

CHANGES IN OPERATION AND PERSONNEL PLANNED BY PENNSYLVANIA RAILROAD

PHILADELPHIA, Feb. 13.—Radical changes in the operation of the Pennsylvania railroad system, with a reorganization of officials affecting many of the higher officers, have been announced by Samuel Rea, president of the company, to become effective when the railroads are turned back to their private owners.

The system will be divided into four regions—Eastern, Central, Northwestern and Southwestern, with each in charge of a vice president. The respective headquarters will be at Philadelphia, Pittsburgh, Chicago and St. Louis.

The separation in organization that has existed between the lines east and west of Pittsburgh is to be abandoned, the announcement says, and the system will become a unit in all that concerns its service to the public. Instead of having a dividing line, as at present, at Pittsburgh, one of the busiest railroad centers in the country, the whole territory between Altoona, Pa., on the east; Buffalo, N. Y., on the north, and Columbus and Cincinnati, O., on the west, will comprise the central region.

Bounds of Other Regions.
The Eastern region will extend from New York to Altoona, and to Washington on the South. The Northwestern region will extend from Columbus and Cincinnati to Chicago, and the Southwestern will be bounded roughly by Columbus, Cincinnati and St. Louis.

Each regional vice president will have a complete staff, including a general manager in charge of operation and a traffic manager in charge of all matters affecting traffic and rates.

A department of personnel, with headquarters at Philadelphia, is created in charge of a vice president. He will be G. L. Peck, at present Federal manager of the lines west.

The regional vice presidents and vice president Peck will report to W. W. Atterbury, vice president in charge of operation, at Philadelphia, who in turn will report to President Rea.

Many Changes in Officials.

The reorganization of officers includes the following:
Eastern Region—Vice President, Elisha Lee, heretofore Federal manager of the lines East; General Manager, C. S. Krick; Traffic Manager, Julien L. Eysmans.

Central Region—Vice President, R. L. O'Donnell, heretofore General Manager of the lines East; General Manager, R. E. McCarty; Traffic Manager, George D. Ogden.

Northwestern Region—Vice President, J. G. Rodgers, at present assistant to President Rea; General Manager, T. B. Hamilton; Traffic Manager, William Hodgdon.

Southwestern Region—Vice President, Benjamin McKee, at present Vice President and Corporate Engineer of the lines West; General Manager, I. W. Geer; Traffic Manager, C. B. Sudborough.

The present Vice Presidents of the company in charge of traffic, finance, and accounting—George D. Dixon, Henry Tamm, and A. J. County—will have the scope of their authority extended to include the lines west.

General Traffic Manager.
Robert C. Wright is appointed general traffic manager, to assist the Vice President in charge of traffic over the entire system, and J. J. Turner, at present senior Vice President of the lines West, will continue as an executive officer at Pittsburgh, designated as Vice President in charge of corporate affairs, lines West. The department at Philadelphia and Pittsburgh will remain as they are.

W. H. Myers, Director of the company and Vice President in charge of real estate, purchase and insurance, retires under pension regulations and is succeeded by M. C. Kenney, heretofore resident Vice President for the Cumberland Valley district, who will exercise jurisdiction for his departments East and West.

E. B. McCabe, Vice President in charge of finance and accounts, lines West, also goes on the pension list, and the position is abolished.

J. J. Turner is well known in Richmond and E. B. McCabe is the father of Guy McCabe, formerly stationed here.

Aquamarine Set Rings

THE Aquamarine is today the most favored of semi-precious stones. Its limpid tints and diamond like lustre is appealing while the shape and character of the stones permit of beautiful mounting.

We are showing a unique assortment of set rings for both men and women. Always favored by gift buyers rings are today prettier than ever. The recent development in jewelry designing is especially noticeable in this line. They are a feature of our stock and we are always proud to show them.

Richmond Sixth in Part Time Enrollment

A gain of more than 600 per cent since July 1, 1919, in the enrollment of part time schools for children between 14 and 16 years old who are out of school working in industrial and business establishments on permits, has been announced by J. G. Collicott, state director of vocational education. Richmond, with 114 children working on permits, and 110 in the part time schools, ranks sixth in numbers, in a state table. South Bend is first, Evansville second, Fort Wayne third, Terre Haute fourth, Gary fifth.

RAIN FALLS ON N. Y.
NEW YORK, Feb. 13.—The city was pelted this morning, with more rain, snow and sleet and Mayor Hylan postponed his winter vacation in Palm Beach until the streets here shall have been swept clean of ice and snow piles that for more than a week have demoralized traffic.
