

Heart and Beauty Problems

By Mrs. Elizabeth Thompson

Dear Mrs. Thompson: I am a girl 18 years of age, but I am usually taken to be older. I am good-looking except for my lips. I am not quite six feet tall. I work in an office and dress neatly in heavy clothes.

I like to dance, but never have a fellow to take me, and so my mother or girl friends goes. Even then I miss several dances, and worst of all, no one ever asks me to go to supper with him or takes me home, and so my mother waits and we walk home together.

Please tell me why this is and how I can gain some boy's friendship?

SOBER FACED GIRL

Without seeing you it is impossible to say why young men do not like you. I would advise you to have some girl friend tell you what she thinks is the reason. Ask her to be frank and say that you really want to know and will appreciate her kindness if she tells you.

Love is always baffling. It goes where it will and can not be forced. Beauty alone does not attract love, because many very plain women are loved and many beautiful women love less.

Study your friends and try to find out what they consider interesting. If you talk about the things they like and draw them out they will like you. You have called yourself "sober faced" and so it is needless to caution you against giggling.

Dear Mrs. Thompson: What would

NEW HEARING IS PROBABLE IN SUIT 'IN PREBLE COUNTY'

EATON, O., Feb. 10.—Unless conditions imposed by the court are agreed to, a new trial will be granted in the damage suit of Ira Duvall against Dr. Elmer A. Curry, of Cincinnati, according to a decision handed down Monday by Judge A. C. Risinger. The chief condition imposed by the court is that a judgment for \$1,261.21 awarded the plaintiff by a jury be reduced to \$300. If settlement at this figure is not reached new trial will be granted.

The suit grew out of an automobile collision here about two years ago, in which Duvall was injured. He claimed the accident was due to Dr. Curry's careless and negligent driving. Duvall sued for a little more than \$3,000 and a jury awarded him \$1,261.21. Dr. Curry sought a new trial.

Alleging the company advanced him \$225, the France Stone company, Lewisburg, is suing Joe Fisher in common pleas court to recover the amount. While in the employ of the company, Fisher became ill and unable to work and the company claims it advanced him \$200 in August, 1916, and \$25 in February, 1917.

When he phones or calls, let your mother or father talk to him. If they say you do not care to go, he will be more likely to understand.

She Married an Average Man

BY ZOE BECKLEY

This little backwater of the world—Hammonds Corners—reminds me of one of those polished globes which, set in a garden, reflect the whole landscape in miniature.

In its one street, with its twenty or thirty houses, all the problems of the world seem to exist. I thought tiny villages were as barren of thrills as pan of dishwater. But today the village gossip rallied upon me and lo! my views are changed.

"I thought I'd run around and cheer you up a bit," she said, opening a bag of sewing. (Her name is Pardoe, Mrs. Thomas Quincy Pardoe, born Agatha Green.) "It's so lonely for a stranger coming to the Corners. Though goodness knows there's plenty doin' up here once you get under the surface a ways."

"Introduce me to the different house-holders," Mrs. Pardoe, I said. "Who lives in that big white house at the end of the street?"

"Oh, that's the old Hammond place—the folks the town was named after. Elias Hammond's wife, Ellen, was a trial. Mis' Salsbury, if ever woman was. I ain't very strong for men myself, for mighty few of 'em any good, but certainly Ellen Hammond was enough punishment for the worst man going."

"Ellen used to cut up broom straws and put them between Elias's sheets nights. And iron red pepper into his flannel underwear. She never cooked on Sundays, saying 'twas sin. But I say it was a sin of sin to serve the mabels she put on the table."

"Well, anyhow, Elias sorted mazel off with a school teacher from Bancroft, about ten miles from here, and when he died he left his property to her. I don't blame him none. But then I'm broadminded. I don't know which come first, his caravanning or Ellen's persecutions. But I say this: You can go too far in holding a man down. I don't believe in red pepper and broom straws, philanderin' or no philanderin'."

"Who lives in the Hammond house now?" I asked, really interested.

"Oh, the old woman and a pokey daughter that don't know she's a human being, she's that brown-beat. The daughter, Liza, was engaged to a right smart young man twenty-five years ago, but when the old man meandered off and left his property to the school teacher Liza and the old woman decided they were eternally disgraced. Just as if it wasn't their own fault!"

"So Liza, she broke off with the young man and swore a oath that she would never go out in the village street again in the daytime. And she didn't. Liza ain't been seen outside the grounds for near a quarter of a century."

"I call it fool doings myself. She'd ought to be thankful to the Lord that any young man was willing to marry her, with such a mother into the bargain. Nobody has a right, I say, to mess up the happiness of a third party. If they enjoy being miserable themselves, let 'em be it. But to ruin that young man's life—"

"Maybe the young man realizes he made lucky escape," I suggested. "Marriage under such circumstances

This Tells You How to Get Benefit of the Best Senna

Finest Grade of Egyptian Senna Leaves used in compounding Dr. Caldwell's Syrup Pepsin.

PROMINENT importers and wholesale dealers in crude drugs and medicinal herbs gathered from all parts of the world do not hesitate to say that the market for the better grades of medicinal herbs, roots, oils, etc., is practically confined to the leading manufacturers of the so-called package medicines, who buy only the best, and that the manufacturers of Dr. Caldwell's Syrup Pepsin are the largest users of the best grade of Egyptian senna leaves in the world.

The potency of a tea brewed from senna leaves to relieve constipation has long been recognized, not only by the medical profession, but by the public generally; in fact, senna has been known and used in medicine for more than five centuries. The cheaper grades of senna, such as are usually sold at retail, have, however, a tendency to gripe and cramp

which makes their use unpopular with most people.

In Dr. Caldwell's Syrup Pepsin combined with pepsin and other valuable agents, essential oils and pure cane sugar syrup to make an exceptionally valuable tonic-laxative for the relief of constipation and resulting disturbances of the stomach and bowels. The complete formula is plainly printed in English, French, and Spanish on every package. Thousands who formerly bought an inferior grade of senna leaves now use Dr. Caldwell's Syrup Pepsin instead. It is sold in drug stores everywhere.

In spite of the fact that Dr. Caldwell's Syrup Pepsin is the largest selling liquid laxative in the world, there being over 6 million bottles sold each year, many who need its benefits have not yet used it. If you have not, send your name and address for a trial bottle to Dr. W. B. Caldwell, 511 Washington St., Monticello, Illinois.

Just think! Not one bit of pain before applying freezene or afterwards. It doesn't even irritate the surrounding skin.

Hard corns, soft corns, or corns between the toes, also hardened calluses on bottom of feet, shrivel up and fall off without hurting a particle. It is almost magical.

Ladies! Keep a tiny bottle on the dresser and never let a corn or callus ache twice.—Advertisement.

DROPS OF MAGIC! LIFT OUT CORNS

Sore, touchy corns stop hurting, then lift right out with fingers

For a few cents you can get a small bottle of the magic drug freezene, recently discovered by a Cincinnati man.

Just ask at any drug store for a small bottle of freezene. Apply a few drops upon a tender, aching corn or callus and instantly all soreness disappears and shortly you will find the corn or callus so loose that you can lift it off with the fingers.

Just think! Not one bit of pain before applying freezene or afterwards. It doesn't even irritate the surrounding skin.

Nitti Cabinet Members Announce Retirement

(By Associated Press)

ROME, Feb. 10.—At least five members of the Nitti cabinet will retire this month following the return of the premier from London, according to the Giornale d'Italia. Members of the government who will surrender their portfolios, the newspaper says, will be Signor Pantano, minister of posts; Lieutenant Albricci, minister of war; Signor Devito, minister of transport; and Francesco Tedesco, minister of finance. It is indicated that perhaps others will also relinquish their posts.

The newspaper says that this crisis in the government will be brought about by the attitude of Premier Nitti toward reaching an understanding with Jugoslavia relative to the Adriatic.

War Department to Take Up Breeding of Cattle

(By Associated Press) WASHINGTON, Feb. 10.—The war department, generally associated in the public mind with guns, munitions and the implements of warfare, is going to take up cattle breeding.

Through its bureau of insular affairs the department has purchased in Texas 100 Hereford bulls and 20 Hereford heifers for breeding into the stock of Philippine zebu cows. The Herefords will be forwarded soon to the Philippines aboard an army transport for use in the island of Mindanao.

The insular affairs bureau considers the livestock industry not only as practicable in the Philippines but quite promising, about 48,000 square miles of the archipelago being grass lands.
