MISS LESSER SHOT SELF, SAYS SISTER

LOS ANGELES, Calif., March 10.—Freda Lesser, for whose murder Harry S. New is serving a prison sentence of 10 years to life, killed herself, said an affidavit by Miss Edna Clancy, New's half sister, made public today.

The document set forth what Miss Clancy termed the truth told by New for the first time. Its appearance followed by a few hours the filing in the appellate court here of a petition to obtain a new trial for New.

"The truth," according to the affidavit, is that Miss Lesser shot and killed herself, because New told her he was not going to have anything more to do with her after she had told him she had been unfaithful as his affianced wife. Miss Clancy declared New asserted he made the statement because he believed he would die within a month in the San Quentin prison fume mill, where he was assigned to work, and he wanted the truth known before he died.

Miss Lesser was shot to death while automobile riding with New. He drove her body to the police station and said that he had killed her.

Girls of Palestine are Playing Basketball, Says Friends' Worker at Romola

"Since the war and the soldiers, the girls of Palestine have become less modest and retiring and are most independent and resourceful," says a letter received from the American Friends' board of foreign mission workers, at Romola, received at the headquarters in Richmond.

"The girls here are taking a big interest in basketball, and long tramp. They are raising their own gardens in which they can plant anything they wish, and are also taking care of the mission gardens. We are very glad to encourage outdoor activities, for a majority of the women of Palestine are not active. They much prefer sitting and gossiping with their neighbors or going embroidery work."

Americans in charge of the Romola mission and boarding school are: Mr. and Mrs. Edward Kelsey, Alice M. Jones, sister of George L. Jones, president of Westtown; Mr. and Mrs. Moses Bailey, and Edna Haviland, a graduate of Earlham College, who is now studying Arabic at Beirut, Syria.

Embargo on Express for Chicago, Result of Strike

Richmond will be effected slightly by the embargo placed on all shipments to and from Chicago by the American Railway Express company as a result of the strike of workers there recently. J. C. Rife, manager of a local express office said Wednesday. All perishable shipments for Chicago transfer are included in the embargo.

"Common express for Chicago proper and perishable shipments for Chicago transfer will not be taken by express offices," said Rife. "However, common express for Chicago transfer will be accepted 'subject to delay,' owing to the uncertainty of conditions."

Strike of 300,000 Seen; Protest Against High Rent

NEW YORK, March 10.—Possibility of a general strike of 300,000 union men in New York City if relief is not provided immediately against profiteering landlords and other high costs of living was up for consideration at a conference here today between Mayor Hylan and Edward I. Hannah, and Ernest Bohm, president and secretary respectively, of the central federated union.

The threat to recommend the strike was made recently by the Central Union, the officials of which asked the mayor to support a bill designed to check profiteering in rents.

Franklin Cancels Dual Debate; Pressing Revival Reason Given Earlham

Franklin college has cancelled the dual debate to have been held between that institution and Earlham college Friday evening, March 12.

Earlham's negative team composed of Kenneth Klenzie, Julius Tietz and John George Baker, were to have met Franklin at the Baptist college, and Franklin was to send her negative team to Earlham, to meet the affirmative, Neal Newlin, Kent Morse and Ralph Nicholson.

The Franklin president said that he was unaware the debate had been scheduled for this week, and owing to an important revival meeting which had been planned at Franklin, would have to call it off. He refused even to allow the three men of Franklin's negative team to come to Earlham.

The two local teams will continue their work on the question of compulsory arbitration in preparation for the triangular contest with DePauw and Albion on the same subject next week. The Earlham affirmative trio, Neal Newlin, Kent Morse and Ralph Nicholson, will meet the DePauw negative, at Albion and the Quaker negative, Kenneth Klenzie, Julius Tietz and John Baker, will debate the Albion affirmative at Greencastle. The DePauw and Albion teams will meet at Earlham on the same night, March 19.

Definitions of "100 percent Americanism" are asked from members of American Legion by the National Americanism commission of the legion in a statement issued from national headquarters by Arthur Woods, chairman of the commission.

"An effort on the part of our 1,000,000 members to define the term 100 percent Americanism would greatly help in adopting such a definition," said Mr. Woods. "At the recent meeting of the commission in Indianapolis it was decided that the commission should try to define the term so as to make clear both to members of the legion and to others exactly what it is that the American Legion has pledged itself to defend and support. We feel that a great deal of good might be accomplished generally if we can adopt a definition of this term."

The Americanism work of the commission and of legion posts is being carried on effectively in many places, according to Mr. Woods.

The national executive committee of the American Legion will meet in Washington, March 22, to work out in greater detail recommendations for beneficial legislation for the former service man and to consider the reaction which its proposed program has brought from the entire country, according to Franklin D'Olier, national commander of the legion.

Wayne County Residents Are Swapping Addresses

Wayne county is moving! There is no doubt about it! But it isn't moving away. Directory clerks at the Richmond postoffice have discovered that at least 50 Browns and Smiths have swapped their addresses from Route "A" to "B" and vice versa. It all comes with the general spring moving habit and the fact that leases run out March 1.

A newspapers circulation department had 40 addresses to change in one day. Changes have kept up steadily since the first day of March. Rural route carriers are having to learn their patron's names all over again, although in a good many cases it is the same old resident who lived on the route last year or the year before who has moved back on some other farm.

Veterans Entitled to Tax Exemption This Year, Is Ruling by Stansbury

Wayne county officials and veterans of the Civil and Mexican wars were interested Tuesday in a ruling by Ele Stansbury, attorney-general, saying that soldiers and sailors of the Mexican and civil wars or their widows are entitled to the regular mortgage exemption as well as the \$1,000 exemption from the assessed valuation of their property as provided for by an act of the 1919 legislature.

The 1919 act provides that soldiers of the civil and Mexican wars over the age of 70, or their widows, if over the age of 60, are entitled to the \$1,000 exemption in event their total assessed value does not exceed \$5,000.

The attorney-general held also that as the statute went into effect too late last year to grant the exemption in
