

LUTHERANS HEAR OF POLISH GRATITUDE

Richmond Lutherans were interested Tuesday in the report of Lutheran relief work in Europe sent from Warsaw by Dr. J. A. Morehead, of Fort Wayne. The Lutheran churches of Richmond have sent more than a thousand pounds of clothing to the Polish and German relief headquarters. In a drive which closed two weeks ago St. John's Lutheran church obtained 270 pounds of clothing and \$535 for German relief.

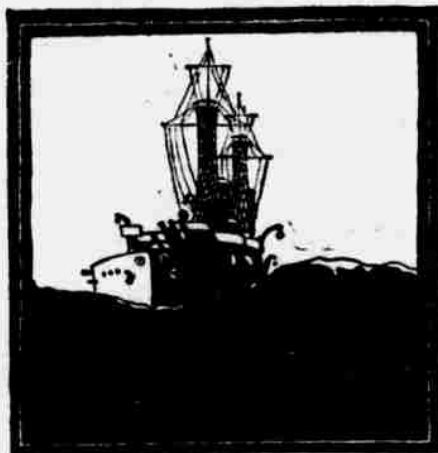

Dr. Morehead's report contains the following on conditions in Poland: "The need of the clothing in Poland among our Lutheran people is well high desperate. It has been a long wait for them since the first news came that such supplies would be collected and sent. The piling up of shipments in Dantzig, which was too bad, was due partly to shortage of cars and partly for formalities in connection with a fire on the Ozaukee.

The first two carloads were unloaded here in Warsaw today. Two more cars, shipped from Dantzig February 17, should arrive tomorrow. I have succeeded in getting all our supplies in duty free and am very hopeful that we may be allowed transportation free from Dantzig by the Polish government.

Get Free Transportation. The allied railway commission is setting a good example by giving me free transportation on their courier car to and from Dantzig. But the drayage and other distribution expenses will be considerable and of course I shall have to provide for them and the replacement of \$5,000 marks from council funds.

The Ozaukee, Kosciusko, Sydfold and Shortsville have arrived in Dantzig. The Taiyu Maru is expected soon. "Although these supplies unfortunately arrived in Poland late in the winter, they are here by no means too late to be of very real and very great service. The joy and gratitude of the people, many of whom are in tattered remnants of old clothing, or are literally naked, is most touching.

Church officials here say that this great gift of the Lutherans of America will quicken the faith of their people and bind them more strongly to our church. Hence this clothing campaign has significance far beyond humanitarian relief, as important as that is in the circumstances."

Rising Prices Have Floor at Dry Goods Convention; 3 Richmond Men Attend

Three Richmond establishments are represented at the annual convention of the Indiana Retail Dry Goods association at Indianapolis Tuesday and Wednesday. Other dealers report that stress of business prevents attendance.

The convention will be one of the most important held in years. The present rising prices in the dry goods field, and the shortage of wools, will receive special attention and discussion. Among the prominent speakers to address the convention in the Claypool hotel are Stanley Wyckoff, federal fair price commissioner for Indiana; H. P. Wasson, V. C. Kendall and W. W. Hammond.

Lee B. Nusbaum is secretary-treasurer of the organization. Other Richmond dealers attending are Frank Haner, of Knollenberg's, and A. H. Bartel.

Richmond Men To Be Initiated Into Shrine

Several Richmond men will be included in the class of candidates to be initiated into the mysteries of the Shrine at the semi-annual convocation of Shriner's to be held in Murat temple

at Indianapolis next Friday. Dr. C. E. Duffin, of Richmond, is a member of the reception committee. Many interesting events to Shriner's are included in the program, and several nationally prominent Shriner's, including Imperial Potentate W. Free-land Kendrick, of Philadelphia, will attend the meeting.

KICKERS TO COST LESS.
NEW YORK, March 23.—Prices of standard shoes will be reduced during the spring and summer, John J. Slater, president of the Retail Shoe Dealers' association, announced Monday in a communication to Arthur Williams, federal food administrator. Retailers at a recent meeting decided to

be content with a smaller margin of profit, Mr. Slater said. Reductions, however, will not apply to "all kinds of fancy and ultra-fashionable footwear." The action of the retail shoe dealers, Mr. Williams said, probably presaged the beginning of a general narrowing of profit margins in other wearing apparel.
