

EVOLUTION IS KEY TO FUTURE—HALL

Prof. Arnold C. Hall of the political science department of the University of Wisconsin pled for the League of Nations to settle the big questions of the world, in a lecture delivered at Earlham College, Tuesday night under the auspices of the International Politic Club.

The speaker also urged level headed evolution instead of revolution in settling the problems which are knocking at industrial and governmental doors.

The speaker belittled the assertion of Senator Borah, of Idaho, who said that the Monroe doctrine is sufficient protection for the United States from foreign aggression.

"The dangers facing us are facing the world, and we must share the burden of settling them. The Monroe doctrine, while excellent enough for the situation for which it was drawn, is not sufficient protection from our problems than was it from the German submarine and spy system," he said.

TWO AVIATORS KILLED WHEN PANES CRASH IN MIDAIR

SAN ANTONIO, Tex., Feb. 11.—Lieut. Harry B. Smith and Harry Brokaw, both of the 94th Aero Squadron, were instantly killed late Tuesday when their machines collided 125 feet in mid-air and fell at Kelly Field. The aviators were in a practice flight in low-hanging clouds when the collision occurred.

TO SEPARATE LEATHER FROM OTHER BUSINESS

CHICAGO, Feb. 11.—Armour & Co., meat packers, have announced plans for the segregation of its leather interests from its general packing business as part of the separation of the concern's affairs in conformance with an agreement made with the attorney-general some time ago.

The Armour Leather Company, incorporated in Delaware last week, will have \$25,000,000 of 7 per cent. cumulative preferred stock, \$10,000,000 to be issued now, \$15,000,000 common (par value \$15) and 100,000 shares of

founders' stock, with no par value, the latter classes to be issued in full now. The founders' stock, having ten votes for each share, will be held by Armour & Co. to bind the new company to the present concern. It will be taken by Armour & Co., at \$5 a share, but will not draw dividends in 1920 unless earnings available for dividends equal \$4,000,000, and its income is restricted in succeeding years.

BAD INDIGESTION

Not Only Unpleasant and Painful but Cause of other Diseases—Constipation, Bloatingness, Indigestion, Headache, Nausea and People Larger Permanently Relieved by Stuart's Pep-Salene Lozenges.

Science tells us that three-fourths of all the diseases has its origin in the digestive system. You can easily see the reason for this. No engine would run well with its fire box stopped up, or clogged up, and its shack ad fuses so stopped that ruinous gases which should be allowed to escape, are held or forced back into the body of the engine. No more can the human system work smoothly unless all its digestive organs are free to perform their proper functions.

Stuart's Pep-Salene Lozenges go directly and safely to the seat of the trouble, by gently but firmly cleansing the affected organ and relieving all congestion—by directly supplying the natural properties which the oriented lozenges contain—thus helping by mildly stimulating and toning up the whole digestive system.

Pep-Salene Lozenges offer the natural and scientific solution for all trouble in the digestive system.

Do not suffer from the annoyance and pains of indigestion, constipation, bloatingness, sour stomach, headache, heartburn, coated tongue, foul breath and other results of improper assimilation of your food.

Leonard Ear Oil

Ninety Percent of the cases of Deafness and Head Noises are Catarrhal, due to Catarrh in the Eustachian Tubes and Air Passages which connect the ears and nose. In all such cases these Tubes become stopped up with Catarrhal mucus, and the Air Passages of the Head clogged, thus preventing the air from entering and circulating as nature intended, and the result is Deafness and a great variety of dreadful Head Noises. Catarrh causes Thickened, Sunken and Hardened Drums. Also, if the Natural Drum is perforated or completely destroyed the cold air enters through the perforation and a Catarrhal condition quickly arises. Therefore, before there can be any improvement in Hearing or Relief from the Head Noises it is absolutely necessary that the diseased condition in the Eustachian Tubes and Air Passages be relieved. By "Rubbing It In" and massaging Leonard Ear Oil as directed.
