

PROSPECTS BRIGHT FOR EARLHAM TRACK; WORK-OUTS SOON

With the end of the winter approaching, interest at Earlham college is turning toward baseball and track. Present prospects are that Earlham will have one of the strongest aggregations in the state and about the best ever turned out at the Quaker institution.

Last year Earlham won third place in the State track meet and practically all the point getters of that meet are still in school and eligible to perform.

In addition Coach Mowe has a promising batch of Freshmen material. Coach Mowe hopes to make his call for candidates by the end of the month and get under way in earnest immediately after the finish of the basketball season on March 4. The first clash scheduled for Earlham is with the University of Cincinnati, at Reid Field, April 24.

Greencastle Next—A dual meet will be held with DePauw at Greencastle, Ind. Earlham Poly will come here for a dual meet on May 8, and Earlham will journey to Franklin on May 15.

Earlham and Wabash are being touted as possible winners of the I. C. A. L. meet at Crawfordsville, on May 22. The dual of the two schools will ever, will be the state meet at Purdue on May 29.

The Earlham track aggregation lack of dashmen and hurdlers. Unless some promising candidates are unearthed amongst the Freshmen class, Earlham will be unable to offer any serious opposition in the 50 and 100 yard dashes. L. Nicholson, however brings a good record to Earlham for the 220 yard and 440, and may develop into a sprinter. Carter, another Freshman, holds the New York state high school record for the 440.

The high jump, broad jump, pole vault, shot put, javelin and discus throws, half mile run and mile run will be well taken care of by Coach Mowe's "thirty clads."

Charles Robinson is one of Mowe's "best bets" in the half mile. Dalton won the state mile race last year. Johnson will take care of the shot put and javelin throw, and Herb Carey won the I. C. A. L. discus throw last season.

Ivey holds the state high school jump record and is, on form, one of the greatest high jumpers in the state. Lawler is touted as a good broad jumper.

KALAMAZOO PLAYS QUAKERS FOOTBALL

Earlham's 1920 football schedule, announced by Coach Mowe Wednesday morning as practically complete, discloses that Earlham's ancient rival, Wabash, is not included.

Kalamazoo State Normal, of Michigan, is a new rival on the Quaker list. The game is scheduled for Reid Field, Nov. 6. Last season the Michigan school trimmed Wabash and several other strong teams.

The Earlham schedule will be opened at Reid Field on Oct. 6, with the following furnishing the opposition. The following week, Oct. 9, Earlham will journey to Wilmington. Oct. 16, the Rose Poly Engineers will play at Reid Field, and on Oct. 23, Earlham will play Butler, at Indianapolis. Oct. 30 has been purposely left open. Kalamazoo will play here on Nov. 6, and the final game of the season will be played against Franklin, at Franklin, on Nov. 20.

BOILERMAKERS WIN—LAFAYETTE, Feb. 11.—Purdue completely outclassed Northwestern in a Conference basketball game here Tuesday night, winning by a score of 53 to 16. The Boiler Maker five, crippled by the loss of Miller, back guard, ran through its opposition in easy style and piled up a large count at will. At no time was the Purple quintet in the running, falling to register a free throw until the middle of the second half.

Bowling Notes

The cellar champion A. S. M. bowling five must have decided to go on the warpath Tuesday night, for just when the dope favored the Kaysee, the Seeders, led by Muhl, Groan and Way, rose up and smote the fourth placers.

A MAN OF RENOWN

Among the notable professional men of this country who achieved great success along strictly legitimate lines was Dr. R. V. Pierce, founder of the Invalids' Hotel and Surgical Institute at Buffalo, N. Y. Devoting his attention to the specialty of women's diseases, he became a recognized authority in that line. His work, "The Common Sense Medical Adviser," is now in over two and a half million homes in this country and Europe. At one time Dr. Pierce represented his home district in Congress.

Just fifty years ago This Winter he gave to the world a Prescription which has never been equalled for the weaknesses of women. Many women in every hamlet, town or city will gladly testify that Dr. Pierce's Favorite Prescription did them a world of good.

Another of this great physician's successful remedies is known as Dr. Pierce's Golden Medical Discovery, and like the "Prescription," is now sold by druggists everywhere, in both liquid and tablets. This is probably the most efficacious discovery ever made in medicine, for the list of men and women all over the universe who have successfully used it for indigestion and as a blood tonic and system builder, makes an amazing total of thousands.

INDIANA COACHES MEET AT PURDUE

Ray Mowe, director of athletics at Earlham college, was unable to attend a get-together meeting of athletic heads of Indiana colleges and universities at Purdue University at Lafayette, Tuesday afternoon, because of recent illness.

The meeting, the first of its kind ever held in the state, was held upon the invitation of N. A. Kellogg, of Purdue, to arrange the date for the state track meet and tentatively to arrange baseball and track schedules between the schools of the state.

The state track meet will be held at Purdue on May 29, and the straight list of conference events will be run, except that the javelin throw will be substituted for the hammer throw. A recommendation for the re-establishment of football in Indiana high schools was passed.

The following representatives were present: Dr. T. P. Moran, Coaches Seaton, Lambert, O'Connor, and Athletic Director Kellogg of Purdue; Coach J. R. Townsend of Wabash, Knute Rockne of Notre Dame, G. E. Keagan and L. R. Brown of Valparaiso, P. E. Bayh of State Normal, Rev. A. S. Schlieder of St. Joseph's college, John Thurber and Prof. Heath of Franklin, J. W. Paul of Butler, R. M. Bonis of the Indianapolis Canoe Club, Max W. Bowen and L. R. Norville of Taylor University. Coach Buss of DePauw and Director Stehm of Indiana were unable to be present.

A. S. M. Has Team in Telegraph Bowling Go

The American Seeding Machine Company will be represented by a bowling team in the International Telegraph Bowling tourney on Saturday night, Feb. 21. The lineup will probably consist of the same five bowlers that compose the Seeder quintet in the City League.

Although the tourney is International, entered teams will be strictly representatives of industrial concerns. Entry required each member of team must have been employed at the concern for a period of time previous to entry. The Natco factory made application for entry but too late.

ELDERADO INDEPENDENTS

TO MEET SHAMROCKS—The Richmond Shamrocks are scheduled for a basketball tilt with the Eldorado Independents, at Eldorado, Saturday night. Eldorado has one of the best independent basketball aggregations in this vicinity and expects to hand the Shamrocks a trimming. The Shamrocks, encouraged by their recent game with the Panthers, are confident of offering considerable opposition. Runnels, Brehm and Cannon, forwards, Fay, center, and Sherry, Aiken and Dillon, compose the Shamrock squad.

CANCELS TWO GAMES.

Because of a slight flu epidemic at Franklin college, President Edwards, of Earlham, caused both the Franklin and Butler basketball games to be cancelled. The action caused the Quaker student body a great disappointment, as Friday's and Saturday's games were expected to have added Earlham to climb to a higher position in the I. C. A. L. basketball standing.

ACID IN STOMACH SOURS THE FOOD

Says Excess of Hydrochloric Acid is Cause of Indigestion.

A well-known authority states that stomach trouble and indigestion are nearly always due to acidity—acid stomach—and as most folks believe, from a lack of digestive juices. He states that an excess of hydrochloric acid in the stomach retards digestion and starts food fermentation, then our meals sour like garbage in a can forming acid fluids and gases which inflame the stomach like a toy balloon. We then get that heavy, lumpy feeling in the chest, we eructate sour food, belch gas, or have heartburn, flatulence, water-brash, or nausea.

He tells us to lay aside all digestive aids and instead, get from any pharmacy four ounces of Jad Salts and take a tablespoonful in a glass of water before breakfast while it is effervescent, and furthermore, to continue this for one week. While relief follows the first dose, it is important to neutralize the acidity, remove the gas-making mass, start the liver, stimulate the kidneys and thus promote a free flow of pure digestive juices.

Jad Salts is inexpensive and is made from the acid of grapes and lemon juice, combined with lithia and sodium phosphate. This harmless salts is used by thousands of people for stomach trouble with excellent results. —Advertisement.

More Paper Than Flour

Few people realize the extent to which paper is used today.

The per capita consumption of paper is greater than that of flour.

The United States consumes over one-half of the world's production of paper, and is the greatest pulp and paper producing country in the world.

The use of paper and paper products is universal. The manufacture of paper is one of the fundamental industries.

The largest consumers of paper in this country are the newspapers. "Newsprint paper" is a product as essential to progress as coal, oil, steel or iron.

No newspaper is getting as much paper as it wants. They are placing contracts far in advance at prices current at time of delivery.

This condition of demand being greater than supply is exceedingly favorable for the paper mill companies. With careful management and ample capital their continued prosperity is assured.

We will shortly offer the guaranteed obligation of a paper mill which meets every requirement of the conservative investor. This issue will be tax-free in Ohio, will pay 7 per cent a year, and will be offered at slightly under par.

We believe this security will rank among the best to be had in any market.

SPORTS—

EATON TO PLAY MCGUFFEY

EATON, O., Feb. 11.—Eaton HI takes on McGuffey HI, Oxford, O., at basketball here Friday night at the armory. A preliminary to the big battle probably will be staged by two local school teams. Thus far the locals have won eight games and lost three. Miamisburg HI is scheduled to go against the local high school squad here the night of Feb. 20.

Dempsey War Record Quiz Will Be Open

(By Associated Press)
NEW YORK, Feb. 11.—Plans for the investigation of Jack Dempsey's war record to be made at the Champion's request were discussed today at a preliminary meeting of the committee appointed by the army, navy and civilian board of boxing control. The meeting was closed but it was said that the sessions to follow will be open.

CENTERVILLE HOPES TO TRIM CONNERSVILLE
As each team has taken the other's measure once, Thursday night's basketball tilt between Centerville and Connersville, at Centerville, promises to be a "humdinger." Centerville has been traveling fast and hopes to trim the Fayette invaders.

A REAL FORD STARTER
The "Modern" is different from all others. A complete engine auxiliary, with Fan, Vaporizing Dash Primer, etc. The only competitor of electric starters, at one-fourth the cost. Write at once for description, approval of price and introductory price. MODERN SPECIALTY COMPANY, Racine, Wis.

Old Herbal Remedy Used for 40 Years in Relieving Diabetes

The most satisfactory results have been obtained in combating Diabetes by observing certain dietary rules and the judicious use of Warner's Safe Diabetes Remedy, an herbal preparation used with marked success for more than forty years.

Following is a letter from a grateful user:
"This letter is the best proof that I am still alive. Your medicine is a miracle to me. My weight was reduced from 157 to 114 pounds when I left the hospital. I left there August 6th, in despair. Hundreds of people that knew me said I would never live to return to my studio. After leaving the hospital I saw your "Ad." in the paper. I began its use and at once commenced to improve, and now everybody is beginning to say to me

that I look better than ever before. I tip the scales at 132 pounds and I am back working again to the astonishment of all. I feel splendid and people say I am looking better every day. I must tell you that every word I have written is true, and I can prove it by hundreds that knew of my condition.—Jules Priquet, 511 West First street, Los Angeles, Calif.
Warner's Safe Diabetes Remedy is made from herbs and other beneficial ingredients and has been on the market 40 years, a true indication of its value. Get a bottle today.
Sold by Thistlethwaite's drug stores and by leading druggists everywhere. Sample sent on receipt of ten cents. Warner's Safe Remedies Co., Dept. 587, Rochester, New York.—Advertisement.

The Velvet tin is twice as big as shown here

There's a World of Solid Comfort In the Rich, Red Tin

YES, sir, we mean that same warm red and gold tin that smiles a welcoming "Howdy" to you in every tobacco store. Know what those colors mean?

The red is for the friendly warmth, the mellow cheeriness, that Velvet puts into your old pipe. And the gold is where the Kentucky sunshine, that ripens good old Velvet, has just sort of soaked through.

Remember what Velvet Joe said about it?

"You've met canned meat and canned music. Ever see any tinned sunshine? Well, look into any Velvet tin."

And think this over:

We don't have to hide Velvet's taste or smell with a lot of this, that and the other thing. Because Velvet has naturally what pipe smokers want—real simon-pure tobacco taste and fragrance. It's just good, honest Kentucky leaf, made still more friendly and mellow by two years' ageing in wooden hogsheads. Just good tobacco. That's all. But it's mighty near enough for the man who wants a pipeful of tobacco and not a box of bon bons.

The picture of a pipe on the tin needn't keep you from rolling a jim-dandy cigarette with Velvet.

How's the Velvet holding out in your old red tin?

Liggett & Myers Tobacco Co.
