

ELABORATE LIST OF TAXABLES TO JOLT CITY HOUSEHOLDERS

Householders of Richmond and Wayne county who have been listing at the household goods or farm implements, in a lump sum are due for a jolt when the 1920 assessing period starts.

In the new sample return forms that have been mailed to all assessing officers in the county by the state board of tax commissioners, there appears for the first time an itemized schedule of 39 household articles and another list of farm implements. In making the return the household or farmer will be required to set out the value of each piece of furniture or implement.

The list goes into detail. In the household goods list appears such items as "handbags and satchels, stoves, rugs, rocking and other chairs, chinaware and cutlery" and the like. The farm implement list includes all sorts of material and tools that might be used on the farm.

The list includes such items as "sugar making outfit, incubators and brooders, lard presses, hog oil rubbers, lawnmowers," as well as the larger and more expensive farm tools of the names and addresses of all persons to whom the persons making the return is indebted together with the amount of the debt. The heading of this table reads: "The following is a list of the names and addresses of those I owe for which deduction was made on page— all bona fide."

Explanation of these new forms will be made by the tax board at the nineteenth annual conference of county assessors and the state board of tax commissioners which will be held in the State.

David Reid, Wayne township assessor, and acting county assessor in the absence of William Mathews, county assessor, who is in Florida, will probably attend the meeting and take Mr. Mathews' place on the stocks and bond committee.

Motto—For Christ and The Church.

Topic for Sunday, February 1: What Does Our Pledge Require? Deut. 13:4; John 14:21-26. (Christian Endeavor Day. Consecration Meeting.)

Some Bible Hints. Follow, fear, obey, serve, cleave—there you have the program of the pledge in a single verse (v. 4).

Love must be behind all our striving for Christ. If we love him, to keep the pledge will be easy. (v. 21).

To do what Christ would like to have us do calls for humble study of His will in the Scriptures, and for much prayer. (v. 24).

The mission of the Holy Spirit is to teach us the will of Christ; His aid meets our striving. (v. 26).

Suggestive Thoughts. The pledge requires thoughtful attention; it is a solemn covenant with God.

The pledge requires nothing which is not the duty of every Christian to do exactly as if it were no pledge. The pledge makes definite our common duties.

The pledge is a standard by which we may test our interest in divine things and our progress in the divine life. It is our conscience made visible in writing, accusing or praising. There is a challenge in the pledge: it is a call to show Christ fully, without reservation, to be "out and out" for Him.

A Few Illustrations. An army without discipline, without obedience, is not an army but a mob. The pledge is our soldierly oath to obey our commander, Jesus.

The pledge requires denominational loyalty; but it does not exclude inter-denominational fellowship. Loyalty to

REFUSAL OF ILL TO YIELD MEANS HOPELESS CASE

Fort Wayne Woman Claims Trutona Gives New Strength and Energy.

FORT WAYNE, Ind., Jan. 30.—"If Trutona won't help you then your case is hopeless," is the remarkable faith Mrs. M. Sarzon who lives on rural route No. 14, Fort Wayne, has in the perfect Tonic, as expressed in a statement made recently by her.

"I think my troubles started from constipation," Mrs. Sarzon said. "The failure of my bowels to act regularly caused me to suffer from biliousness. Then, too, I was bothered so much with gas formation in my stomach after eating. I'd no more than finish eating than I'd begin to swell up with gas and for a while I would be pretty sick. Then after a certain amount of disagreeable belching I felt better until I ate again, when I'd have to go through the same experience all over. I'm getting along in years and aside from my other troubles I know that I needed something to build up my system."

"Well, my husband bought me a bottle of Trutona at the People's Drug Store and I began using it according to directions. Trutona started its work by regulating my bowels perfectly and then it wasn't long before the miserable gas formation ceased to occur. Today I have a good appetite, have a good natural taste in my mouth and have come up out of the former tired, draggy feeling I used to experience. In fact I'm feeling better in every way now. Trutona is a preparation that should be in everybody's medicine cabinet all the time. If you want a medicine that will go through your whole system and cleanse out all the filth, and give you new energy and strength, take Trutona."

Trutona is now being introduced and explained in Richmond at Clem Thistlethwaite's Drug Store.—Adv.

The hungry mouth of a tree is planted in the earth which by some mysterious chemistry feeds and satisfies it. The pledge plants the soul in the Bible that through spiritual chemistry the soul may be fed.

Do people recognize Christ in you?

That is the severest test of a person's life, and it is the test the pledge sets up.

To Think About.

What point in the pledge do you find hardest?

What helps you most to keep the pledge?

What is the value of a standard like the pledge?

A Cluster of Quotations.

The pledge requires daily Bible-reading and prayer. This covenant keeps spiritually-minded young people—B. B. Taylor.

Hateful to me as are the gates of hell

Is he who, holding one thing in his heart,

Utters another.—Homer.

Behind the pledge there should be a right motive and that should be to please the Lord Jesus. Without such a motive we shall fail.—Anon.

It has been thought that the pledge demands a speech in every prayer meeting from every immature convert, to at least a well-rounded prayer. The society never contemplated anything of the sort. It is expected that each member will confess his Lord in some appropriate way like the repetition of some verse of Scripture or a hymn, a sentence prayer, or a simple testimony.—Dr. Francis E. Clark.

GLASS OF SALTS CLEANS KIDNEYS

If Your Back Hurts, or Bladder Bothers You, Drink Lots of Water.

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salt which removes the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoon in a glass of water before breakfast each morning for a few days and your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate clogged kidneys; also to neutralize the acids in urine so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep their kidneys clean and active. Try this, also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache.—Adv.

How Are Mighty Fallen! Mahogany Bar Now Used For Furniture Veneer

Most bars in former saloons are composed of valuable wood that brings a good price when dismantled. One Richmond saloon went out of business business over a year ago, and its solid mahogany bar was sold to a furniture factory. Here it was split into thin strips and is probably part of the mahogany furniture of an ardent advocate of prohibition. Nearly all fixtures in saloons can be of use. The large wall cases which were used to contain bottles of liquor, could be used as book cases in private homes. The brass footstools command a good price from a junk dealer. The mirrors and buffets in saloons are often used in private homes.

No substitute has ever been found for ambergris as a base for the manufacture of perfumery.

Mex. Silver Production Decreased, Says Report

WASHINGTON, Jan. 30.—Silver production in Mexico from January to September 1919 amounted to 46,948,622 ounces, compared with 62,225,344 ounces for the year 1918 according to a report today from Mexico City to the department of commerce.

"No official statistics for the entire year 1919 will be available until April," the report said, "but a local exporter of gold and silver who is closely in touch with the situation estimates that the silver production

for 1919 amounted to 75,000,000 ounces of which 33,000,000 ounces were refined in Mexico. Of the latter amount three million were retained in Mexico for coinage purposes and the remainder exported, practically all to the United States.

Welcome Relief from Tortures of Rheumatism

CAN COME ONLY FROM THE PROPER TREATMENT.

Many forms of rheumatism are caused by millions of tiny germs that infect the blood, and until the blood is absolutely freed of these germs, there is no real relief in sight.

And because so many people treat the pain, and not the disease itself, is one reason why rheumatism in many cases is a permanent disease, increasing in severity year by year. The most satisfactory remedy for rheumatism is S. S. S., because it is

one of the most thorough blood purifiers known to the medical science. This fine old remedy cleanses the blood of impurities. Being purely vegetable, without a particle of mineral or chemical in its composition, it works by eliminating and forcing out of the blood impurities, acting as a tonic to the entire system at the same time.

S. S. S. is sold by druggists everywhere, and any of them will tell you that it is a thoroughly honest and reliable old remedy. Write our medical department for valuable literature and free advice. Address Chief Medical Adviser, 303 Swift Laboratory, Atlanta, Ga.—Adv.
