

FARMERS, LABORERS, GET MARRIED, NOT WHITE-COLLAR MEN

More marriages since Jan. 1, 1920 have been celebrated by farmers, and those engaged in industrial positions, among bookkeepers, clerks, executives and others in offices, according to statistics in the county clerk's office.

Of the 50 men who have received marriage licenses since Jan. 1, 11 were issued to farmers, four to laborers, two each to railroadmen, mechanics, salesmen, conductors and merchants, while all other occupations have but one each.

Of the 50 better halves, only four different occupations have more than one representative. They are domestics with two; nurses, with 5; housekeepers with 3, and clerks with 4. Twenty-six of the applicants have no business occupation.

Some of the occupations given by main applicants follow: Factory worker, machinist, engineer, farmer, teacher, blacksmith, laborer, car repairman, clerk, railroadman, iron worker, teamster, mechanic, cabinet maker, purser, engineer, stone mason, laundry manager, salesman, conductor, insurance agent, pattern maker, baker, sheet metal worker, merchant, dentist, chauffeur, foreman, mail carrier, laundryman, motor inspector, bookkeeper, and cobbler.

Among women joining cupid's ranks were 26 who said they were at home, domestic, dressmaker, nurse, housekeeper, clerk, organist, trimmer, milliner, finisher, industrial worker, seamstress, bookkeeper, stenographer and waitress.

Steamship Dearport sliding into water at Vancouver shipyard.

The 9,200-ton steel steamer Dearport was recently launched 95 per cent complete at Vancouver, Washington. The ship has been chartered by the Near East Relief Committee to carry, on its first voyage, a cargo of \$1,000,000 worth of flour, purchased on credits by the government of the new republic.

introduced sustained her contention. Moon was ordered to pay \$6 a week for the support of the child until Oct. 1, 1921, and from then on \$10 a week.

John McDonald, defendant in the divorce suit of Agnes McDonald, was ordered to pay the plaintiff \$40 as

suit money with which to prosecute the case, on or before Feb. 21.

The court ruled against each and all of the defendants in the injunction suit of W. Bert Wilson and others against the town of Cambridge City, its city officials, and Timothy J. Connell, sewer contractor, to answer on or before Feb. 25. This will cause the

defendants to file an answer to the complaint before that date.

Women Must Be Trained In Politics: Nonpartisan League Solution, Claim

(By Associated Press)

CHICAGO, Feb. 14.—Political education of women voters in a manner apart from partisan politics, today was the accepted and increasingly difficult, first duty for 1920 which the National American Woman Suffrage Association holding its fifty-first and final convention here, intends to perform through the independent, non-partisan organization selected to supersede it—The National League of Women Voters.

Whether the League of Women Voters would subscribe to the program proposed by the executive council of the suffrage association and approved by the more than 2,000 delegates attending the convention was the subject for discussion at a meeting of the league late today.

The program would hasten the association's "gradual move today dissolution" so that its absorption by the league would occur in times for the women to take a full part in the 1920 presidential campaign and election, leaders said.

DR. SCHURMAN RESIGNS AS HEAD OF CORNELL

(By Associated Press)

ITHACA, N. Y., Feb. 14.—Dr. Jacob Gould Schurman, president of Cornell University for nearly 28 years, tendered his resignation to the university's general administration committee at a meeting of that body today.

It is a letter to the board of trustees Dr. Schurman said he always had held the chief executive of a great institu-

tion should not retain the post more than 25 or 30 years. He added that tendering of his resignation—an act delayed because of the war and the postwar problems, the university faced, would set him free for other duties he much desired to attend. He asked that his resignation became effective June 23, 1920.

Keep away from temptation.

The FRANKLIN SEDAN

The proof that people interested in fine cars are also interested in low upkeep costs, slower depreciation and greater comfort, is found in the turn from heavy, rigid cars to the light weight and flexible Franklin Sedan.

It has the most rapidly increasing sales of any fine car, not only because of what it gives in extra performance, but also on account of what it eliminates in the way of customary routine care and trouble.

20 miles to the gallon of gasoline
12,500 miles to the set of tires
50% slower yearly depreciation
