

TREATY BACK ON WILSON'S FRONT STEP

Document Turned Over to
Tumulty After Senate Re-
jects It—Where to Bury It
Is Problem.

VOTED DOWN 49 TO 35

(By Associated Press)

WASHINGTON, March 20.—The treaty of Versailles was returned to President Wilson today by the senate after it had failed of ratification last night, 49 to 35, for a fourth time.

There was no intimation as to what President Wilson would do with the treaty. White house officials said the usual procedure would be to send it to the state department for "burial" in the archives there.

The document, which was delivered to the senate by the president in person last July 10, was taken to the White house by George A. Sanderson, secretary of the senate.

It was accompanied by two senate clerks and the party was received by Rudolph Forster, executive clerk of the White house. Mr. Forster did not accept the treaty, however, the visitors being referred to Secretary Tumulty.

Would Be Pigeon-holed.

Suggestion that President Wilson might return the treaty to the senate brought forth statements from the majority that it virtually would be pigeon-holed in the foreign relations committee. In any case the treaty question was regarded as already injected into the presidential campaign as one of the main issues on which republicans and democrats will fight for national endorsement this fall.

Ratification was defeated last night by a vote of 49 to 35, the line up being 28 republicans and 21 democrats for and 23 democrats and 12 republicans against. The net result of four months of compromise negotiations was the addition of 17 democrats to those voting for ratification.

After the vote was taken, Senator Robinson, Democrat, Arkansas, moved to reconsider but the motion was voted out of order. No appeal from the ruling was taken, leaders on both sides being convinced that it was hopeless to expect affirmative action with the senate membership constituted as it now is.

The final adverse vote was the fourth by which the senate refused to approve the treaty, three others having been taken in November.

House Action Needed.

Action by the House of Representatives would be necessary to consummate a declaration of peace by resolution, as contemplated by Senator Knox. His resolution proposes the repeal of the joint reservation declaring war and provides that unless Germany ratifies the United States of its acceptance of all undertakings contained in the treaty of Versailles the President would have the power to prohibit by proclamation commercial intercourse between the two nations or the giving of any assistance to Germany.

When the Knox resolution was put forward last December, considerable opposition to it became manifest in the house. There is a question whether the two legislative branches could get together an acceptable draft of the resolution or of President Wilson would accept it if passed. His signature is required to make joint resolutions effective.

Senator Fall last summer submitted a series of questions to the president regarding the peace question, in which he asked if congress and the president could not declare peace by a "process verbal" such as a resolution. President Wilson was emphatic at that time in his disapproval of such a course.

President Would Not Approve.

"I feel constrained to say," he wrote the New Mexico Senator, "not only that in my judgment I have not the power by proclamation to declare that peace exists, but that I could in no circumstance consent to take such a course prior to the ratification of a formal treaty of peace."

"I feel it due to perfect frankness to say that it would in my opinion put a strain upon our national honor which we never could efface, if after sending our men to the battlefield to fight the common cause, we should abandon our associates in the war in the settlement of the terms of peace, and dissociate ourselves from all responsibility with regard to those terms."

**"Cheep" Say Chicks Sent
Through P. O. But They're
Going Higher, Anyway**

"Cheep" Not noticeably so! A sure sign of spring, and a sure sign that the High Cost of Living is not going to be materially reduced, as far as poultry is concerned, for some time, has been sounding through the Richmond postoffice for the last week.

Newly hatched chicks are being sent to poultry raisers throughout the country by parcel post. The chicks are keeping the postoffice cheerful with their continual chirping, and are apparently perfectly contented in their specially constructed cases, under the care of Uncle Sam.

Their value has increased about 400 percent in the last few years as well, as the chicks are now listed as being worth 20 cents apiece, whereas they were formerly sold for five cents. Chicks are the only living things that can be carried by mails, as they can be left for 48 hours without food or water, without injury.

LUTHERAN CHILDREN WILL BE CONFIRMED

Twenty-one children will receive confirmation in St. John's and the First English Lutheran churches of the city on Palm and Easter Sundays. Large classes in other Lutheran churches will be confirmed on Pentecost Sunday.

The Rev. A. L. Nicklas, of St. John's Lutheran church, says 14 children will receive confirmation from him on Palm Sunday, March 27.

Examinations in the doctrines of the church and catechism will be given the class at 8:30 a. m. and confirmation will be conferred at 10:30 a. m. An elaborate program is being prepared.

Will Hold Reunion

Palm Sunday evening all classes that have received confirmation from the Rev. Nicklas will hold a reunion in the church auditorium.

Those to receive confirmation are: Herbert Fulle, Philbert Hirschfeld, William Hoppe, Paul Kehlensbrink, Raymond Koehring, Herbert Maier, Carl Meyer, Harold Niewoehner, Howard Benlage, Edwin Sieweke, George Sharlet, Mildred Minnick and Mary Minnick. A special program is to be arranged.

The Rev. F. A. Dressel of the First English Lutheran church announces the following children to receive confirmation on Easter Sunday: Olive Klausmeier, Elizabeth Saurer, Wayne Bentlage, Edwin Sieweke, George Sharlet, Mildred Minnick and Mary Minnick. A special program is to be arranged.

**Mayor of Cork Murdered
After He Gets Warning**

(By Associated Press)

CORK, Ireland, March 20.—The sensational murder this morning of Lord Mayor MacCurn has not yet been solved, but it has become known that days ago he received a letter which he regarded as a joke. The letter directed the Lord Mayor to prepare for death as he had been doomed.

A special meeting of the city council will be held tonight and Mayor MacCurn's body will be removed to the city hall, where it will lie in state. Two hours after the Lord Mayor was murdered, Constable Murtagh, of the Royal Irish Constabulary, was shot dead in the street. His body was riddled with bullets.

**Women's Legion Auxiliary
Blanks Here; Post Would
Act at Its Next Meeting**

Application blanks for charter of a woman's auxiliary unit to Harry Ray Post, have been received and delivered to Mrs. A. W. Roach, who will supervise securing the necessary signatures.

Those persons eligible to membership in the auxiliary unit are: Mothers, sisters, daughters and sisters of members of American Legion; mothers, wives, daughters and sisters of all men and women who were in the military or naval service of the United States, at some time between April 6, 1917, and Nov. 11, 1918, and died in line of duty, or after honorable discharge and prior to Nov. 11, 1920. It is hoped that signatures will be secured in time to permit approval by the Harry Ray Post at its next meeting, Wednesday night, March 24.

**Ask Machines to Entertain
Attendants at M. E. Meeting**

Automobiles are wanted by officials of the North Indiana M. E. conference, to be used by visiting delegates April 8. The Richmond officials plan to take the visiting members to Centerville to the scene of the first conference, and also for a tour of Richmond.

Any auto owner willing to lend his machine, should get in touch with Clem Gaar, C. A. Thomason, C. H. Kramer, R. F. McFall or Ora Stegal.

**Common School Graduation
Examinations April 15-16**

The high school and grade term examinations of all pupils, excepting those in the eighth grades, in county schools, outside of Richmond, will be held April 15 and 16, County Superintendent Williams said Saturday. Final examinations for the eighth grade, or graduating class of pupils in county schools will be held April 17.

EVERY REPUBLICAN CANDIDATE INVITED TO CITY IN APRIL

Wayne county Republican leaders were busy Saturday preparing for a district love feast to be held here in April.

Candidates seeking nominations, from that for the presidency of the United States down to township officials in Wayne county, will be invited to attend. Each will be given an opportunity to show why he believes he should represent the people.

Invitations will be sent to the candidates for the presidential nomination, and Republican leaders were sanguine of attracting them.

Candidates for Governor, Also.

The candidates for the governor's chair and for other state officers probably will be here in large numbers. Aspirants for county office and posts of smaller importance, it is believed, will not overlook an opportunity to present the merits of their candidacies.

Delegates from the counties comprising the district will be entertained by Wayne county Republicans. Sentiment elsewhere in the district favors the big meeting, which is expected to be one of the most important in Indiana.

So far no district or county has tried to bring together on one day and in one place all the candidates for the Republican nomination for president, all candidates for state offices, and all candidates for county and township positions.

Meeting to Be Spectacular.

The meeting probably will be one of the most spectacular in the political history of the Sixth district. Interest centers in the coming of the presidential candidates. The presence of one, if all the others should find it unable to attend, would give the love feast a mark of distinction.

Republican leaders said they confidently expected every candidate for a state office to be present. The gubernatorial candidates, it is believed, will hardly overlook the opportunity.

The Coliseum has been selected for the meeting and the program will be so arranged that every candidate will be given an opportunity to speak under a time limit.

4 MORE OPERATORS SURRENDER TO U. S.

(By Associated Press)

INDIANAPOLIS, March 20.—Four more coal operators, indicted by a special federal grand jury on charges of conspiracy to violate the Lever act by enhancing the price of fuel and of defrauding the United States government, surrendered themselves to the United States marshal at Indianapolis today.

The men are Edwin D. Logsdon, E. B. Neal and V. H. Robin, Indianapolis, and William Zeller, Brazil, Ind. The men were released on \$10,000 bond each.

The first arrest since the indictments were returned against 125 coal miners and operators several weeks ago was made yesterday when Carl G. Fletcher, of Indianapolis, surrendered himself. Other operators were expected to surrender themselves today.

Not a miner or member of the United Mine Workers of America, believed also to be among those indicted, has given himself up or been served with a capias. Most of the miners' officials have been out of the city all week.

**Pass System to Continue,
Say Penns Heads; Check
Pay System To Be Kept**

Rumors which have been prevalent among railroad men that no more passes will be issued by the Pennsylvania railroad after April 1, were denied by officials Saturday. A slight change in the method of issuing season passes will be made.

The railroads do not contemplate reverting back to the pay car system of paying, it is said. The check system instituted by the government has been found to be more acceptable. There have been a few cases of bogus checks.

**Boyce and Foster Fined
For Drink Adulteration**

Thomas Boyce and Frank Foster, who operate bottling works in Richmond, were fined \$10 and costs each in city court Saturday on charges of violating the pure food law.

The men were arrested after reports were made that the men were using saccharin, a sugar substitute, in the manufacture of pop.

Boyce runs a bottling company on North E street, and Foster operates a bottling works on North D street.

GUNS RATTLE IN GERMANY; WAR BEGINS

Two Thousand People Estimated Slain in Tumult—Big
Spartan Army Reported
in Essen.

RED UPRISINGS ARE ON

(By Associated Press)

BERLIN, March 20.—The general strike has ended, it was announced here today.

STUTTGART, March 20.—The entire Ebert government, including Minister of Defense Noske, will leave for Berlin tonight on a special train. General Von Seeckt, in command of Berlin, has sent a wireless message, saying that everything is quiet in the capital.

Large sections of Germany are resounding the rattle of machine guns and rifle fire in the civil warfare which so far, since the beginning of the Berlin revolt last Saturday, is estimated by some Berlin commentators to have cost 2,000 lives.

The industrial district in the Rhine-Ruhr appears to be the stronghold of the ultra-extremist forces, which are reported to have captured Essen, the home of the Krupp plant, the important industrial center of Dueseldorf, and other towns in this region. The Spartacists at Essen are declared in one report to have had an army of 100,000 men with artillery and armored cars.

Advices from Cologne reflect worry about the Allies over the situation in the Rhine districts, close to the border. One report, which is unconfirmed, declared that there are indications that they are preparing to advance further into Germany, if the situation does not improve.

Berlin Still Paralyzed.

Berlin is still paralyzed by strikes, and the communists are reported to be gaining ground there. Clashes resulting in casualties have occurred in numerous quarters about the city.

In Leipzig the Ebert forces appeared to be regaining control after bloody combat. At Kassel, where the workers recently gained control, conditions are reported quiet for the moment. Three German cruisers were seized by their sailors, according to a Hamburg dispatch.

BRUSSELS, March 20.—The capture of Essen was effected on Friday night by a Spartan army of about 100,000 men with 77 guns and an equipment of armored automobiles, according to advices from Aix-la-Chapelle, today. The Spartacists proclaimed a soviet republic there.

During last night, the advices add, the manufacturing city of Dueseldorf, on the Rhine north of Cologne, was captured by Spartacist forces. The city is being evacuated by government troops evacuating it with-out a fight.

Leipzig is being successfully cleared by troops of the regular army, according to a Dresden dispatch quoting the Nachrichten of Hamburg. The Leipzig Volkskammer is burning and the workmen's losses have been exceedingly heavy.

PARIS, March 20.—Gustav Noske, who tendered his resignation as minister of defense to President Ebert of Germany yesterday has decided to remain in office, the social Democratic and Democratic members of the National assembly having given him a vote of confidence.

BERLIN, March 20.—Stormy elections are expected when the National assembly takes up the question of amnesty for the leaders of the reactionary revolt against the Ebert government. Public sentiment here is bitter against the Baltic troops, and proposals to grant pardons to the revolutionists are certain to be opposed.

Government officials who have talked with newspaper men assert no amnesty agreement was reached between them and Dr. Wolfgang Kapp before the latter left Berlin, but their assertions are contradicted by followers of the use of force.

Reorganization of the Ebert cabinet will bring half a dozen new men into the ministry, it is said, but the national liberals and conservatives will not be represented. These two organizations have decided to await the result of the elections in June before consenting to take part in the government.

**Cincinnati Moves Up
To Escape High Waters**

CINCINNATI, O., March 20.—Because of the water from swollen streams and rivers overflowing its tracks at several points, the Interurban Railway and Terminal company was forced last night to suspend operation of train cars between Cincinnati and New Richmond, Ohio.

The rise continued in the Ohio river at Cincinnati this morning at the rate of a tenth of a foot an hour. In view of the clear weather and lower temperatures predicted for the Ohio valley, however, river men believed the crest would be reached some time today, at approximately 55 feet.

**TOLEDO WOULD BUY STREET
RAILWAYS FOR \$6,000,000**

TOLEDO, March 20.—Condemnation of the city's transportation system with a view to purchasing at a cost not to exceed six million dollars, was being contemplated here today by the municipal ownership commission appointed several months ago by the United States district court to devise an ordinance to be submitted at an election.

The commission has taken the stand that in view of the recent decision of the state supreme court giving municipalities the right to bond for the purchase of transportation systems, condemnation proceedings would be legal and effective.

TAXPAYERS MUST MAKE OUT BLANKS, ASSESSORS DECIDE

Assessors of Wayne township in session Saturday decided to follow closely the itemized lists on page four of the tax blanks in making their assessments.

The decision is expected to stop all discussion in Wayne county in regard to filling out of the itemized blanks. A number of assessors in the state have been confused over the itemized lists.

The action follows closely the announcement made by the state tax commission that all assessors in the state should require the taxpayers to fill out the itemized blanks.

David L. Reid, Wayne township assessor and acting county assessor, said Saturday that he had received no authoritative notice from the state board to that effect, and that the action taken by Wayne township assessors was the result of their own decisions.

The statement, issued by the state tax commission follows in part: "Some misapprehension has arisen in regard to the use of the supplemental list of household goods and farm implements on the fourth page of the personal property schedule. All assessing officers are instructed that these lists are intended to assist the taxpayers and the assessing officers to arrive at the value of classes of property that previously have been much neglected—especially when values have been considerable."

Heretofore in many sections of the state separate supplemental lists on cards have been used, but there has been no uniformity in same. It is provided this year that all shall deal with the subject alike to the end that there shall be equality of assessment with the minimum of error, and that these items in the supplemental lists shall be used as a means to arrive at and that these classes of property shall be returned as all other classes of property, at their true cash value.

Assessing officers are required to take an oath that they will assess all property at its true cash value, and the responsibility of this work must be theirs.

"If the assessor agrees with the taxpayer and he is informed of the facts and knows the amount agreed upon to be true cash value, then he may use discretion, at the time he is assessing, and intended to aid him in the matter, but the responsibility of the assessor can not be waived under his oath, as it only permits such discretion as will enable him to ascertain the facts which should be known in order to make correct returns."

**Disher and Other Men
Caught in Westcott Gaming
Raid, Plead Guilty; Fined**

A. C. Dishar, manager of the Westcott hotel, arrested on a charge of keeping a gambling house some time ago, and James Braxton, A. Bishop and Herbert Haunetter, charged with visiting a gambling house, were fined \$50 and costs each, and the other three men received fines of \$25 and costs each.

An attorney for the men entered pleas of guilty for them. The affidavits against Arthur Brown, hotel clerk, charging him with keeping a gambling house, and Henry Gantner, charged with visiting a gambling house, were dismissed by Prosecutor Freeman. The prosecutor said that Brown was merely acting in the capacity of hotel clerk, and that the evidence collected against Gantner tended to show that he was in the hotel at the time for strictly business purposes.

The alleged crap tables taken by officials were ordered confiscated.

**Hagerstown Mail Service
Increased by New Order**

HAGERSTOWN, Ind., March 20.—Through the efforts of the Teeter-Hartley Motor corporation Hagerstown now has the convenience of an additional outgoing mail. Heretofore the east-bound passenger train which is due here at 6:02 p. m. did not bring or take mail. The company presented the matter to the postal authorities and an order went into effect Monday, by which a mail pouch will be sent out on that train, and will be greatly appreciated by many citizens.

**MARYLAND, BIGGEST
OF BATTLESHIPS, IS
GIVEN TO WATERS**

(By Associated Press)

NEWPORT NEWS, Va., March 20.—The super-dreadnaught Maryland, designed as the most powerful battleship in the world, was launched here today with Mrs. E. Brooke Lee, wife of the comptroller of the state of Maryland, as sponsor.

Secretary Daniels, Governor Ritchie of Maryland, and a number of other naval officials and state officers attended the launching, which was the first public one held here since the United States entered the war.

The Maryland is the first of four ships of her class to be launched and is one of the 10 super-dreadnaughts authorized in the first three-year building program adopted in 1916. With a length of 624 feet over all, a beam of 97 feet and full load displacement of 32,550 tons, she is the largest fighting craft built for the American navy and when commissioned will be one of the most powerful battleships in the world.

Carries 16 Inch Guns.

Originally designed to carry twelve 14-inch rifles, the plans for the ship were so changed during the war that she will have instead eight 16-inch guns—the first of this size ever mounted on a ship. They will be placed two on each turret on the center line, each in four turrets on the center line, two forward and two aft. They will be larger by one inch than the great guns on the British ships of the Queen Elizabeth class which were used in the bombardment of the Dardanelles.

Battleships designed since the Maryland was laid down, however, will be even more powerful. They will carry twelve 16-inch rifles and will measure 684 feet over all, with a displacement of 43,200 tons. Their speed will be 23 knots as against the 21 knots of Maryland and practically all previous classes of American dreadnaughts.

The Maryland's keel was laid on April 24, 1917, 18 days after the United States declared war on Germany.

**Report Service Blanks Given
To Farmers at Meeting**

Heads of the various township farmers' federations were given blanks to be filled out for the Indiana County Stock Report Service, of Indianapolis, at a meeting of the Wayne County Farmers' Federation in the courthouse Saturday afternoon.

The live stock report service is a new organization with the purpose of securing better prices and service for farmers.

Following the distribution of the blanks, E. M. Murphy, recently appointed county agricultural agent, discussed his plans for county agent work during the coming season with the farmers.

**Osborne To Be Voluntary
Prisoner in Naval Jail**

PORTSMOUTH, N. H., March 20.—Lieutenant Commander Thomas Mott Osborne, who has resigned as commander of the Naval Prison here, will spend his last days at Portsmouth as a voluntary prisoner. He registered as "Tom Brown" and announced that he would remain in confinement until he relinquishes command next Tuesday as a final test of his welfare system.

Before he assumed command of the prison three years ago he served a voluntary sentence, cutting ice and coaling ships with prisoners. He also submitted to the price hair cut.

**FUR TRAPPING BETTER THAN
GOLD DIGGING IN CANADA**

NEW YORK, March 20.—Trapping for furs in Canada has become more remunerative than gold digging because of the high prices paid for raw furs, according to information received by fur men here from Commissioner R. C. Wallace, official administrator of northern Manitoba. Although most of the surface development for the ore is done in the winter to avoid the surface water, it was stated, many miners have abandoned the pick and shovel for traps and snow shoes.

Census Statistics
