

POCKET RUNS YOUR APPETITE, BELIEVE EATERY CASHIERS

The pocketbook has considerable to do with appetites, say restaurant cashiers. The clerk, salesman, doctor, lawyer and bookkeeper will usually order light lunches while steamfitters, plumbers, brick layers and others will pick the most expensive. Formerly the laborer would not come into the higher class lunch rooms. This has been changed, for the "white collar" man will hunt the cheaper restaurants while the laborer breezes into the expensive ones.

Cashiers are able to judge whether or not a stranger patron is a habitual restaurant or filling in. If the latter, he will be agreeable and not growl about the service while otherwise the service, food and check are ragged.

Women are Worst
Women customers are usually the worst, say waiters. A woman goes into a restaurant with but a vague idea of what she wants to eat and absently glances over the menu while looking into a glass to see if her hat is on straight. She will force the waiter to tell her all kinds of pie he has.

If the cooking is not up to her own ideas of perfection she will sniff. Coffee served in restaurants never pleases women customers.

On the other hand men will call off his order, and unless a chronic groucher, will make no unnecessary remarks. He has in mind just what kind of pie desired and also a second choice. Men also rave about the coffee.

Babe Hurt Badly in Fall; Mother is Injured

Mrs. Robert Thompson, 1613 North E street, wife of Sergeant Robert Thompson, local recruiting officer, suffered painful injuries and her six weeks' old babe may be fatally hurt as a result of a fall down a flight of stairs at her home, Tuesday.

Mrs. Thompson, with the baby in her arms, had started down the stairway when she slipped and fell. The attending physician said that it was doubtful whether the baby would survive. It is injured about the head. A broken rib is the extent of Mrs. Thompson's injuries. Police officers took Mrs. Thompson and the baby to the hospital following the accident.

Dinosaurs Had T. B. Professor Declares

CHICAGO, Feb. 24.—Evidence of bacteriological infection has been found in the bodies of Egyptian mummies and there is evidence that prehistoric dinosaurs suffered from tubercular bacillus, Dr. Arthur I. Kendall, professor of bacteriology in Northwestern university testified in a suit in which Mrs. George A. Barmore today sought to establish her right to liberty. The department of health declared Mrs. Barmore was a typhoid carrier and a menace to the public health. Dr. Kendall explained that a person may be a typhoid carrier and spread disease but never himself contract the disease.

A number of prominent bacteriologists from various universities have been summoned to testify in the case. The city health department asserts that five cases of typhoid have been traced to association with Mrs. Barmore.

SPECULATE IN SPANISH RAILROAD STOCKS

MADRID, Sunday, Feb. 22.—Holders of railroad stocks and speculators are taking advantage of the present situation relative to an increase in railroad rates to carry out operations of great proportions. The house is agitated over the question and owing to public uncertainty and the fear that if rates are not raised it will mean ruin to most companies, shares fell yesterday 20 points with many holders still unloading.

CHICAGO'S POPULATION

CHICAGO, Feb. 24.—The Chicago Tribune today said that reliable indications are that the census will show Chicago's population to be 2,800,000, a 30 per cent increase over the figures of 1910.

Meat Dealers' Prices Should Decline—Palmer; No Signs Seen Here

CHICAGO, Feb. 24.—Retail meat dealers throughout the country must reduce their prices as the wholesale price of meat declines or else submit their books to federal agents for investigation of their profits.

This definition of the government's attitude has been announced by Attorney General Palmer. Instructions to serve the notice on all retail meat dealers have been sent to every United States district attorney, he said.

"For three months the price of meat has been falling," said Mr. Palmer. The retail dealers have claimed that their supplies were old stock purchased at the higher prices. The old stocks should be exhausted by this time and unless the price to the consumer comes down we will have to look into the question of the dealers' profits."

LOBBYIST MENACE TO U.S.—THOMAS

NEW YORK, Feb. 24.—Lobbying by class interests in Washington more seriously menaces the government of the United States than foreign complications over the league of nations, Senator Charles S. Thomas, of Colorado, declared in an address at a Washington's birthday meeting of the sons of the revolution.

In speaking of railroad legislation pending in congress, he said: "We, your servants, are threatened, cajoled, persuaded and warned of the fate, political and otherwise, that awaits us if we dare exercise our own judgment on this measure. We'll be damned if we do and we'll be damned if we don't."

"The galleries of both houses of congress constantly are filled with representatives of various class interests. You cannot imagine the mental anguish of the man who wants to be re-elected."

Some one once said that the most terrible thing imaginable was to be a gray horse in the infernal regions, but he has a happy time of it compared to some public servants."

"The surrender of some congressmen," he continued, "is exhibited in statutes now on the books. Just think! We have exempted labor and agricultural societies from operation of the anti-trust laws, and we cannot appropriate a dollar unless they acquiesce—and this in the land of equal right to all and special privilege for none. This practice, made sacred theory, is repudiated by every political party, including my own."

Extreme partisanship of modern politics is to blame for present day problems, for violation of laws and growth of criminal organizations and the tremendous expense of administering the government, Senator Thomas said.

SOCIALISTS TO BE DELEGATES

PARIS, Feb. 24.—Socialists of the most extreme faction will hold a large majority of the delegates sent from the Seine federation to the national congress to be held at Strasbourg this week. The conservative wing of the party is greatly in the minority as the result of an election of delegates held by the federation on Sunday.

COULD ANYTHING BE WORSE

NEW YORK, Feb. 24.—Topmost, the most altitudinous of the giraffe herd of the Central park zoo, has the quinsy.

Topmost got his feet wet a week ago. The sore throat didn't develop until yesterday. It took six rolls of absorbent cotton, ten yards of red flannel and an hour of Keeper Hurton's time to bandage the ailing part of Topmost's anatomy.

"Gosh, that's tough for poor old Topmost," said Hurton. "It's probably the worst thing that could happen to any animal unless the hippopotamus had corns or the porcupine had hives."

FEDERAL RESERVE BOARD DETERMINED TO RESTORE CREDIT

(By Associated Press)
WASHINGTON, Feb. 24.—Determination of the federal reserve board to exert the full power of the reserve banking system in regulating and controlling the credit situation—a course designed to aid commerce and industry in restoring a pre-war equilibrium—was disclosed in the board's annual report, made public today.

With this as its announced peacetime policy, the board was prepared to "test the ability of the system to check expansion aimed to induce healthy liquidation." The board explained it was aware of the implied power to rectify the condition which confronts the country. This power necessarily followed the authority for and employment of an elastic system of reserve credit and note issue, it was added.

Ask Power for Banks.
Recommendations also were made to congress for amendment of the reserve act which would permit reserve banks, with approval of the federal reserve board, to establish normal maximum lines of credit accommodation for member banks.

An ascending scale of rates would be provided in event money was borrowed above the maximum line. This, the board believed, would induce banks to hold their own large borrowers in check and thus work to the end that credit expansion on a large scale would be stopped.

Warning was given that the country must guard against too rapid deflation. When the board was in entire sympathy with measures to overcome this evil, it pointed out that remedies employed to correct deflation might create conditions worse than deflation itself.

Deflation Alone Not Remedy.
"Deflation merely for the sake of deflation, and a speedy return to 'normal'—deflation merely for the sake of restoring security values and commodity prices to their pre-war levels without regard for other consequences would be an insensate proceeding in the existing posture of world affairs," the report said.

"It must not be forgotten that industry is profoundly affected by credit conditions. Modern business is done on credit. One of its life-giving principles is credit."

"The ultimate test of a credit system must be found in what it does to promote and increase the production of goods. True in general the truth of this observation deserves to be particularly emphasized in the present depression. Modern business is done on credit. One of its life-giving principles is credit."

In explanation of its increase in discount rates, the board said that this had been the traditional method of credit control.

FRENCH DUKE WILL MOURN

FOR GABY DESLYS IN U.S.
NEW YORK, Feb. 24.—The Duc de Crussol arrived in New York Monday on the French steamship La Cavoie and announced that he came as a voluntary exile to mourn for Gaby Deslys, the French actress, "in the land she loved and to be among the people she loved." Before Gaby died, the Duc de Crussol said, his mother became reconciled to his contemplated marriage to the actress, and after sailing he received a wireless message extending her sympathy. When the dancer was last in this city the Duc de Crussol paid court to her, but the match was said to have encountered strenuous opposition from his family.

The French nobleman exhibited two large pearls bequeathed to him by Gaby, one of which he said, was from her famous pearl necklace valued at 1,400,000 francs. He left France the day after her death and said he intends to remain in America.

CENTRAL UNION TELEPHONE RATES ARE INCREASED

INDIANAPOLIS, Feb. 24.—Individual and business telephone service from the Central Union telephone company was increased 25 cents a month by an order issued today by the Indiana Public service commission. The new rates become effective March 1. There will be no change in the two party residence charge. It was expected the rates in other Indiana cities would be announced soon.

WILLIAM DUDLEY FOULKE TO SPEAK AT NORTHERN M. E. MEETING HERE

William Dudley Foulke will be among the local speakers who will welcome the 77th North Indiana conference of the Methodist Episcopal church, when it formally convenes in the Grace M. E. church, Tuesday evening, April 6.

Committees of the conference will be in session for two days previous to this. President Grose of DePauw university, will speak in the Grace church on Easter Sunday, the opening day of the conference, which will close Monday, April 12.

Particularly interesting in connection with the 77th session in Richmond is the fact that the first session was held in Centerville in 1843 in the Methodist church.

A pilgrimage to this historic town will be a feature. The Richmond Commercial club is arranging to furnish conveyance.

Richmond was selected for the conference from Warsaw, Newcastle, and Muncie. The Rev. O. L. Overdeer, who was pastor of the Grace church in this city, at the time of the last meeting, presented the local invitation.

Backing the invitation of the church were those of the city Ministerial association, the Commercial club, and other organizations.

50 Will Take Examination.
At least 50 undergraduates and young men just entering the ministry will take the required annual examination in the Grace church on April 5 and 6 with Dr. W. D. Arnold, pastor of the Grace church in Kokomo, and president of the board of examiners, presiding.

Several important banquets will feature the sessions here, including the educational banquet in the Reid Memorial church dining rooms at 5:30 p. m., April 7, and the Lake Wawasee Epworth league conference booster banquet at the Reid church on Saturday at 5:30 p. m.

Lay electoral delegates, who will number about 300, will meet early in the week in the First M. E. church to elect delegates to the general conference of Methodism in Des Moines in May.

Ladies of the First M. E. Church will serve luncheon to the delegates on Monday. Seven delegates to the Des Moines conference will also be elected by the ministerial body in session.

Rice Is Headliner

M. S. Rice, pastor of the Detroit M. E. church, considered one of the largest in the world, will be the principal speaker at the Friday evening session in the coliseum. The high school orchestra will play and the high school chorus of over 800 voices will sing under the baton of Ralph C. Sloane, director of music in the Richmond public schools.

Mrs. J. B. O'Connor of Centerville, president of the preachers' wives, widows' and daughters' conference, will preside at the meeting of that body on Saturday at 10 a. m.

D. E. Jones, pastor of the Wabash M. E. church, in Wabash, is secretary of the conference, and the Rev. David S. Jones of Marion, treasurer, will have his office in the First National bank during the conference; the Rev. A. N. Backus, pastor of the Grace M. E. church, and chairman of the program committee announced Tuesday.

Headquarters of the board of stewards will be in the American Trust and Savings bank. Funds will be distributed to retired ministers from this office.

Boundaries Are Given

The conference is bounded on the north by Michigan; on the east by Ohio; on the south by the Old National Road, and on the west by Marion County, and a line running almost due north from the center of the north Marion county line to the Michigan state line and passing between the cities of South Bend and Mishawaka.

All churches in the cities and towns along the National Road are included within the conference. Within its boundaries is almost one-third of the area of the state and more than one third of the state's population.

The Methodist Episcopal church is the largest of all the Protestant churches and has more than 4,500,000 members, and with the Methodist

church south, about 7,000,000 members. Ninety thousand of these members are in the North Indiana Conference which has over 500 churches, served by 240 active pastors, served by 240 active pastors, six district superintendents, and 25 ministers engaged in special work as missionaries, heads of boards of church organizations, presidents of colleges and heads of departments in the church schools.

Purdue Will Operate Educational Train; May Pass Through County

(By Associated Press)
LAFAYETTE, Ind., Feb. 24.—Arrangements were made at a conference held at Purdue university today for a campaign in behalf of rural home betterment in Indiana, the chief feature of which will be an educational train to be operated over the New York Central lines in Indiana, March 15-April 15 to be known as the Home Equipment Special.

Co-operating in the enterprise are Purdue university's agricultural extension department, the Indiana Home Economics Association and the railroad company. The train will consist of five coaches carrying an exhibit of farm home conveniences, including home water works systems, home sewage disposal plants, laundries, power plants and lighting systems.

There will be lectures and demonstrations three times a day. While the New York Central lines, along which the educational train is to pass, do not touch Richmond, they pass through Randolph county, and the western part of Wayne county, and the train may make stops at towns on these branches.

HITS AT SELFISHNESS

NEW YORK, Feb. 24.—Personal success as an element of American citizenship should be subordinated to the common good, declared Vice President Thomas R. Marshall at a Washington's birthday service held by the Society of Tammany Monday. Commenting on the declaration of Jefferson that all men are entitled to life, liberty and the pursuit of happiness, Mr. Marshall said that liberty and life have a different meaning than they had ever 50 years ago.

"Life consists in somebody having some good thought for his fellow man," the vice president continued, "and even death will come to the man who goes about his business, piling up his money and gives no thought to the good of those about him. Jefferson, you will notice, did not say a man has a right to happiness. Oh, no, he knew most of us might get married. Jefferson was not going to give any guarantee."

LABEL TRIAL POSTPONED

EVANSVILLE, Ind., Feb. 24.—Action in the suit of Edgar Schmitt, chief of police, here against the Evansville Courier for \$200,000 damages for alleged libel was postponed Monday in the Vanderburg county circuit court, when a motion was made by the attorneys for the Courier to swear Judge Philip C. Gould, off the bench. The motion was sustained. A special judge will be appointed to try the case.

SECRETARIES DISAGREE ON PARK BOUNDRIES

(By Associated Press)
WASHINGTON, Feb. 24.—A dispute between the Agricultural and Interior departments and other interests over boundaries for the proposed Roosevelt National Park in the Giant Redwood District of California, was aired today before the house public lands committee.

Secretaries Meredith and Lane sent letters favoring establishment of the park, but expressing disagreement over boundary lines fixed in the bill of representative, Elston, Republican, California.

Watson and Penrose Hold Political Confab

WASHINGTON, Feb. 24.—Senator Penrose, who has been ill for nearly three months at his home in Philadelphia, passed through Washington Monday afternoon on his way to Florida. He believes that he will have recuperated sufficiently to permit his return to his seat in the Senate by April 15.

On invitation, Senator Watson went to his special car while it stood at the station and held an hour's conference with the big Republican chief of Pennsylvania. Senator Watson has been acting as chairman of the Senate finance committee in Penrose's absence, and during their conference, the two senators discussed pending legislation and also presidential politics.

Senator Penrose let it be known that he is not yet committed to any candidate. It is well known in Washington that Senator Penrose would have swung Pennsylvania's vote to Senator Watson if the Indiana Senator had become a presidential candidate.

Artist Refuses Five Million Dollar Work

(By Associated Press)
LONDON, Feb. 24.—Sir William Orpen, the distinguished artist, has refused an offer of £1,000,000 for painting 300 portraits, which is said to have been made him by an American. "It is quite true that the offer of £1,000,000 to paint portraits came to me from America," Sir William said today in confirming the report, according to the Daily Mirror. "To complete such a contract, however, would take far more than the ordinary life time—it might take 300 years."

Sir William will go to America this fall on business.

Wilson Sends Message of Felicitation to Deschanel

WASHINGTON, Feb. 24.—President Wilson has sent the following message of felicitation to Paul Deschanel, the new president of France:

"On this occasion of the assumption of the duties of your high office as president of the French republic, I extend to your excellency my cordial felicitations. Victorious in the greatest struggle known to the world, France faces a great and glorious future, and you Mr. President, as the chief executive of the people whose high ambition is the maintenance of right and justice, will be a potent factor in the attainment of these happy results. I wish for you an administration of great prosperity, and health and happiness for yourself."

"Woodrow Wilson."

HOUSE ADDRESSES ROTARY; WEEK IS CLUB ANNIVERSARY

"What a Rotarian Should Be," was the theme of an address delivered by Dr. E. L. House, who is giving a series of lectures here before the local Rotary club, Tuesday noon. Dr. House is a Rotarian.

Eight local ministers were present at the luncheon, as special guests. The Rev. J. J. Rae presided at the meeting. The ministers in attendance included the Rev. Messrs. James Hill, H. S. James, A. Mitchell, L. A. Bunyon, Charles A. Woodman, A. H. Backus, R. L. Semans and R. G. Isley. It is the plan of the local club to entertain next Tuesday the members of the United States army recruiting party, who will be in the city at that time.

Dyer to Speak.
John N. Dyer, first vice-president of the International Rotary Clubs' association, was to have given the address at a banquet to be given by the local organization at the Y. M. C. A. the evening of March 8.

Several interesting features are marking the celebration of the 15th anniversary of the birth of Rotary, this week, by the Richmond club.

Sunday the members of the club attended the First Presbyterian church where Rev. Rae delivered a sermon which touched indirectly on Rotary. The club is making plans for a more extensive celebration of the anniversary later in the week.

Seven Fine Shetland Ponies FREE

Only One Pony Given to a Family

Q-E-N

B-B

Can you fill in the missing letters under one of the ponies and complete the pony's name? You can do this if you try. Just write Uncle Joe and tell him the name of one of the ponies, and he will tell you how you can get a beautiful Shetland pony with bridle and saddle, all trained to ride and drive.

You will be the proudest one in your neighborhood when you get a real live Shetland pony, and you can get one if you will. Uncle Joe has a pony for you, so be sure to write and tell him the name of one of the ponies, and he will send you a copy of our popular magazine. Write and send coupon today so Uncle Joe can tell you all about the ponies, and how to get one FREE.

UNCLE JOE, The Pony Man

B-L-C-B-A-T

We have given away 60 ponies to boys and girls. If you want a pony write Uncle Joe today

Uncle Joe, The Pony Man, A-262 Popular Bldg., Des Moines, Iowa.

Dear Uncle Joe:—The name of the pony I want is.....

Please tell me how I can get a Shetland pony without one penny's cost.
