

CHINA MUST HAVE CHRISTIANITY, WONG TELLS MINISTERS

"Christianize China or she may develop into another Germany," warned Anson T. Wong, assistant headmaster of the Methodist College in Shanghai, speaking before the state interchurch World Conference at Indianapolis, Tuesday afternoon.

"It is the Christian religion more than all the other things of Western civilization that my country needs," added Mr. Wong, who is a graduate of Columbia University and who has studied at Oxford.

"That civilization has already created many paradoxical conditions in China and it is of no use whatever to us unless the Christian religion comes with it.

Mr. Wong emphasized the great potential future of the Eastern empire, with its vast material resources and its possibilities for good or evil in the world. "China, developed by the power and leadership of Christianity, will play a significant part," he said, "in making the world safe for democracy. Without that religion her size and numerical strength contains many elements of danger."

Ohio Record Excelled.
The conference included morning, afternoon and evening sessions and a total registration of 1,629 ministers was reported. This was said to be in excess of the Ohio record, notwithstanding the fact that the Buckeye state has more than twice as many Protestant ministers as Indiana.

Addresses were made by James P. Chadbourne of Boston, financial director of the movement; Dr. A. M. Crouch, of New York; Dr. W. G. Clippinger of Ohio; Dr. W. E. Doughty of New York and Prof. K. A. Honline of Dayton, O.

Most of the score of Richmond and Wayne County ministers attending the conference returned home Tuesday night and Wednesday.

"Business First," Slogan of Ad Club's Convention Board

INDIANAPOLIS, March 3.—Many Richmond advertising and business men are expected to attend the convention of the Associated Advertising Clubs of the World, to be held in this city, June 6 to 10. According to present indications the convention will be one of the greatest business conventions during this year.

Requests for hotel reservations are being received by the Indianapolis hotel committee, from business and advertising men in all parts of the United States and the world. A large delegation is expected to attend from Richmond.

Brass bands will give way to brass tacks at the convention and everything will be conducted on a business basis. "Business first" is the slogan which has been adopted by the convention board.

Earlham Summer Session To Run June 14-Aug. 27; Many Courses are Offered

Summer school at Earlham college will open June 14 and close Aug. 27. Matriculation will open and close on June 14, and recitations begin the following day. Persons taking only college work will finish on Aug. 8, but professional students will not close their work until August 27.

President David M. Edwards has announced that J. Herschel Coffin, Ph. D., will direct the summer work and lecture in philosophy and psychology. The following summer staff of professors has been announced: Harlow Lindley, M. A., professor of history; Alexander C. Purdy, Ph. D., professor of biblical literature and church history; George H. Hilliard, M. A., professor of education; Charles E. Cosand, M. A., professor of English; Frank R. Elliott, M. A., assistant professor of biology; John Harny, B. A., assistant professor of French; and Miss Bertha Larsh, director of household economics.

The summer session is designed to serve the needs of regular Earlham students, who desire to make up hours or to work ahead more rapidly toward graduation, and to offer opportunity to High school graduates who wish to teach to secure the necessary professional certificates.

Don't pull up in the road to success and wait for the other fellow to go ahead.

Style Show Exhibitors Expect Successful Event

Richmond merchants who are co-operating in the annual spring style show have all arrangements completed for what is to be one of the most successful debuts of style ever made in the city.

Five live models, professionals from New York city, will display the gowns

from Harry Holmes, the Feltman shoes and Bowen hats on the Murray theatre stage Thursday, Friday, Saturday and Sunday.

None so deaf as he who will not hear the calls of one in trouble.

The quern, a primitive device for grinding grain, is still employed in remote parts of Ireland.

The High Cost of Living Is Driving Us Mad

Can Be Greatly Reduced If You Have a Hearty Appetite.

People who haven't healthy appetites can eat and eat the choicest foods and not get the full benefit of them, for they do not assimilate their food.

If your appetite is right and your stomach is in order you can get genuine pleasure out of a boiled dinner or a meat pie that costs one-third as much as a special sirloin steak with mushrooms—and you can put just as much good red blood in your veins from it.

The trouble is your stomach is not in perfect shape. You do not assimilate your food properly, therefore your appetite has to be teased and tempted with costly foods that haven't any more real

nutritive value than the less expensive kinds.

PEP-SALINE LOZENGES cure indigestion, heartburn, nausea, and all the misery that thousands endure needlessly simply because their stomachs are not able to do all the work of digestion required for a healthy body.

PEP-SALINE LOZENGES are easy and pleasant to take. They are scientifically compounded from pure pepsin and other nutritive properties that Nature furnishes, when the stomach is in perfect working order, but which is lacking in the weak stomach. Tear this out as a reminder to get a trial box of the Pink Lozenges in the Pink Package TODAY and you will begin to find genuine enjoyment in every meal you eat.

"HOW BADLY YOU ARE LOOKING!"

No thrust can stab a woman's heart like that venomous remark. And if true, what solace can there be?

Woman's attractiveness is her dearest possession and nothing can replace it if lost.

The one essential to beauty is a satiny skin, and it can be acquired and retained by using Satin skin cream and Satin skin powder. Look better and you'll feel better.

Leonard Ear Oil

Ninety Percent of the cases of Deafness and Head Noises are Catarrhal, due to Catarrh in the Eustachian Tubes and Air Passages which connect the ears and nose. In all such cases these Tubes become stopped up with Catarrhal mucus, and the Air Passages of the Head clogged, thus preventing the air from entering and circulating as nature intended, and the result is Deafness and a great variety of dreadful Head Noises. Catarrh causes Thickened, Sunken and Hardened Drums. Also, if the Natural Drum is perforated or completely destroyed the cold air enters through the perforation and a Catarrhal condition quickly arises. Therefore, before there can be any improvement in Hearing or Relief from the Head Noises it is absolutely necessary that the diseased condition in the Eustachian Tubes and Air Passages be relieved. By "Rubbing It In" and massaging Leonard Ear Oil as directed.

SPIRO DEPILATORY

EVERY LADY KNOWS that hair on face, neck and arms is a disfigurement. Your closest friends may not tell you, but are users of Spiro Depilatory, for Spiro is universally used to remove all unsightly and unnecessary hair.
