

GOOD STUFF BRINGS GOOD PRICES; OLER SALE TOTALS \$6,350

By WILLIAM R. SANBORN.
They sold 30 tons of baled timothy and 15 tons of loose mixed hay at the Ora J. Oler farm sale, 4 miles northwest of Eldorado, and 1/4 mile south of the Yanketown church, on Thursday. It brought high prices, the baled timothy selling up to \$33 per ton for top, which price was paid by Sam McClure.

Ira Pappaw paid \$32 for three tons and Edward Baker got 10 tons at same figure. A small lot sold at \$31. Good mixed hay sold at from \$27.50 to \$30 and John O'Dea paid \$90 for 10 tons of baled wheat and oat straw.

The 1,500 bushels of corn looked good, as did a small lot of seed oats which brought \$1 per bushel from four farmers. Ross Roberts paid \$1.50 for 200 bushels of corn, the top of the day; while J. C. Jessup got the last 100 bushels at \$1.41 1/2, the bottom on the offering.

Mr. Oler isn't quitting farming, but his reason for the sale of so much feed stuff is: "Having bought a tractor, I will sell" etc., and he enumerates 6 head of horses, 16 head of cattle, a bunch of hogs, and some pure blood Shropshire sheep. He also listed a lot of agricultural implements.

Horses In Demand.

Horses were in demand. A team of brown 6-year-olds cost Irvin \$365; Kirk Geeting paid \$232.50 for a team of black drafters; Jesse Broadstock gave \$224 for a 4-year-old black mare and George Toehog got a fine road gelding at \$235. John O'Dea paid \$100 for a promising colt.

Cattle sold at fair prices. John O'Dea paid \$112 for a Polled Durham with calf at side; he also got a Short-horn mother and calf at \$74, and his third cow at \$75. Amos Shaffer paid \$76 for a red milker. Five heifers went to one man at \$50 each, and the two bulls went to Henry Broadstock and H. Gauby at \$75 and \$60.50. The top on broad sows was \$56.75; a lot of gilts sold at various prices and some small feeders at \$16.75, or a shade better than present market weight prices. People still have faith in chickens and always bid liberally for all good layers.

The 64 pure and Hampshire Stump took all of them home. J. A. Grottle bought all the sheep at a range of from \$16 to \$18.50 each.

Sale Totals \$6,350.

Some of the implements were "like new" and sold well. J. Duffield paid \$54 for a grass seeder and John Bruber invested \$50 in a Deere gang plow.

Rob Hubler bought two corn plows and Ben Thomas got a riding plow for \$20. Two storm buggies sold at \$30 and \$37. John Wiley and Humphrey Stump were the buyers. A little seed corn sold up to \$1.75 per bushel and some timothy seed at \$6.50.

The sale, which netted \$6,350, was cried by Tom Conniff and Simon Weddie, and S. L. Bookwalter of New Madison and Joe Hascher, of New Paris, kept the records.

The Ladies' Aid of the Yanketown church served an acceptable lunch, which was entirely sold out. Those present and serving were: Susan Emrick, president; Jennie Spangler, treasurer; Frances Kesler, secretary; Eva Billman, Nettie Thompson, Ella Brown.

DOUBLE RESULTS OF YOUR HAIR

"Danderine" creates mass of thick, gleamy waves

In a few moments you can transform your plain, dull, flat hair. You can have it abundant, soft, glossy and full of life. Just get at any drug or toilet counter a small bottle of "Danderine" for a few cents. Then moisten a soft cloth with the "Danderine" and draw this through your hair, taking one small strand at a time. Instantly, yes, immediately, you have doubled the beauty of your hair. It will be a mass, so soft, lustrous and so easy to do up. All dust, dirt and excessive oil is removed.

Let Danderine put more life, color, vigor, and brightness in your hair. This stimulating tonic will freshen your scalp, check dandruff and falling hair and help your hair to grow long, thick, strong and beautiful.—Advertisement.

Entered Apprentice degree will be conferred on a class of nine by Webb lodge next Wednesday. The meeting will start at 8 o'clock and supper will be served at 6:30.

Big Hog Offering Nets \$8,080 at Newcastle

NEWCASTLE, Ind., Feb. 20.—One of the greatest hog sales ever held in this part of the country was that held under the management of A. McPherson, auctioneer, at his community auction house in Newcastle, Wednesday afternoon and night. The first consignment was Fred Wissing's fifth annual offering of Spotted Poland Chinas.

The sale attracted noted stockmen from all over the country, the state of Iowa being more largely represented than any other outside of Indiana. Representatives of live stock journals were also present, among them being Obenchain and John Bock of the Spotted Poland Journal, R. G. Shaffer of the Spotted Poland Booster of Iowa City, Iowa; Wilber Hadley of

the Farmers' Guide, and John Witt, field man.

The auctioneers were Col. A. A. Pigg of Danvers of a bushel per acre of What Cheer, Iowa, and Col. A. McPherson and Col. Guy Strong, of Newcastle.

Wissing's offering of forty-nine hogs brought \$8,080. Three of the number brought \$500 each, one to James Moran of Kynegs, Iowa; one to Taylor & Taylor, What Cheer, Iowa, and the other to Nixon & Houser of Springfield. The first 20 averaged over \$200 each.

Indiana Man Wins Third Prize in U. S. for Corn

W. H. Baker, of Lyons, Green county Ind., won a bronze medal and \$250 cash prize for the third highest yield of five acres of corn in the United States in 1919. He missed the second prize by only a quarter of a bushel per acre. His yield was 121.7 bushels per acre of corn containing 15.5 per cent moisture, which is the commercial standard. The first prize goes to Missouri with 127.5 bushels per acre; the second to Ohio with 122 bushels.

These three states, Missouri, Ohio and Indiana, had their own five and ten-acre corn contests in 1919.

Indiana made a great record. Over 100 of her contestants averaged better than 100 bushels per acre, and will be entitled to special certificates of yield. To raise the third highest crop of corn in the United States is high distinction.

Chinese locomotive engineers have the greatest sense of touch with the airbrake of any in the world. A break in two is almost unheard of, and there is very little damage to cars in shunting on Chinese railways.

DELIGHTED WITH WHAT DRECO DID

Suffered for Years With Stomach Trouble, Nervousness, Pains in Back and Limbs, Dizziness and Constipation. All Gone Now.

"I have just finished taking a bottle of Dreco, and it has done for me so much better and stronger that I can do all my own housework," said Mrs. Title Irvine, who lives at 720 S. 13th St., Richmond, Ind.

"Before I began taking Dreco," she continued, "it was in a terrible run-down condition; couldn't eat anything hard, and didn't sleep much. My trouble started several years ago, and although I tried many different things, nothing prescribed for me seemed to do me any good, and I was almost a physical wreck."

"After eating I would feel all bloated with sour gas, and my heart would beat so fast sometimes, I would think I was going to jump out of my body. This made me very nervous and I was easy to get excited. I felt so badly that I couldn't take any interest in things. Nearly every day I would read in the papers about what Dreco had done for others, and many cases just fitted my symptoms exactly, so I talked the matter over with my husband, and we decided to give Dreco a trial. After a few days it began to brace me up, and I knew I had at last found the right thing my system needed."

"I am now so much better that I can eat most anything I want, and as much as I want, and do not feel any bad effects at all. My husband says I sleep like a log, and he can hardly wake me in the morning; I never have a headache now and feel strong and well. I am delighted with what Dreco did for me."

When the liver, kidneys or bowels become inactive, the system fails to throw off the poison, and slowly, day by day, we are weakening our bodies till a breakdown comes. Sometimes it takes the form of the above case; Dreco causes the organs to carry off these toxins and waste matter, and keep the system free of these poisons.

All good druggists sell Dreco and it is highly recommended in this city by Thistlethwaite's Drug Stores.—Advertisement.

No More Corn Suffering

"Gets-It" Never Leaves a Corn On Any Foot For Very Long.

The hurting "pep" goes right out of that corn the moment a few drops of "Gets-It" lands thereon. It is through, and "for keeps."

The hurting "pep" goes right out of that corn the moment a few drops of "Gets-It" lands thereon. It is through, and "for keeps."

Corns and "Gets-It" Can't Live Together

You'll have no more pain but will notice the corn getting loose and wobbly. In a day or so, you lift it right off without any feeling. That's the end of the corn and of your troubles. Millions have proved "Gets-It" to be the one and only unfailing, common sense corn remover. Why not you?

"Gets-It" costs but a trifle at any drug store and carries a money-back guarantee. Mfd by E. Lawrence & Co., Chicago.—Advertisement.

BUILDING MEN ASK \$1.25 AN HOUR, IN CHICAGO

(By Associated Press)
CHICAGO, Feb. 19.—Thirty-three unions comprising the Chicago building trades council are preparing to demand \$1.25 an hour for their members, instead of the \$1 rate adopted last fall, union officials announced today.

The announcement followed close after the declaration of the Associated General Contractors convention yesterday that a building program aggregating six billion dollars during the coming year was being held back

by high prices of materials and the increasing cost of labor.

TWO WILL LOSE SIGHT

SHELBYVILLE, Ind., Feb. 20.—As the result of accidents Thursday, George Davis, 19 years old, and Sam Hensley, 14 years old, will both lose their eyesight.

A storage battery electric locomotive uses powerful electro-magnets instead of coupling or drawing cars.
