Motto—For Christ and The Church.

Sunday, March 14. Topic: Patience and Its Rewards. I Cor. 13:4-7; Luke 21:19.

Some Bible Hints.

It is easy to be patient when we love, and to be kind even while we suffer (v. 4).

It is time to put the brake of patience on the feelings when we are stirred by personal wrongs (v. 5). Patience is self-control, it is the power of remaining cool when wronged, and of refusing to act hastily (v. 7).

The impatient man has lost his soul, lost control of it; it is like a runaway horse (v. 21).

Suggestive Thoughts.

The mother is patient with the follies of her child because she loves the child. We shall never gain true patience until we love people.

God is patient. Consider how slowly and patiently He has worked in creation; and how patiently He has worked with man. He means us to be like Himself and work on without faltering.

The most important rewards of patience are in character. It is the impatient hot-headed boy that in later years commits crime. Patience and restraint in youth mean honor in old age.

One reward of patience is inward peace, God's peace. And this patience and peace may be won by practice. Let us watch against hastiness.

A Few Illustrations.

Columbus was patient in his search for a new world, and a new world was his reward. When we find truth we do not need to thrust it upon people. Time will bring us our triumph.

Elias Howe, the inventor of the Howe sewing-machine, spent all he had in his patient search for a method

of sewing by machinery. When we have a goal, and ideal, we can be patient in striving to reach it.

A colt will tire itself out more by prancing than by the effort of patience in whatever circumstances we may be in that we escape unnecessary mental friction.

Patience is like a shield that breaks

the force of every blow. The man without it is like a man without armor exposed to all attacks.

To Think About.

How may patience be developed? When is patience needed? What dangers does impatience bring?

A Cluster of Quotations.

Patience in cowards is tame, hope-

less fear; but in brave minds, a scorn of what they bear.—Dryden.

What is resignation? It is putting God between one's self and one's grief.—Madame Swetchine.

Patience is the ballast of the soul that will keep it from rolling and tumbling in the greatest storm.—Bishop Hopkins.

Leonard Ear Oil

Ninety Percent of the cases of Deafness and Head Noises are Catarrhal, due to Catarrh in the Eustachian Tubes and Air Passages which connect the ears and nose. In all such cases these Tubes become stopped up with Catarrhal mucus, and the Air Passages of the Head clogged, thus preventing the air from entering and circulating as nature intended, and the result is Deafness and a great variety of dreadful Head Noises. Catarrh causes Thickened, Swollen and Hardened Drums. Also, if the Natural Drum is perforated or completely destroyed the cold air enters through the perforation and a Catarrhal condition quickly arises. Therefore, before there can be any improvement in Hearing or Relief from the Head Noises it is absolutely necessary that the diseased condition in the Eustachian Tubes and Air Passages be relieved. By "Tubbing It In" and massaging Leonard Ear Oil as directed.
