

STATE REPUBLICANS WILL MEET; SPECIAL SESSION OUTLINED

INDIANAPOLIS, Feb. 17.—A call for the Republican state committee to meet here on Thursday, Feb. 24, was issued yesterday by E. M. Wasmuth, chairman of the committee. At the same time invitations were sent to all of the Republican candidates for state offices to meet with the committee to discuss the program of the special session of the legislature which the governor is expected to call within a short time.

Governor Goodrich said yesterday the special session would be called before the primary, but declared no definite date had been decided upon. He said it probably would be some time in March.

It is the governor's plan to expedite the session as much as possible and he has already been assured by several members of the assembly, it is understood, that they will co-operate in pushing pressing matters through. Some of the assemblymen declare the entire program can be acted upon in ten days.

Thorough Airing Sought.
The governor will lay his plans before the members of the state committee and the candidates for a thorough discussion. After a program is prepared it will be sent to the members of the general assembly and each one will be asked to make suggestions as to the advisability of acting on the recommended legislation.

Among some of the proposals to be placed before the committee session for discussion will be the enactment of a child labor law and a blue sky law, both of which were lost in the last regular session of the legislature. Amendments to the road law and the tax law will be discussed at length and it is probable a tentative program on these measures will be decided upon for presentation to the assembly.

War Memorial.
Another matter of supreme importance to be considered will be the question of a state war memorial.

Legislation providing for women voters also will be discussed and it is expected that a bill will be drafted enlarging the facilities for handling the increased number of voters in case women are given the right to vote before the primary.

It is understood the governor will show that the penal institutions, for the first time in their history have made profits from the industries they are engaged in, and that he will recommend legislation dividing the surplus profits among the inmates, or their families.

A bill giving county commissioners the power to fix salaries of county officials will also be probably taken up. The state legislature now has the power to name the salaries for county officials and according to the sponsors of the proposed bill inequalities exist in the remuneration received by the officers in various counties.

School Kids! Here's Material for Essay on the U. S. Army

Hey, you kids! Have you got started writing that essay to win a war department medal, a silver loving cup and a lot of other prizes and honors and a free trip to Washington to see the capitol 'n everything?

Well, here's a few hot tips from Recruiter Thompson which may help you to win one of the prizes for the best essay on "What are the benefits to be obtained from enlistment in the army?" Read 'em and get busy, and perhaps you'll be the lucky feller.

You've got to be ready by Friday, Feb. 20 to win.

Thompson says: "Reports from the war department show that out of a total enlisted strength of 172,266 soldiers, 2,827 are taking instruction in educational subjects, outside of their practical military training. The number of subjects being taught in different camps varies from two to forty. These daily studies are such as to give the men adequate and requisite training in vocations useful to civil life as well as in the army."

Motor transport work and its side issues, various electrical courses, including radio telegraphy and telephony, telegraphy, telephone construction and installing, printing telegraphy, and so forth, are among the courses offered.

Service Men's Status on Income Tax Is Given

Wayne county service men are anxious to learn their status relative to exemptions to which they are entitled in the filing of income tax returns.

It is pointed out by the bureau of internal revenue that soldiers and sailors, as such, are not exempt from the tax, but the law specifically exempts that portion of their income received as compensation from the United States up to the amount of \$3,500 in any taxable year. This exemption is in addition to the personal exemptions of \$1,000 and \$2,000 allowed single married persons and applies to a person of either sex in active military or naval service.

Persons who left the military or naval service during the year 1919 and whose income other than the amount paid them by the government equaled or exceeded \$1,000 or \$2,000, according to their marital status, must file a return on or before March 15. The tax is on income in excess of these amounts. The return is for the calendar year.

Painful Piles

A Free Trial of Pyramid Pile Treatment is One of the Grandest Events You Ever Experienced.

You are suffering dreadfully with itching, bleeding, protruding piles or hemorrhoids. Now, go over

You Positively Cannot Afford to Ignore These Remarkable Pyramids.

The American Legion Weekly, now published in Washington, will be published in Indianapolis, starting in the near future. Removal of the plant to Indianapolis will be undertaken as soon as the mechanical and financial arrangements can be made. It is understood that civic bodies in Indianapolis are now at work on the proposition and will confer with the Legion officials in regard to the removal as soon as full details for the mechanical and financial requirements for the removal are given to Dr. T. Victor Keene, of Indianapolis, who has charge of the arrangements.

It is planned by the legion to change completely the character of the paper and to make it much more of a factor in the affairs of the legion than it has been. The present issue of the paper dated February 13, but which has been delayed for several days, will be the last for the old regime, and an issue of probably Feb. 26 or 27 will give the complete plans for its removal to Indianapolis.

The special legislative committee of the legion, which came to Washington at the direction of the executive committee, which met in Indianapolis last week, held a final meeting today to perfect plans for laying before the congress the desires of the legion in regards to compensation adjustments, land settlements and bonuses. It is

probable that hearings will be asked of various congressional committees on all these subjects, at which the legislative committee will set forth in detail the desires of the legion.

Baptists End Session at Richmond Church

Although Mrs. C. E. Bell of Decatur, Ind., secretary of the World Wide Guild, was unable to attend the Eastern Indiana district Baptist institute in the Baptist church of Richmond Monday afternoon and evening, other speakers appeared as scheduled. Nearly 50 representatives of churches and Sunday schools of the district were delegates.

The Rev. G. C. Mitchell, of North Vernon, south-eastern Sunday school director; the Rev. R. H. Kemp, pastor of the First Baptist church in Franklin, and Myrtle Huckleberry, state director of elementary Baptist Sunday work, spoke in the afternoon.

All delegates attended a dinner served by the ladies of the local church at 6:15. The institute reconvened at 7:15 when the Rev. Kemp spoke. He was followed by the Rev. Mitchell.

Remember Tonsiline

TONSILINE is the National Sore Throat Remedy. It is sold in every State in the Union. Most people buy a bottle occasionally because most people occasionally have Sore Throat. They buy it for the prompt, welcome relief it brings to sufferers from this malady. You can forget Sore Throat if you will only remember TONSILINE and get the bottle NOW that waits for you at your druggists.

Look for the long necked fellow on the bottle when you get it.

35 cents and 60 cents. Hospital Size, \$1.00.

The officers of the new organization are: president, G. A. Kelsey cashier, Paul Ferris; assistant cashier, Earl Crawford.

PARCELS FOR GERMANY MUST BE MARKED "GIFT PACKAGES"
Under the head "Parcels for Germany" the second assistant postmaster general has issued the following notice of Feb. 12:

"Referring to the notice of this office headed 'Germany' and on page 7 of the December postal Guide, Postmasters

are instructed to note that packages containing articles for personal use of addresses in Germany, and sent as gifts, must be marked "Gift Packages" both on the wrapper of the package and the custom's declarations employed in order to assist the German authorities in determining what merchandise and food stuffs may be imported without German import licenses. "Gift Packages" are not subject to any German import licenses and have recently been exempted from all customs dues in Germany.

USE SULPHUR TO HEAL YOUR SKIN

Broken Out Skin and Itching Eczema Helped Over Night.

For unsightly skin eruptions, rash or blotches on face, neck, arms or body, you do not have to wait for relief from torture or embarrassment, declares a noted skin specialist. Apply a little Menthosulphur and improvement shows the next day.

Because of its germ destroying properties, nothing has ever been found to take the place of this sulphur preparation. The moment you apply it, healing begins. Only those who have had unsightly skin troubles can know the delight which this Menthosulphur brings. Even fiery, itching eczema is dried right up.

Get a small jar from any good druggist and use it like cold cream. —Advertisement.

**Southern Mothers Have Found a
Way to Treat Children's Croup and
Colds Without Internal Dosing**

ALL mothers everywhere know that children's stomachs are delicate and their digestions easily disturbed, and therefore they should be given as little internal dosing as possible. Yet croup and colds come often and certainly cannot be neglected.

A North Carolina Druggist Solves the Problem

Thanks to Lunsford Richardson, a druggist in Greensboro, N. C., this problem has been solved, and Southern mothers have been given a method of treating cold troubles externally. Mr. Richardson discovered a salve that would vaporize by the body heat when applied over throat and chest. These vapors, inhaled with each breath, carried the medication through the air passages to the lungs, at the same time the salve was absorbed thru and stimulated the skin, attracting the blood to the surface and thus aiding the vapors inhaled to relieve the trouble. This preparation Mr. Richardson called Vick's VapoRub.

Vicks contains no harmful drugs, just the old-fashioned, time-tested remedies—Menthol, Camphor, Thymol, Eucalyptus, Turpentine, etc.—combined in a new-fashioned way.

The Use of Vicks Has Steadily Increased

Starting with the customers of Mr. Richardson's retail drug store, the sale of this external treatment has grown, county by county, state by state, until now Vicks can be found in almost any drug store in all sections of the United States.

Mothers who once use Vicks always keep a bottle on hand thereafter. It is so easily applied, so quick in its effects, and, best of all, can be used as often and as freely as desired, without fear of harmful results.

DIRECTIONS FOR THE USE OF VICKS

Vapors Important—For these troubles a large part of the value of Vicks lies in its vaporizing qualities. So whenever Vicks is applied over the throat and chest, care should be taken to leave the clothing loose around the neck and the bed clothes arranged in the form of a funnel, so that the vapors arising may be freely inhaled.

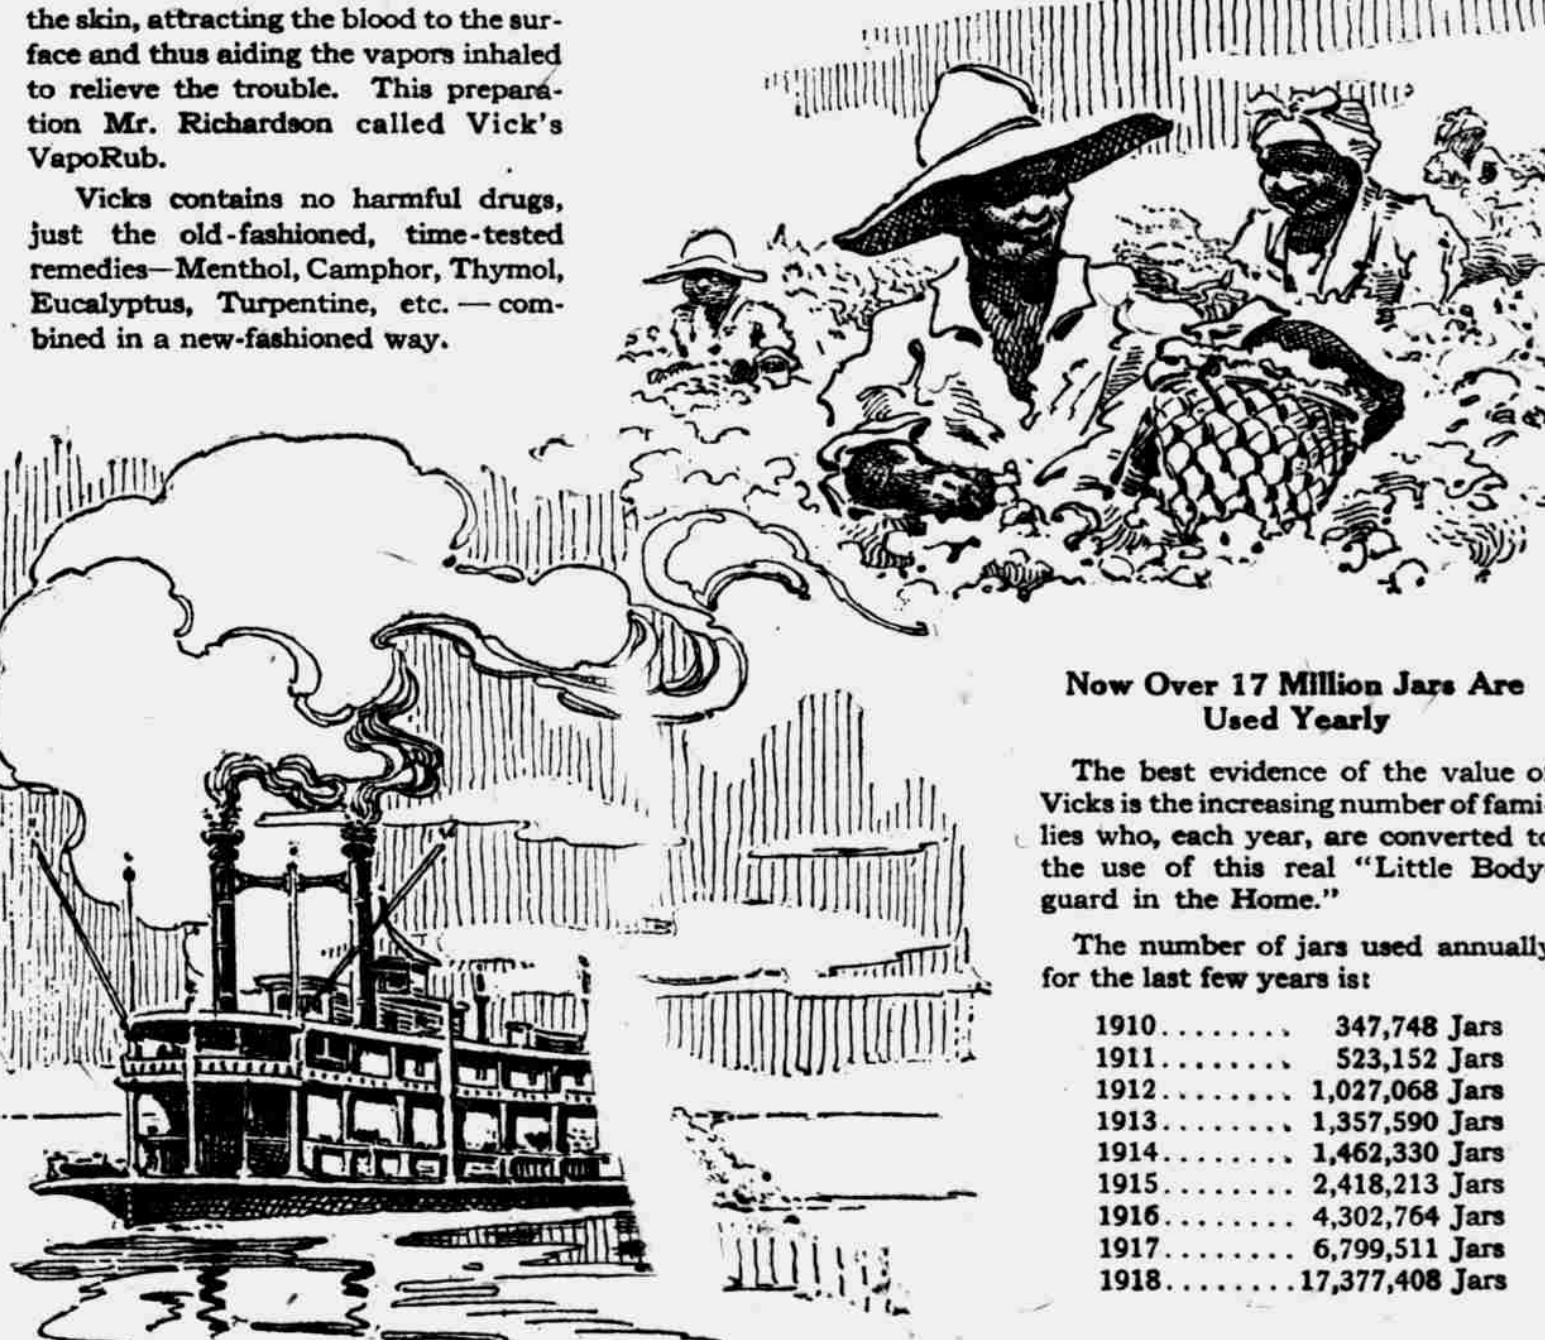

Hot Wet Cloths—In cases of deep chest colds, severe sore throat or incipient pneumonia, hot, wet towels should be used over the throat and chest to open the pores of the skin before applying Vicks.

For Head Colds, Asthma, Catarrh, Hay Fever—Vicks can be melted in a spoon and the vapors inhaled, or a little should be applied up the nostrils and sniffed up the head.

For Spasmodic Croup, Children's Colds—Rub Vicks over the throat and chest until the difficult breathing is relieved, then spread on thickly and cover with a hot flannel cloth. An application at bed time usually prevents a night attack of croup. Vicks is particularly recommended for children's colds since it is externally applied, and can, therefore, be used often and freely without disturbing the youngsters' delicate digestions.

For Deep Chest Colds, Sore Throat, Tonsillitis, Bronchitis, Coughs—or any affection of the respiratory organs where there is tightness or soreness, Vicks should be applied over the throat and chest—if necessary, first using hot wet cloths—and rubbed in well until the skin is red; then spread on thickly and covered with one or two thicknesses of hot flannel cloths. If the cough is annoying, a small piece the size of a pea can be swallowed every few hours.

Minor Ailments
In addition to its use for Cold Troubles, Vicks has been found excellent as a salve, liniment or plaster for troubles such as Bites, Burns, Itchings, Soreness, Sunburn.

Now Over 17 Million Jars Are Used Yearly

The best evidence of the value of Vicks is the increasing number of families who, each year, are converted to the use of this real "Little Bodyguard in the Home."

The number of jars used annually for the last few years is:

1910.....	347,748 Jars
1911.....	523,152 Jars
1912.....	1,027,068 Jars
1913.....	1,357,590 Jars
1914.....	1,462,330 Jars
1915.....	2,418,213 Jars
1916.....	4,302,764 Jars
1917.....	6,799,511 Jars
1918.....	17,377,408 Jars
