

LONDON OVERFLOWS; HOUSES AND ROOMS HARDLY TO BE FOUND

BY MARY HENKE

LONDON, Feb. 17.—Ejection suits from the greater part of court calendars in England at the present time. And for once, legal delays work to his benefit for after action has been filed against him, a tenant can sit back serene in the knowledge that it will be several months before anything can be done.

The housing situation in England has in it the elements of tragedy. Families are on the streets homeless, not because they are unable to pay their rent, but because they have no where to go.

Young couples who planned to marry when he came home from the war are still waiting, pathetically hopeful dealers have posted the notice "no that sometime or other they may be houses to let," outside, in order to avoid importunities of the homeless.

Children are liability rather than an asset, for the few places that are for let post notices that no children are wanted, or that children are objected to.

Room Demand Great

With the shortage of houses the demand for rooms has been so great that very few are available, especially unfurnished rooms suitable for housekeeping purposes. Theatrical people have recently added their

lamentations to the large number of the homeless in London, claiming that they are unable to find accommodations while playing in the city.

Real estate dealers are joining the ranks of "New Rich" for premiums of

\$250 or more are paid where a purchase is to be found. Most dealers have posted the notice "no good, but sowing after the wheat free pays good when there is much of the fly about."

Figures on tests showed the value of sowing late to avoid the fly and the result in the yield of grain.

The fly that is in the flaxseed stage

now will develop in the winged stage along in April, each female will deposit something like 200 eggs on the

growing wheat, these eggs will hatch into small worms which will crawl down behind the leaves and feed on the plant and finally turn into the

flaxseed stage which will develop another crop of winged flies in August and September.

If the spring brood of winged flies comes a little late the wheat will joint before the worms start crawling down behind the leaves. These worms then stop and feed at the first joint with the result that the wheat often breaks over at that joint.

Leonard Ear Oil

Ninety Percent of the cases of Deafness and Head Noises are Cataract, due to Cataract in the Eustachian Tubes and Air Passages which connect the ears and nose. In all such cases these tubes become stopped up with Cataractous, and the Air Passages of the Head clogged, thus preventing the air from entering and circulating as nature intended and the result—Deafness and a great variety of dreadful Head Noises. Cataract causes Thickened, Sunken and Hardened Drums. Also, if the Natural Drum is perforated or completely destroyed the cold air enters through the perforation and a Cataract condition quickly arises. Therefore, before there can be any improvement in Hearing or Relief from the Head Noises it is absolutely necessary that the diseased condition in the Eustachian Tubes and Air Passages be relieved. By "Rubbing It In" and massaging Leonard Ear Oil as directed.

PAD ACTING STOMACHS

And a Disordered Digestive System Can Be Made to Act Right As Sure as You're Alive.

How many times you hear people say, "I can't eat this food I can't eat that—it doesn't agree with me." By not agreeing with them they mean, that after eating the food they are distressed and sometimes by a heavy, dull pain in the pit of the stomach, sometimes by heartburn, or a bloated feeling in the abdomen, swelling or gathering internal pains, etc. Think how happy you would be to be able to eat your meals and best of all, eat what you want without fear of being miserable for hours afterwards. STUART'S PEP-SA-LENES, the little Pink Lozenges, which would never be sold in a drugstore, should be more likely taken for old-fashioned wintergreen candy, are positively certain in their effects in banishing stomach aches. They assist nature by applying the digestive organs with the properties which are lacking when the stomach is overtired. This is the only scientific plan and any method of cure which fails to take this into consideration must be unsuccessful.

Go to any of our stores today and get a 50-cent box of STUART'S PEP-SA-LENES LOZENGES and see how good they will make you feel. Prepare to your own satisfaction that they will assist nature in digesting the food and regulating the bowels more effectively than anything ever prepared. We have them in stock and are sure to get the Pink Candy Lozenges in the Pink Package. Any of our stores will be glad to hand you a FREE trial package.

Real Winter Comfort \$1 18

The IDEAL bargain in heating

There is always welcome, cheer and comfort in a home warmed in every room, nook and corner by IDEAL-Arcola Hot Water Radiator Heating!

New IDEAL-Arcola Radiator-Boiler

This new and wonderful outfit delivers the pleasantest, health-protecting warmth throughout all your rooms, day and night, all winter long. If freezing days at home have shown you how comfortless and fuel-wasteful your present heating is, consider at once these unequalled benefits and economies guaranteed by IDEAL-Arcola outfitts—

UNIFORM WARMTH—The IDEAL-Arcola is hollow-walled, and the space between is filled with water. This water absorbs the excess heat of the fuel and automatically circulates through piping to AMERICAN Radiators set in other rooms, warming all alike. The same water is used over and over for years.

HEALTHFUL—Unlike stoves, there are no coal-gas leaks into the living rooms. There are no drafty halls or chill spots.

ECONOMICAL—The IDEAL-Arcola burns hard or soft coal and brings cost of heating down to lowest notch. The outfit does not rust out or wear out—is a genuine, permanent investment.

SAFE—With the IDEAL-Arcola there is no fire-risk to building—no danger to children.

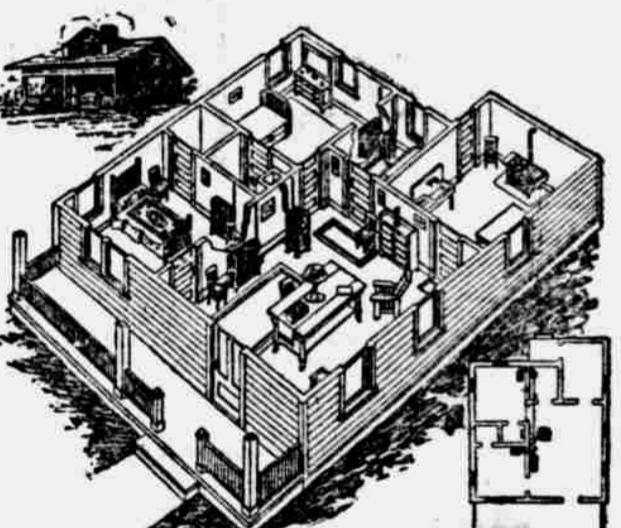

EASILY PUT IN—IDEAL-Arcola Outfit is easily put in OLD or new buildings, without disturbing the household. No cellar is needed.

Catalog showing open views of houses, individual flats, stores, offices, etc., with the IDEAL-Arcola Boiler in position will be mailed (free). Enjoy IDEAL winter comfort and save at the coal-bin—write today
