

**QUAKERS REGULARS
MAY LOSE JOBS TO
HARD-WORKING SUBS**

With prospects of an opportunity to perform before the record crowd of the season, both the regulars and the scrubs of Earham's leather-tossing squad have been hitting a fast pace, and indications point to a real contest when the quakers and Little Giants buck on the Colliseum Friday night.

Fans are urged to start early, as the small supply of reserved seats is about exhausted, and standing room will be at a premium.

All the Quaker regulars have come back into the game, and will be ready to start. Only one of the regulars has his position cinched, however, and that is Carey, the regular center.

Goar has been pressing both Lawler and Hall for a point-making position, and it is possible that either of the regulars may be asked to warm the bench.

Hinshaw Looks Good.

The same condition holds good in the guard section. Hinshaw has been humping, and will have a good chance to pass Pitts for floor guard honors. Pitts has been playing his usual class of basketball.

Johnson has just recently recovered from illness, and although he probably will be able to start in Friday's game, Coach Mowes has drilled Davis to fill his place.

The final game of the season, unless a special game can be arranged with DePauw, will be played against Franklin, at the Coliseum, next Wednesday night. Efforts are being made to schedule a special date with DePauw to take the place of the game recently canceled.

Changes in the Rules

EDITOR'S NOTE—The following amendments to the playing code of baseball were officially adopted by the joint rules committee of the National and American leagues in session at Chicago, Feb. 9, and ratified by the two major leagues at their meetings Feb. 10. Other changes will follow day by day. Paste them in your hat, the season's coming.

Amend Rule 34, as follows—Section 7 to read:

Sec. 7. Making any motion to pitch while standing in his position without having the ball in his possession; or regardless of whether he makes any motion to pitch or not, if the pitcher takes a legal position on the rubber without the ball in his possession, or if he takes a position off the rubber and feints to deliver the ball to the bet.

And add the following explanatory paragraphs to end of present Rule 34:

After the pitcher has taken position, with both hands holding the ball in front of him, he can not take either hand off the ball except in the act of delivering the ball to the batsman or in throwing to bases.

If the pitcher steps off the rubber, after being in position, for the purpose either of drying his hands or rubbing his eyes, or for other reasons, and it is a legitimate action not understood or interpreted by the umpire to deceive the base runner, then the umpire shall call "time."

In case a "balk" is called, the ball shall be considered "dead" when announcement is made, and no play can be made until the runner or runners reach the base or bases to which they are entitled.

If, with one or more runners on base, the pitcher, in the act of delivering the ball to the batsman or in throwing to first base, drops the ball intentionally or accidentally, the umpire shall call it a "balk" and advance runner or runners. No penalty shall be imposed if, with no one on bases, the pitcher drops the ball while delivering it to the batsman.

If, with no one on base, the pitcher delivers the ball while off the rubber, the umpire shall call a "balk" whether it goes over the plate or not. If, however, the batsman strikes at such illegally delivered ball, it counts either for a strike or whatever play may follow.

CUBAN READY FOR MAJORS

(By Associated Press)

NEW YORK, Feb. 19.—Armando Marsans, the Cuban baseball player, who suffered a fractured leg while a member of the New York American team in 1917, has announced that he is in excellent condition and willing to join the Yankees according to Walter Pipp, the Yankee first baseman, who has just returned from Cuba. Marsans who is on the reserve list of the local club retired from major league baseball after he had played a part of the 1918 season.

Gladiatorial combats were not abolished until 500 A.D.

**LEWIS PUTS OUT
MOODY—8 SECONDS**

According to advices received from England, where Ted Lewis is boxing a new record was recently made for the English ring when Lewis knocked out Frank Moody of Pontypridd in the lightning time of eight seconds at Manchester. Moody delivered only one punch—a left to the head—while a left to the face and a right to the jaw finished all Moody's fighting for the night. A large crowd of sportsmen from all parts of the country were present, many making the journey from London.

Branch Rickey's announcement of the purchase of Jacques Fournier by the Cardinals indicates he has changed his mind about using Clifford Heathcote at first base this year. Heathcote is an outfielder by inclination, and most of his experience has been gained in the outer patrol, but he is a versatile youngster and has demonstrated that, if the occasion warranted, he could be employed successfully in the infield. Rickey planned to groom Heathcote as a first sacker on the Cardinals' training trip, but now that he has Fournier he no doubt will put the Frenchman on the initial sack and allow Heathcote to remain in the outfield. Incidentally the Cardinals have four good outfielders in Heathcote, Austin McHenry, Jack Smith and Burt Stotten.

Stanley Baumgartner, who has not played a game since 1915, wants to return to the Phillies. In 1916 the Phillies sent him to Providence, but he refused to go and has been loafing ever since. He was kept on the Phillips' reserve right along all these years. He was a pretty good pitcher in his day, but it is doubtful if he can perform a successful comeback stunt.

Most of the veterans of the Detroit club have returned signed contracts for the coming season, enough in fact to enable Hugh Jennings to put a strong team on the field if the season were to open tomorrow.

WILDE TO FIGHT IN EAST

(By Associated Press)

JERSEY CITY, N. J., Feb. 19.—Jimmie Wilde, of England's fly weight boxing champion will be in his first contest in the east, tonight, against Mickey Russell, a local bantamweight. Wilde declared he was not satisfied with his own showing in his three bouts in the middle west. "I am now thoroughly acclimated," he said, "and ready for as good a fight as I ever fought." The Englishman expects to weigh 107 pounds ringside and conceded 10 pounds.

Bowling Notes

The Spenders were three times the victors over the Blind Beggars on the Y. M. C. A. alleys Wednesday night. The score:

Players	1st.	2nd.	3rd.
Sperling	120	142	101
Bennett	133	169	190
Ashby	191	124	170
McMinn	133	155	134
Gehring	145	173	165
Totals	722	763	740

Spenders.

Players	1st.	2nd.	3rd.
Maloney	135	154	108
Lamme	172	147	170
Flock	119	124	128
Yegler	126	127	121
Zeyen	109	119	161
Totals	661	671	678

Blind Beggars.

**SENATOR POMERENE
WITHDRAWS FROM
PRESIDENTIAL RACE**

WASHINGTON, Feb. 19.—Senator Atlee Pomerene, of Ohio, Wednesday night withdrew from the Democratic presidential contest, announcing his decision in a formal statement issued to Ohio Democratic leaders.

Principal reasons assigned as having influenced his decision were:

Disinclination to neglect his official duties as a member of the United States Senate in order to enter a political campaign; the apparent futility of prosecuting such a candidacy outside of Ohio with the handicap of a divided delegation from his home state, and his desire to maintain party harmony.

Although his announcement caused little surprise, in the light of apparently reliable reports during the last few days, it was the first declaration on the subject made by Senator Pomerene personally, and is accepted as final.

Its immediate effect was to provide impetus to the Presidential candidacy of Governor James M. Cox, of Ohio, who now is assured of a United Democratic delegation from his state when his name is presented at the San Francisco Convention, June 28.

**MIDGETS WILL GO TO
MUNCIE TOURNAMENT**

The Richmond Y. M. C. A. Midgets will take part in the basketball tournament which will be conducted Saturday at Muncie, under the auspices of the state Y. M. C. A.

Members of the team who will make the trip are Rost and Craig, forwards; Burt, center; and Brehm and Lohman, guards. Taylor, Wagner and Wettig will go as substitutes.

It's marvelous how quickly it acts. Blessed relief often comes in two days, and even in cases where the suffering is most painful all traces disappear in a few days.

Mr. James H. Allen, the discoverer of Allen's, who for many years suffered the torments of acute rheumatism, desires all sufferers to know that he does not want a cent of anyone's money unless Allen's decisively conquers this worst of all diseases, and he has instructed his druggist to guarantee it in every instance.—Advertisement.

KING'S HORSE ALSO RAN

(By Associated Press)

PARIS, Feb. 19.—Horses owned by King Alfonso of Spain appeared on Parisian track Tuesday, when Rol De La Laude, racing under the colors of the Duke of Toledo, one of the King's titles, was an entry in the last race.

Members of the team who will make the trip are Rost and Craig, forwards; Burt, center; and Brehm and Lohman, guards. Taylor, Wagner and Wettig will go as substitutes.

It's wonderful how quickly it acts. Blessed relief often comes in two days, and even in cases where the suffering is most painful all traces disappear in a few days.

Mr. James H. Allen, the discoverer of Allen's, who for many years suffered the torments of acute rheumatism, desires all sufferers to know that he does not want a cent of anyone's money unless Allen's decisively conquers this worst of all diseases, and he has instructed his druggist to guarantee it in every instance.—Advertisement.

**Americans in Turkey are
Safe According to Report**

(By Associated Press) CONSTANTINOPLE, Feb. 19.—Americans who were in the city of Marash, northwest of Aleppo, when disorder broke out there are safe, according to a telegram received from Assistant High Commissioner Engert, who is en route to Aintab to investigate the recent murder of James M. and Frank S. Johnson of the American Y. M. C. A. by bandits.

Mr. Engert wired from Adana and in addition to giving assurance of the safety of Americans in Marash, said he could not proceed to Aleppo by direct route because of the interruption of service, presumably by the Turks.

He added he was proceeding to Beirut by sea and hoped to reach Aintab from that port.

**RHEUMATISM LEAVES
YOU FOREVER**

Deep Seated Uric Acid Deposits Are Dissolved and the Rheumatic Poison Starts to Leave the System Within Twenty-four Hours.

Every druggist in this country is authorized to say to every rheumatic sufferer in this vicinity that if two bottles of Allen's, the sure conqueror of rheumatism, does not stop all agony, reduce swollen joints and do away with even the slightest twinge of rheumatic pain, he will gladly return your money without comment.

Allen's has been tried and tested for years, and really marvelous results have been accomplished in the most severe cases where the suffering and agony was intense and piteous and where the patient was helpless.

Allen's relieves at once. Immediately after you start to take it the good work begins. It searches out the acid deposits, dissolves the secretions which drives rheumatic poison out of the body through the kidneys and bowels.

It's marvelous how quickly it acts. Blessed relief often comes in two days, and even in cases where the suffering is most painful all traces disappear in a few days.

Mr. James H. Allen, the discoverer of Allen's, who for many years suffered the torments of acute rheumatism, desires all sufferers to know that he does not want a cent of anyone's money unless Allen's decisively conquers this worst of all diseases, and he has instructed his druggist to guarantee it in every instance.—Advertisement.
