following:

A proclamation issued by Governor Harding, of Iowa, has set aside Sunday Jan. 25, as a day of tribute in that state to the American women who served, or are serving in the army nurses' corps. He has asked that the citizens of his state wear a rose in their honor on that day.

The Fort Sheridan Recall, published by the wounded men at Fort Sheridan, realizing the sentiments of the thousands of wounded, who have been under the devoted care of these women, endorses the movement to make this tribute nation-wide and earnestly requests your co-operation to that end.

A Voice From Sioux City, Iowa, says

PE-RU-NA Worth Its Weight In Gold

You cannot mistake the words of Mr. W. W. Northrup, of 908 Fourth Street, Sioux City, Iowa. He is enthusiastic about his health and the merits of PE-RU-NA and wants everyone to know it. Here is a recent letter from him:—

"PE-RU-NA is worth its weight in gold and then some. I used to think it only a woman's remedy but have changed my mind. I had a cough, especially in the morning. After taking half a bottle of PE-RU-NA was much better. I would cough up chunks of phlegm and mucus, my eyes itched and bothered me. Judging from the symptoms given in your literature it was catarrh. My stomach is in much better condition since using your medicine."

"Use this testimonial, if you wish. Don't hesitate to advertise the merits of PE-RU-NA."
(Signed) W. W. NORTHROP.

There are thousands just like Mr. Northrup, skeptical at first but convinced by a trial of PE-RU-NA. DON'T BE AN UNBELIEVER.

If your trouble is of a catarrhal nature, try PE-RU-NA, then tell your friends. It is fine after an attack of grip or Spanish Flu.

Sold Everywhere Tablets or Liquid
FOR CATARRH AND CATARRHAL CONDITIONS

Thousands of these nurses are still serving the wounded in our army hospitals and full well do the wounded men know the hardships and sacrifices the American army nurses endure. A large number gave their lives and as yet little credit has been given this unselfish, patriotic group of American women. They have been justly called the roses of no man's land.

Man Killed in Wrecks; Body Robbed of \$20,000

(By Associated Press)

PITTSBURGH, Jan. 21.—Joseph I. Llor, who was killed in the wreck of the Pittsburgh and Chicago express near New Waterford, O., yesterday, was robbed of \$20,000, according to reports which reached here today from J. M. Van Fossen, coroner of Columbiana county, who is investigating the wreck.

Llor, according to information received here, was an immigrant from Siberia on his way to join his son, in Fort Wayne, Ind.

KEEP URIC ACID OUT OF JOINTS

Tells Rheumatism Sufferers to Eat
Less Meat and Take
Salts.

Rheumatism is easier to avoid than to cure, states a well-known authority. We are advised to dress warmly; keep the feet dry; avoid exposure; eat less meat, but drink plenty of good water.

Rheumatism is a direct result of eating too much meat and other rich foods that produce uric acid which is absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine; the pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly cold weather the skin pores are closed thus forcing the kidneys to do double work, they become weak and sluggish and fail to eliminate the uric acid which keeps accumulating and circulating through the system, eventually settling in the joints and muscles and causing stiffness, soreness and pain called rheumatism.

At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities.

Jad Salts is inexpensive, harmless, and is made from the acid of grapes and lemon juice, combined with lithia and is used with excellent results by thousands of folks who are subject to rheumatism. Here you have a pleasant, effervescent lithia-water drink which helps overcome uric acid and is beneficial to your kidneys as well. —Adv.

Kondon's has been doing good for 29 years by benefiting suffering humanity. 30c and 60c tubes, at Thistlethwaite's.

SPIRO POWDER

EVERY LADY KNOWS that Spiro Powder will instantly remove that odor from perspiration on body and clothing; will also relieve chafing, prickly heat, and sore burning feet. And it is more ladylike to use Spiro Powder than try to overlook the facts.

Price per box 25c

Leonard Ear Oil

Ninety Percent of the cases of Deafness and Head Noises are Catarrhal, due to Catarrh in the Eustachian Tubes and Air Passages which connect the ears and nose. In all such cases these Tubes become stopped up with Catarrhal mucus, and the Air Passages of the Head clogged, thus preventing the air from entering and circulating as nature intended, and the result is Deafness and a great variety of dreadful Head Noises. Catarrh causes Thickened, Sunken and Hardened Drums. Also, if the Natural Drum is perforated or completely destroyed the cold air enters through the perforation and a Catarrhal condition quickly arises. Therefore, before there can be any improvement in Hearing or Relief from the Head Noises it is absolutely necessary that the diseased condition in the Eustachian Tubes and Air Passages be relieved. By "Rubbing it in" and massaging Leonard Ear Oil as directed.

THERE'S ONLY ONE WAY to secure a satin skin:

"Apply Satin skin cream,
then Satin skin powder."
