

## HOGAN HEAD OF WOOD COMMITTEE

H. G. Hogan, of Fort Wayne, Twelfth district representative on the Republican state committee, will be the Indiana manager of the campaign of Major General Leonard Wood for the Republican nomination for president. He was Twelfth district manager of the primary campaign of Harry S. New for the nomination for United States senator. He has opened headquarters in the Claypool hotel, Indianapolis.

R. G. Leeds is one of the thirty members of a committee of 30 representative Republicans of Indiana, appointed by E. M. Wasmuth, state chairman, to consider and formulate suggested planks for the Republican party platform.

The committee is to hold several meetings before the state convention in May and is to be the means whereby the people of Indiana may have their views on the party's platform considered and presented as recommendations to the convention for action.

Vice President Marshall, with President Wilson still silent on campaign issues, yesterday ventured to outline his ideas of what the next Democratic national platform should contain. He will go to the convention as a delegate from Indiana and hopes to be a member of the platform committee. His platform views are contained in a letter addressed to his friend, Ed. G. Hoffman of Fort Wayne, the Indiana member of the national committee.

The Vice President hopes that the Democratic party will pledge itself to the presentation to the people for their suffrage of a man upon an old time, Democratic platform, under the principles of which the republic for so many years was contented, prosperous and invincible.

## Radical Fined Makes Scene in Oxford Court

OXFORD, O., Feb. 16.—E. Curtis Ikenhans, of Hamilton, arrested here for distributing Socialistic literature of the most radical kind, was fined \$50 and costs by Mayor Hughes Saturday, the charge being disorderly conduct. Ikenhans was held twenty-four hours for the government authorities.

Ikenhans appeared as his own attorney, introducing the story of the stolen necklace as told in 'Evangeline.' He said the wave of reaction which followed the discovery of the necklace in the Magpie's nest would be duplicated in this country some day, and Socialism would come into its own. When Mayor Hughes pronounced the fine, Ikenhans sank into a chair wallowing, "Believe me, behead me!" A young woman friend paid his fine and secured his release.

## NEW YORK'S NEW TRAFFIC TOWERS DOUBLY USEFUL

One of the towers rising from the mountain of snow.

When New York police officials determined to try towers as aids to traffic officers in handling the vehicle congestion in the downtown districts it was with the main idea of making it easier for the drivers to see the officer and his signals. But just about the time the test towers were erected along came a snowstorm that practically buried the city and the traffic officers had to climb aloft in the towers to see over the snow banks while directing what few vehicles that moved after the storm.

At the service the members of the senior class will make first appearance in their academic caps and gowns. At the Western College Rev.

## INDIANA FOLKS Testify About Coughs, Colds, Lungs

Fort Wayne, Ind.—"At one time through exposure at the breaking up of a hard winter, I caught a severe cold which settled on my lungs. This caused me to cough continually. It was so bad I had very little rest day or night, could not sleep, just about the time I would get to sleep I would have a severe fit of coughing. I soon began losing weight and grew weak. I kept getting worse all the time, until I was a walking skeleton. Three bottles of the 'Discovery' completely cured me of my cough and much to my surprise my heart trouble as well. I gained in weight and was once more hale and hearty. I am sure I owe my life to the use of the Golden Medical Discovery."  
—GEO. F. AICHELE, 68 Portage Ave.

Goshen, Ind.—"It is now about fifteen years since I had a wonderful demonstration with Dr. Pierce's Golden Medical Discovery. I had coughed night and day for a whole year and had lost so much flesh I began to look like a walking skeleton. Two of my sisters had died with tuberculosis and I felt certain that my time had come, too. A friend recommended Dr. Pierce's Golden Medical Discovery to my husband and it gave new strength and vitality right from the start, and in a year's time I was just as strong and hardy as ever."  
—MRS. ELIZA TEETER, 415 Middlebury St.

Muncie, Ind.—"When I had a severe cough, night sweats, loss of weight and appetite and the other things that lead to consumption, I was induced to try Dr. Pierce's Golden Medical Discovery. I took it faithfully for about 40 days, and gradually I gained; the cough disappeared and I put on flesh and got strong again. I took no other medicine at the time. I have had no cough for 14 years, since I was cured by 'Golden Medical Discovery.'"  
—MRS. LUCY MCCOY, 512 E. Howard St.
