

EAT A BRISKET AND LOWER LIVING COST

Milk and the lower priced cuts of meat are the weapons being used to combat the H. C. L. Before them the forces of Cans, Siroin, Porterhouse and Tenderloin, who were in the fore of the H. C. army, are being gradually forced to retreat.

A heavy onslaught against them, which is expected to cause the high prices to topple, was to be begun Monday with the opening of the "Save Money on Meat" campaign announced by the United States department of justice. The drive will continue for one week, at the end of which it is expected high prices will have surrendered to a great extent.

Nation-wide Campaign Planned.
The campaign is to be nation-wide and will be directed from Washington, D. C., attorney general. Retail meat dealers all over the country will be requested to put in heavy stocks of the cheaper cuts of meats.

The department of justice has arranged to furnish meat and poultry to teachers and lecturers to teach the housewives of the nation that these meats are just as nutritious and can be prepared just as tastefully as the high priced viands.

Will Cut Meat Prices.
It will be pointed out that thousands of housewives that for half the price of the expensive sirloins, porterhouses, pork tenderloins and lamb chops, nice, juicy round steaks can be bought, while briskets, chucks and many other good cuts can be obtained for even less than half.

Besides the saving that will come from using more of these cheaper grades, which, it is said will mount into a prodigious sum, it is forecast that the high priced meats will drop in price.

Department of justice officials feel that the success of the plan is assured if they can obtain the wholehearted support and co-operation of all concerned—the wholesaler, the retailer, the consumer and the fair price commissioners. Education and a trial of these low priced meats is all that is thought to convince the consumer, it is thought.

Song-Birds Do Not Eat Much Fruit, Says Lieber

A plea or song birds is issued to Wayne county residents by Richard Lieber, head of the state department of conservation. He says:

The song sparrow seeks its food on the ground, the food consisting largely of seeds of weeds and grass. In the summer it is a destroyer of insects. The average of its food during the year is about one-third insects and two-thirds weed and grass seed. Because of the great number of them, their general distribution, and the long period they are with us, they are among our most beneficial birds.

For his meat diet the robin not only eats angle worms, but bugs, spiders, grasshoppers, crickets, caterpillars, cut worms and army worms. It will be noticed that most if not all of these are destructive pests. The robin is accused of taking fruit, but it has been demonstrated that less than five per cent of his food consists of cultivated fruit. His song, which is delicious, and his good record, make him a most welcome bird in Indiana. The usefulness and harmlessness of a bird depends upon the food it eats. The catbird is accused of doing much damage to grapes. Of its food, Prof Judd, who examined 213 of their stomachs, says it consisted of 44 per cent animal or insect matter, and 56 per cent of vegetable matter. Ants, beetles, caterpillars, and grasshoppers constituted three-fourth of the animal matter, the remainder being made up of bugs, miscellaneous insects and spiders. One-third of the vegetable matter consisted of cultivated fruits, and remainder of wild fruits.

THOUGHT SHE WAS A SHEEP.
LONDON, Eng.—Said to have suffered under the delusion that she was a sheep, Mrs. Eleanor Alligan was found with her throat cut. Suicide while temporarily insane was the verdict.

COAX 'EM

Stop Whipping Bowels into Activity, but take "Cascarets"

Put aside the Salts, Pills, Castor Oil, or Purgative Waters that irritate and lash the bowels into action but which do not thoroughly cleanse, freshen and purify these drainage organs, and have no effect whatever upon the liver and stomach.

Keep your "insides" pure and fresh with Cascarets, which thoroughly cleanse the stomach, remove the undigested, sour food and foul gases, take the excess bile from the liver and carry out of the system all the constipated waste matter and poisons in the bowels which are keeping you half sick, headache, and miserable.

Cascarets tonight will make you feel great by morning. They work while you sleep—never gripe, sicken or cause inconvenience. Cascarets cost so little too.—Advertisement.

WOMAN WIELDS BROOM WITH GREAT FORCE; HOUSEWORK NO DRUDGE TO MRS. WHITEACRE

Mrs. Emma Whitacre, 506 N. Seventeenth street, Richmond, is wielding her broom with greater force these days, because as she says, "Housework doesn't worry me in the least since I took Peppen."

This is another instance where the new medicine now being introduced by all leading druggists, has helped housewives.

Peppen is a tonic which promotes strength through the stomach, blood and nerves.

Continuing, Mrs. Whitacre says: "Before I took Peppen I was troubled with dizzy spells which were no doubt

due to indigestion and general weakness. Sometimes I would stagger like I was blind. Spots seemed to float before my eyes.

"My nerves were in a terrible condition, consequently I couldn't sleep soundly at night. I was easily irritated.

"I now want to say that I can eat anything I desire without having indigestion. I am so much stronger that housework does not tire me as it formerly did.

"It is a great relief to be rid of dizzy spells and I credit Peppen for helping me."—Advertisement.

Certain-teed Week March 15-20

is a week devoted by dealers everywhere to the display of Certain-teed Products which contribute to the proper construction of new buildings and the improvement of old ones.

Certain-teed Products Improve New and Old Buildings.

CERTAIN-TEED Roofing will provide you with a weather-proof, spark-proof roof at a moderate cost.

Certain-teed Roofing, the highest quality prepared roofing, is guaranteed for five, ten, or fifteen years according to weight. It has never been known to wear out on the roof.

If you are putting up a new building or repairing an old one **Certain-teed Roofing** should have your careful consideration.

Certain-teed Paints and Varnishes are also of the highest quality. They are made by experts of nothing but the best materials.

Certain-teed Paints are sold on a fair price policy which means that each color is priced at its cost to produce, plus a fair profit. This policy means a real saving for you.

Certain-teed Dealers in your community have a stock of **Certain-teed Roofing, Paints, and Varnishes**. They will be glad to help you plan the work and select the proper **Certain-teed Products**.

Call upon a **Certain-teed Dealer** this week and get the benefit of this help and experience.
