

ATTRACTIVE GIRLS MUST HAVE BRAINS, IS MEN'S VERDICT

Brains and ability to use them, are considered by the majority of Richmond people the principal charms of an attractive woman.

This answer was given by three-fourths of the people who were asked the question—"What makes a young woman attractive?" The other one-fourth wavered between a preference for a pretty face, pretty ankles, and stunning clothes.

Persons asked regarding the necessary attributes of an attractive girl were extremely squeamish about being quoted.

"You see ahem, ahem—I have a, ah, friend who doesn't—well she measures up all right, only I just don't care to be quoted, you understand." Perfectly nice papas admitted that ideal daughters should do thus and so, but couldn't be made to say that was the way their daughters did.

Some valuable information was acquired, to be passed on to maidens who would like to be attractive—or, more attractive.

Mus. Heve 'em, Belief.

"The girl with lovely hair is it yellow, red, black or brown is not attractive if she has nothing interesting under her," said a Richmond critic.

"I've known a lot of beautiful girls who bored me to death when they were within talking distance."

"Yes, but you used to take that kind out when you were young, didn't you?" he was asked.

"Yep, had a terrible case on one when I was 20 years old. At 25 I was shanking my stars I hadn't married her. I didn't marry that sort, you know."

Another man asked, said the really attractive girl must have a great deal of vivacity, "pep," and ability to rough it.

"You know, it's all bunk, this talk of a man caring for a pink nailed girl who can exert herself except to dance," he declared. "Notice even the multi-millionaires who occasionally marry that kind. They get divorces

ENGINEER JOHN KELL FEARED HE WOULD HAVE TO GIVE UP HIS RUN

Says His Muscles Felt Like
They Were Tied Into Knots,
He Suffered so From Rheumatism.

GAINS 25 POUNDS AND IS RID OF TROUBLE

Eats Anything and Feels Happy as a Boy Since Tanlac Brought Him Health and Strength.

Still another well-known Indiana railroad man testified to the remarkable merits of Tanlac. This time it is John M. Kell, of 115 Gibson street, Princeton, engineer on the Southern, pulling passenger train between Evansville and French Lick, West Baden.

Mr. Kell has been employed by the Southern continuously for the past thirty-one years, and is one of the oldest in point of service, as well as one of the most efficient and popular men of the Louisville division of the road.

During a conversation with friends at the H. A. Woods Drug Store in Evansville the other day, Mr. Kell declared that Tanlac has kept him from having to give up his run. When asked if he was willing for his statement to be published, Mr. Kell said:

"Yes, indeed, for I feel certain—in fact, I know Tanlac has given me back my good health and I am proud to let the facts be known. At the time I got Tanlac I was going down hill so fast that I could not have possibly kept my run much longer, and such a medicine is certainly worth recommending to everybody. I wouldn't think of running without it and in order to have it when I need it, I keep a bottle at each end of my run and one on my engine with me."

"During the past five years I have had considerable trouble with my stomach and kidneys. I also had rheumatism in my legs, arms and

shoulders, and have had to lose several trips on account of my condition, which kept getting worse in spite of all I could do. I suffered from indigestion so bad that I was afraid to eat anything except something very light; for if I ventured to eat anything the least bit heavy and highly-seasoned I would become almost deathly sick at my stomach and just feel awful for hours. My kidneys worried me constantly, my back ached terribly, and this, with the rheumatism and stomach trouble combined, simply made life miserable for me. In damp or rainy weather the rheumatism pained me so I could hardly stand it, the muscles in my arms, shoulders and legs would draw up and feel like they were tied in knots. Actually I was so affected with this rheumatism that I had to make two or three attempts before I could get into the cab of my engine. Besides the physical suffering, I was worried almost out of my wits at the thought of having to lay down my run, which I had been working myself up to for so long."

"But Tanlac has put an end to that state of affairs and I just feel happy like a boy to see how perfectly my health has been returned. One day I read a testimonial that described my case to a 'T,' that's how I got started on Tanlac and I have been going forward, in place of backwards, ever since. I picked up eight pounds in weight in the first four weeks, but that is only a very small part of what Tanlac has done for me. My stomach is in such fine condition now that I can eat just anything I want and never feel a sign of indigestion. In fact, the first bottle of Tanlac relieved me of that trouble, and since that time I have gotten rid of the rheumatism pains and backache and my kidneys are in excellent shape. I am in first-class condition in every way and can climb in and out of my engine with as much as I could when I first got my run. To put it all in few words, I am feeling as fine as anyone can wish, and I don't mind for the world to know what Tanlac has done for me and what I think of it."

"Tanlac is sold in Richmond by Quigley's Drug Stores and by the leading druggists in every town."—Advertisement.

twice as soon as the kind who marry an alert, capable girl."

"Does beauty really count?" another was asked.

Beauty Counts, But—"

"It does to a certain extent. By that I mean that if there isn't a great deal of cleverness, there must be a good portion of looks. Personally I'll take the clever girl, and if she has beauty, so much the better. One doesn't exactly fancy sitting at the breakfast table for 40 years opposite an ugly frau but that would be better than a silly, talking wife who was always saying ugly things."

Women interviewed stood for those generally deemed desirable in the well educated and cultured girl. Too much culture and not enough "common sense" was tabooed as fatal, as was lack of interest in affairs of daily interest and too much interest in frivolities.

Just strike the happy medium, girls. And if you happen to be very pretty don't forget what the majority of married men think must go along with it. Many single men have like ideas.

PERFECT CONFIDENCE

Richmond People Have Good Reason For Complete Reliance.

Do you know how—To find relief from backache; To correct distressing urinary ills; To assist weak kidneys?

Yur neighbors know the way—Have used Doan's Kidney Pills; Have proved their worth in many tests. Ask your neighbor!

Here's Richmond's testimony. J. A. Williams, lumberman, 221 S. Ninth Street, says: "Doan's Kidney Pills have done a lot of good in our family and we are glad to recommend them. I used Doan's Kidney Pills when my kidneys were weak and when my back was aching. They strengthened my kidneys and stopped the pains."

OVER FIVE YEARS LATER. Mr. Williams said: "Doan's Kidney Pills are the best kidney remedy I ever used. I know they are worth a trial by anyone who needs a good kidney medicine."

Price, 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Williams had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.—Advertisement.

News and Events Among R. R. Workers

Approximately 700 men are employed at the Pennsylvania East Yards, and this number 140 are employed on the first shift at the roundhouse, 100 on the second shift and about 110 on the third shift. Car repairmen number about 150 and men employed in the carpenter shop and store room amount to about 100. About 75 clerks are scattered among the different departments. Approximately 100 employees, plumbers, and mechanics about the same. Several hundred men are em-

ployed as train crews and yard switchmen and brakemen.

LeRoy Hodge is absent from his duties as time clerk at the repair offices.

Steve Smith has returned to work as general clerk after a several day absence because of flu.

The present warm and agreeable weather has brought out all car repairmen. The ranks of the repairmen are expected to be considerably swelled when vacation time starts, as a large number of college students work here during vacation.

**CASHIER KILLED IN
ATTEMPTED HOLDUP**

KANSAS CITY, Mo., March 10.— Glenn Shockley, cashier of the South Side Bank, located in the business district of Kansas City, was killed by one of four bandits who tried to hold up the bank Tuesday.

**BALTIMORE BANDITS TAKE
\$40,000 WORTH OF JEWELS**

(By Associated Press)

BALTIMORE, March 10.— Four armed men smashed the window at the jewelry store of James R. Armiger &

Co., in North Charles street Tuesday, seized two trays containing diamond rings valued at \$40,000, and escaped in a waiting automobile, after shooting and slightly wounding a man who attempted to prevent their getaway.

Many School Children are Sickly

and take cold easily, are feverish and constipated, have headaches, stomach or bowel trouble.

MOTHER GRAY'S SWEET POWDERS FOR CHILDREN

Used by Mothers for over 30 years

Are pleasant to take and a certain relief. They tend to break up a cold in 24 hours, act on the Stomach, Liver and Bowels and tend to correct intestinal disorders and destroy worms. 10,000 testimonial like the following from mothers and friends of children telling of relief. The Chance that the Army Offers

YOU

"As a corporal I was drawing down \$38.10 a month every time the bugles blew 'Pay Day'.

"And when I read in the papers about the big civilian pay envelopes, civil life opportunities looked pretty good to me!

"I took up my old job when I got back and when then they raised my pay to \$35.00 a week—almost as much as I got every month in the Army—well, I thought I was sitting on the world.

"But times have certainly changed! Thirty-five a week today goes like a breeze. Food has advanced, shoes cost more, and every time I buy a suit I think I'm paying for the war as well as fighting it.

"I'm classed, I guess, as just an unskilled worker, I left school too early and I'm sorry for it now.

"And where'll I be ten years from now? Answer me that! Working for day wages, making a living and nothing more? I guess not—for I'm going back to join the Army!

"I'm going to take a job that will give me more free cash than I get today—a job that'll mean all my expenses paid—a training that will make me the kind of man who succeeds and a life that'll keep me feeling fit and fine."

Health, Travel and Training

Congress has appropriated \$2,000,000.00 to be used in the Army Schools. In many schools and posts you will have the opportunity of being trained in the skilled trades and at practically all Army stations, schools are in operation in which you can improve your education.

You'll have enough out-door work to keep you in perfect trim. You'll learn the sort of discipline that makes a man able to handle other men. You'll have a fine crowd of buddies. You'll live a fine healthy life—no soft snap about it, but it will be a life that will make you a regular man.

You'll learn how to hold up your end in any company. You'll have an increased ability—a sure self-confidence on your return.

Richmond

THE 14 ARMS OF THE SERVICE

The Recruiting Sergeant can give you the information that will help you decide which branch fits you best. In all of them you will get the fine training as a soldier that the United States offers all its men—in many branches you can get highly specialized training.

INFANTRY—The men who have made the name of "doughboy" feared and respected throughout the world welcome you to the comradeship. Fine fellows—good fun and good training in any school at the post you go to.

CAVALRY—When the horses are champing at the bit and the "yellow legs" mount up and the troop rides forth, there is a thrill that no old cavalryman can ever forget. A horse of your own—a good outdoor life and training for future success.

FIELD ARTILLERY—"Action Front" comes the command—then watch the boys with the red hat cord snap into it. A happy outfit—with the dash of mounted service added to interesting work that calls for head and hand. Motors if you wish.

CORPS OF ENGINEERS—Army engineering is known the world over for its excellence and an enlistment in the engineers can be the start of a young man's training in the various branches of engineering and in the mechanical and building trades.

COAST ARTILLERY—Living on the sea coasts, guarding big cities with big guns, getting time for study and a wide and good technical training, the C. A. C. man is preparing for a useful life and good pay and is having a good time while he's learning. The C. A. C. also mans the mobile big gun regiments throughout the country.

AIR SERVICE (including BALLOON CORPS)—The man who gets the early edge in experience with aeroplanes and balloons has a chance to cash in big on his army training. For flying is only in its infancy and it's going to be a profitable business for men with the right experience.

ORDNANCE DEPT.—The ordnance is appealing to the studious young American. To wide opportunities for study, it adds a business as well as a technical training.

SIGNAL CORPS—Whether it's laying a wire from a reel-cart at a gallop or installing a wireless station that will flash its message half around the world, the Signal Corps is there, and a man who learns radio telegraph and telephone work in the Signal Corps is always valuable.

MEDICAL DEPT.—Good experience, good pay, and training in all branches of hospital work. Excellent opportunity for future success. The Veterinary Corps teaches the care of horses as well as meat and milk inspection.

TANK CORPS—The man who knows gas motors and tractors or who wants to know them is invited to join the Tanks. Radio, machine gun and ordnance work are all parts of the Tank Corps work.

QUARTERMASTER CORPS—The Corps that feeds and clothes the Army offers a valuable training for future business. Interesting work for the man who likes horses in the Remount Service.

CONSTRUCTION DIVISION—Practical work in the many trades is part of the every day life of the Construction Division. Many opportunities to learn the trades of highly paid specialists.

CHEMICAL WARFARE SERVICE—For a man with a little knowledge of chemistry or for any ambitious young man who would like to get that knowledge, there is interesting work and rapid advancement in the C. W. S.

MOTOR TRANSPORT CORPS—A thorough practical training in motors and their accessories, and in driving as well, is given in the well-equipped schools of the Motor Transport Corps.

Where the U. S. Army Serves

American troops are serving in Panama, Hawaii, the Philippines, Alaska, China, Germany, Siberia and here in the United States. The Recruiting Sergeant will gladly show you all the details.

Like every one else in the army, from General to Buck Private, you're under orders, and if your outfit moves and you're needed elsewhere, your duty is to go.
