

ELLIOT CREDITED WITH SUPPORT OF ARMY BONUS BILL

WASHINGTON, Feb. 24.—In its issue of Feb. 21, The Stars and Stripes, a weekly newspaper published in Washington in the interests of the men who saw service in the World War, publishes a list of 65 congressmen who are credited with being responsible for forcing action by congress to provide an adequate bonus for every man who served with the colors during the war.

Among the names is that of Representative Richard N. Elliott, of the Sixth Indiana district.

The action to be taken by the house of representatives this week will take the form of a vote on a resolution to refer all soldier compensation legislation to the ways and means committee, with instructions that a bill affording proper relief be reported out as expeditiously as possible.

Is Up To Committee. The ways and means committee will immediately begin hearings to determine what form of compensation shall be provided for ex-service men.

The 65 congressmen who appear on the "honor list" of The Stars and Stripes are given credit by that publication with having convinced the Republican steering committee and the ways and means committee of the house of the importance of immediate recognition of the services rendered by American soldiers, sailors and marines in as generous a manner as the state of the nation's finances and credit will permit. It is significant that one of the congressmen whose name appears on the Stars and Stripes list is Chairman Fordney, of the ways and means committee.

Yellow Mustard for Sore Throat, Tonsillitis

Old fashioned remedies are often the best. Yellow Mustard, in the form of plaster or poultice, has been used for generations for soreness, inflammations, congestions and swellings with most excellent results but is blistered. Heat causes pain and Bery's Mustard, made of pure yellow mustard, together with other pain relieving ingredients is just as effective and cannot blister.

When your throat is sore, when you have pleurisy, bronchitis or a pain-shooting chest cold you can get speedy and lasting relief with this most effective preparation because heat eases pain. Every drugstore has it—30 and 60 cents.

NO NEW PEACE TREATY
WITH RUSS, SAYS BERLIN
(By Associated Press)
COPENHAGEN, Feb. 24.—A semi-official telegram from Berlin denies recent reports regarding a Russian peace offer to Germany and also denies a report that Germany will participate in peace directions between the great powers of Europe and the Russian soviet government next month.

"Germany has been at peace with Russia since the treaty of Brest-Litovsk," the telegram adds.

Ravenna, Italy, now four miles inland, was once a seaport town. It has been made so by the delta of the River Po.

Good Blood Means Good Health

A clear healthy skin, full of life and color, reflecting perfect health and energy has long been known to be a business and social asset.

If you are not the fortunate possessor of all the above—if you are suffering from skin eruptions of any description, it means that the blood is weak.

Pure blood, rich red in color and circulating freely, is the essential factor in the possession of perfect health.

When it becomes impoverished—thin and watery—it cannot supply proper nourishment and the body tissues become diseased.

This condition is ever ready to manifest itself and should be checked and treatment started with the first appearance of blood disorder.

In our estimation Nyal's Hot Springs Blood Remedy is the one best treatment. It gets at the root of the trouble, cleanses the blood of impurities, increases the circulation, produces blood that is rich in nourishment—blood that will build up broken-down tissues.

It will not be long before you notice a decided improvement—you will feel the blood coursing through your veins, your appetite increased, the food will be absorbed in the proper manner and the skin will become clear and healthy.

You will never regret having used Nyal's Hot Springs Blood Remedy—it will put you on your feet.

The Master of Man

By Sir Hall Caine, K. B. E.

FOR four years Hall Caine's pen has been laid aside, while he has devoted himself to the service of his country. For four years hundreds of thousands of readers have waited impatiently for a new novel from the author of "The Manxman," "The Deemster," and "The Woman Thou Gavest Me."

Now comes this long awaited story. "The Master of Man"—Hall Caine at his best—the one great literary landmark of 1920—begins

Can the Dead Pursue the Living?

A FAMOUS French actress once refused the advances of a young Breton suitor who died two years later with menaces against her on his lips. Short Work—Long Job!

FOR seven months, Whiting Williams, Director of Personnel of a great steel company, labored under an alias, as the buddy of his foreign-born friend Anton, or Pietro or Stephano. He slept with him in the same bed, and worked beside him in the mines and factories, to learn from him at first hand, the real causes of our industrial unrest. "What is the most important truth you learned?" he was asked. You will find his answer—a most remarkable one—

Bernard Shaw and the Gloomy Dean

WILLIAM RALPH INGE, Dean of St. Pauls, no doubt had Bernard Shaw in mind when he asserted that religious teachers today are to be looked for outside the church. Yet, in spite of his liberal religious views, there is in all England no more scathing opponent of Shaw's socialism. Shaw attacks with characteristic satire the somewhat reactionary views of "The Gloomy Dean" on many of the great economic and social problems of the day—
