

## AMERICAN LEAGUE FIGHT ENDS WITH JOHNSON VICTORY

CHICAGO, Feb. 11.—Factional strife in the American League vanished early today when after an all night session concessions put forward by B. Ban Johnson and his five "loyal" adherents and the insurgents, president, Comiskey of the Chicago club, Frazee of Boston and Ruppert of New York were accepted. President Johnson found his authority as league executive altered so far as major disciplinary actions were concerned, an arbitration board—reviewing committee of two members being appointed to investigate all punishments ordered in excess of ten day suspensions and \$100 fines, while on the other hand, it was agreed to dismiss three suits brought against him by the New York club.

With Johnson's victory over the insurgents it was agreed to dismiss three suits pending against the American league president, instituted by the New York club; to reinstate pitcher Carl Mays of the New York club, whose purchase from the Boston Red Sox last summer started the trouble; to award third place in the American league race to New York and to appoint a commission on arbitration to hold office for two years.

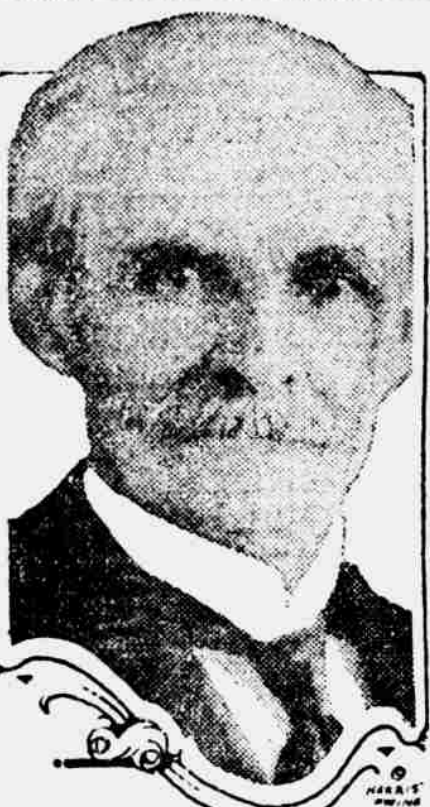

**National is Peaceful.**  
The National league owners at a peaceful session adopted a schedule of 154 games for the 1920 season and accepted the new rules formulated at a meeting of the joint rules committee of the two major leagues.

A meeting of the National Association of Minor leagues drafted legislation to be presented at the joint meeting of major and minor leagues which was expected to be held late today and at which it was hoped an agreement for resumption of relations between the majors and the minors would be reached. Relations were suspended three years ago.

Western league club owners agreed upon a schedule for 1920 but did not formally adopt it. A special meeting will be held in Kansas City, Monday when the schedule will be adopted and other league business, left over from the November meeting, transacted.

The Three-Eye league adopted its schedule late last night and the American Association virtually finished its business yesterday.

## THINKS PERHAPS HE CAN TALK WITH MARS

James Harris Rogers.

James Harris Rogers of Hyattsville, Md., inventor of underground and underseas wireless, has announced in an interview that he will attempt to take messages of wave lengths up to 150,000 meters in the hope of catching a message from Mars. This is 50,000 meters longer than the wave lengths used by the Marconi plant, where it was thought some of Mars signals were faintly heard.

## IS 93 BUT HE WALKS 2 MILES WITHOUT REST

All Cincinnati Interested in Statement of One of Oldest Residents.

All Cincinnati was interested recently in the statement about Volatone given by James Dryer, 92 years old, one of Cincinnati's first residents. Mr. Dryer moved to Cincinnati in 1835 and knew that city as a village of about 2,000.

Although he is now 92 years old, Mr. Dryer can walk two miles to the Public Library and back home again every day without resting and he thanks Volatone for building up his strength.

"Unfortunately I had influenza last winter, and had not been strong since," Mr. Dryer said. "My vitality was naturally low, due to my age, and the influenza further weakened me. I couldn't sleep well and was very nervous at times."

"Volatone has built up my system all over. This medicine has made me feel younger and I can walk two miles to the public library and back without resting."

"I think Volatone is excellent for elderly people and for anybody else who needs more strength."

There is wisdom in the words of a 93-year-old man. Long before most of us were here, James Dryer was studying conditions and accumulating knowledge. You can have faith and confidence in what he says. And he says Volatone is "excellent for anybody needing more strength." Get Volatone—TODAY! and get rid of nagging ailments.

Volatone is being specially introduced in Richmond by the five Quigley drug stores.—Advertisement.

## Get Back Your Grip On Health

Physician Gives Practical Advice on What to Do To Help Build Up Your Strength Power and Endurance—Explains

How Organic Iron—Nuxated Iron—Helps Put Renewed Vim and Energy Into the Veins of the Weak, Nervous and Run-Down—

Thousands of men and women are impairing their constitutions by neglecting their blood and literally losing their grip on health simply because their blood is thinning out and possibly starving through lack of iron.

To possess the power, energy and endurance that will win the blood should be rich in strength-giving iron. For this purpose physicians before explain why they prescribe organic iron.

Nuxated Iron—which by enriching the blood and creating thousands of new red blood cells often quickly transforms the flabby flesh, toneless tissues and pallid cheeks of weak, anemic men and women into a glow of health. It increases the strength of delicate, nervous, run-down folks in two weeks' time in many instances.

In explaining why he regards iron as absolutely essential to the greatest development of physical and mental power, Dr. George H. Baker, formerly physician and Surgeon, Monmouth Memorial Hospital of New Jersey, says: "Refined foods and modern methods of cooking have robbed us of much of the iron which Nature intended we should receive and for supplying this deficiency and increasing the red blood corpuscles I know of nothing more effective than organic iron—Nuxated Iron. The fact that Nuxated

You can tell which people have a firm grip on health—Strong, Vigorous Folks with Plenty of Iron in Their Blood

York, and the Westchester County Hospital, said: "In my opinion the greatest curse to the health and strength of American people of today is the alarming deficiency of iron in their blood. Lack of sufficient iron in the blood has ruined many a man's nerves and utterly robbed him of that virile force and stamina which are so necessary to success and power in every walk of life."

"Therefore I strongly advise those who feel the need of a strength and blood builder to get a physician's prescription for organic iron—Nuxated Iron—or if you don't want to go to this trouble, then purchase only Nuxated Iron in its original packages and see that this particular name (Nuxated Iron) appears on the package."

Numbers of nervous, run-down people who were ailing all the while have most astonishingly increased their strength and endurance simply by taking iron in the proper form. And after they had, in some cases, been doctoring for months without obtaining any benefit.

Manufacturers' Note: Nuxated Iron, recommended above, is not a secret remedy but one which is well known to druggists everywhere. Unlike the older inorganic iron products, it is easily assimilated, does not irritate the stomach, makes the blood, and does not cause the teeth to turn black, as does the older inorganic iron products. The manufacturers guarantee its purity and its effectiveness. It is sold in this city by all good druggists.

##### OUR BOW

By Earl-Dafler and Wm. Spanagel  
In making our bow to the Drug Store purchasing public of this section we realize full well that we must uphold and if possible improve upon the three prime requisites that has made for the success of our predecessor The Conkey Drug Co. for the past twelve years, Viz: Service, Values, Courtesy.

We want to assure you that it shall at all times be our constant aim and endeavor to carry a large assortment to select from of items carried in a first class drug store. It shall likewise be our aim and endeavor to please you in both quality and price. Come in and let's get acquainted.

We are pleased to announce that Dr. Conkey has promised to keep in close touch with us until we become fully organized. WE Thank You.

##### OUR GOOD-BYE

By J. A. Conkey

We respectfully bespeak for our successors, Messrs. Dafler and Spanagel the hearty and loyal patronage and friendship that you have so graciously accorded us. Knowing these Richmond young men as we do we feel quite sure that they will merit your future business in their line.

Both are educated and Full Registered Pharmacists and have been in the drug game in this city all of their business lives. Mr. Spanagel having been with us for some time is thoroughly conversant with the store, its stocks and methods. We wish for them much success.

Speaking for ourselves we are reluctant indeed to say Good-Bye. Good-Bye as we believe it is generally understood is not classed in the Joy Column but rather the opposite. We shall however in the future find much satisfaction in the fact that they may pleasantly remember that delightful little ditty entitled "Of All My Wife's Relations I Like Myself The Best."

Words Acrobatically written by Mr. Jawn Zwissla. Music by Messrs. Lew Hilt and Lee Nussbaum. Direction Ernest Exalted Ruler Calvert. Passed upon by the Richmond Casino Company. Gentlemen be cheated.

##### WE ARE PENSLAR AGENTS

The intelligent purchaser will particularly appreciate the Penslar Remedies for the reason that they are offered to the public in the same manner as prescription remedies are offered to the physician.

The exact formula of all preparations for internal use is printed plainly on the label, and the medicinal claims are not extravagant, but are made in the belief that they are true.

No effort is made to dress these goods in large appearing packages simply as an inducement to make a sale. In quality, the Penslar Remedies are as meritorious and as scientifically prepared as we believe it is possible for any pharmaceutical house to manufacture. Phone 1904.
