

## KEEP OFF ROADS WITH HEAVY LOADS, APPEAL OF JONES

People and firms using the county roads to an extent should not overload trucks while the roads are muddy and soft, County Road Commissioner W. O. Jones said Tuesday.

The snow and ice that has been on the roads for the last six weeks has caused them to become unusually muddy and soft and heavy trucks traveling the highways while they are in this condition, will make the roads almost impassible, continued Jones.

"There are several hundred miles of gravel roads in Wayne county and the cost for the maintenance of these roads amounts to a considerable sum each year," continued the commissioner, "as he pointed out the fact that less heavy hauling would lessen the cost in keeping up the roads."

The state laws protect the roads, placing certain amount of tonnage on wagons and trucks, and prohibiting overloading of vehicles. It has been pointed out that many people driving large touring cars with tires six or seven inches in width should not be allowed on the soft roads at this time of year.

It is the wish of county officials to refrain from and working hardship on anyone. They ask the people of the county to use good judgment and keep from using the roads in their present condition, unless necessity compels them, and then make the load as light as possible.

### Circuit Court News

The suit of the town of Centerville against the T. H. L. & E. traction company in which the paving of the main street upon which tracks of the traction company are laid, was continued until March 16.

The town seeks to mandate the traction company to readjust their tracks so that the town may concrete the remaining portion of the street outside the rails of the tracks. It is impossible to do the concrete work thoroughly with the tracks in their present condition, according to the complaint.

The case of Oliver W. Storer against Nicholas Smith, suit on promissory note and foreclosure of chattel mortgage, remand, \$100, was dismissed and costs paid.

The ceremony pictured above gave the United States government a new secretary of the treasury, David F. Houston of Missouri. Mr. Houston was formerly secretary of agriculture. Carter Glass resigned from the treasury department following his appointment as U. S. senator from Virginia.

### YOUR OWN FURNACE CAUSES SMOKE HORROR, SAYS MANNING

(By Associated Press)  
WASHINGTON, Feb. 10.—The smoke nuisance in the larger cities was laid at the door of the household today by Dr. Van H. Manning, director of the Bureau of Mines, who declared that the smoke can be banished only by the use of coke and gas for heating and cooking.

Smokeless fuel is not necessary for factories, he said, as it has been demonstrated that in boiler and heating plants coal can be burned smokelessly. Each year, he added, smoke causes property damage estimated at from \$12 to \$20 for each city dweller in the United States.

### SENATOR ASKS REMOVAL OF PRINT PAPER TARIFFS

WASHINGTON, Feb. 10.—Removal of tariffs on print paper costing less than 8 cents a pound was proposed to the Senate finance committee today by Senator Curtis, Republican, of Kansas.

## MAYOR PROCLAIMS FATHER-SON WEEK

The following is a proclamation issued by Mayor W. W. Zimmerman in regards as to the Father and Son week to be observed by the Richmond Y. M. C. A., commencing Feb. 15 and closing Feb. 22:

"To the People of Richmond: "Because it has an important bearing on civic welfare in Richmond, as well as on individual welfare in countless cases, I feel it my duty to call attention to the well-conceived plan for a Father and Son Week."

"The purpose is admirable. Anything that tends to bring Father and Son closer together in friendly spirit can not but be beneficial to themselves and to the community."

"I believe that fathers can do more than any others to stem the great and alarming tide of 'dropping out' of school, which carries many boys out into the world unfit for progress and prosperity or public service."

"Many boys grow to manhood virtually ignorant of even the simplest processes of government. These every father can explain to his son. The son, in every case, should become better than his father, for that marks progress."

"The 'Week' that is coming will suggest many ways in which fathers may gain more completely the confidence of their sons, with all that means of effective guidance and unresented control."

"I, therefore, call upon the fathers of this city and request their co-operation in this important movement by attending with their sons at least one of the meetings to be held during the 'Father and Son Week.' I hope that the men who have no sons will befriend the boys who have no fathers."

"W. W. ZIMMERMAN, Mayor." The Masons of the city are preparing to turn out in a body at the "Dads and Lads" mass meeting in the Grace Methodist church Sunday afternoon, to hear the address on "Father, Son and Company," by Judge Charles J. Orbison, of Indianapolis. Sunday night the Masons will give a dinner party to Judge Orbison, as he is State Grand Master of the Masonic Lodge.

Preparations for the Father and Son banquet on February 19, and at which the Rev. William J. Saver of Muncie, will talk on "The One Hundred Percent," are continuing at a rapid pace. Only 400 persons can be accommodated at this banquet and almost a hundred tickets have already been sold. This indicates a record attendance.

If money keeps on depreciating, we'll have to indorse a dollar bill before anybody will accept it.

## When you feel so "blue" that even the sky looks yellow, you need BEECHAM'S PILLS

A sluggish liver and poorly acting kidneys fail to destroy food poisons, which affect the mind as well as the body.

## SUSAN B. ANTHONY NEAR VINDICATION ON ANNIVERSARY

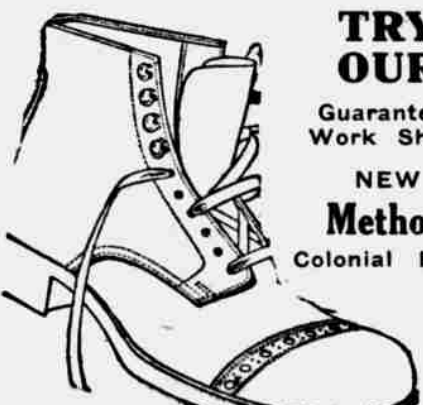

Photo of a bas relief of Susan B. Anthony.

Suffragists have hopes that the prophesy made by Susan B. Anthony years ago that "American women will have suffrage in 1920" will come true. Ratification by seven more states will accomplish this. Suffragists are planning to observe the centennial of her birth, which occurs February 15.

The Czechs have decided for a standing army of 200,000 to keep the peace and attend to any little matter the league might overlook.

### Diphtheria

A sore-throat is a good breeding place for Diphtheria germs. Protect your children by never neglecting a Sore Throat. You can wisely depend upon TONSILINE. Give Tonsiline upon the first appearance of Sore Throat—don't give Diphtheria a chance in that throat in its weakened condition. When TONSILINE is swallowed it comes directly in contact with the diseased surface and induces a healthy condition of the membranes—then the system can better defend the throat if attacked by Diphtheria germs. Keep TONSILINE in the house where you can get it quick when needed. 35c., 60c. and \$1.00.

### HEAR BIDS FOR FUEL

(By Associated Press)

WASHINGTON, Feb. 10.—Bids for furnishing a year's supply of oil for shipping board vessels are being considered today by the supply department of the board. Only a small number of bids were received for supplying from 18,000,000 to 28,000,000 barrels, a large percentage of which must be imported from Mexico.

### MRS. LEE TO TEACH.

Mrs. Lee, recently of Palmer, Ga., but a Hoosier, has been secured to fill the vacancy in grade 4 at Valle School, it was announced Tuesday. Mrs. Gus Hafner has been substituting in this position for several months.
