

MAY FORM PARTY TO FIGHT "AUTOCRACY"

WASHINGTON, March 23.—Warning that "Republican liberals" might form a new political party to fight "bourbon autocracy" in an effort to restore individual liberty, was sounded in the Senate today by Senator France, Republican, Maryland.

With repeal of national prohibition and the espionage act, the chief plank in its tentative platform, Senator France declared that liberals need not hesitate "to raise the battle against the reactionary forces of autocracy and un-American bournonier."

"The Democratic party, in autocratic leadership," he said, "ingloriously abandoned the sound doctrine of the sovereignty of the state, voted without scruple huge powers to the chief executive, who has, in violation of the constitution and every cherished principle of liberty, created the most powerful despot in the world."

"Both Parties Decadent." Charging that Republicans joined with the bourbon reactionaries and connived in the setting up of this autocratic Senator France said both parties "are as decadent as the issues that quickened them into being."

"If the Republican party shall not now become the party of liberalism and of liberty," he declared, "then there must be a new and liberal party which shall express the aspirations of the millions of Americans who now demand restoration of their liberty and of their liberties."

Along with repeal of the prohibition amendment Senator France urged "reconsideration" of the whole subject, with local option and use of "certain alcoholic beverages."

American Legion

Payment of adjusted compensation to former service men at the rate of a dollar a day was proposed before the American Legion executive committee in Washington Monday, as a substitute for the original proposal of \$50 for every month of service.

Members of the committee said representatives of legion posts in thirty-six states endorsed the four-fold soldier relief bill, including land settlement, home aid, vocational training and adjustment of compensation which was presented to congress several weeks ago.

Representatives from six states, Arkansas, Florida, Idaho, Mississippi, South Carolina and Texas were said to have reported that former service men there were unalterably opposed to a cash bonus.

Georgia, Kentucky, New Mexico and West Virginia were listed as doubtful and sentiment was said to be fairly evenly divided in Louisiana and Oklahoma.

An Old Recipe To Darken Hair

Sage Tea and Sulphur Turns Gray, Faded Hair Dark. Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.

Nowadays we simply ask at any drug store for "Wyeth's Sage and Sulphur Compound." You will get a large bottle of this old-time recipe improved by the addition of other ingredients, at very little cost. Everybody uses this preparation now, because no one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy and you look years younger—Advertisement.

MURRAY VAUDEVILLE

Herbert Clifton impersonating various fair ladies including an "Egyptian Beauty," and displaying remarkable voice range, delighted his audience who gave him storming applause at the Murray Theatre Monday night. Clifton has appeared twice before presidents of the United States, always to bring forth their hearty laughs. Last night's audience was ready to bet that a confirmed "sour-face" who hadn't smiled for 20 consecutive years "would have to beam at Clifton."

Of particular amusement was his voice breaking contortions. While warbling in a really beautiful falsetto the comedian would suddenly utter a gruff baritone.

His gowns were daring; his small feet impressed in dainty dancing slippers.

pers, and hair nicely cut in the customary masculine style. The inopportune appearance of his "street pants" from beneath the folds of a shimmering ballet costume heightened the merriment of the audience.

Also on the bill are Buch Brothers, acrobatic comedians of no mean ability. Peter Boncher, the one who "Spills the Beans," was honored by a preface announcement on the screen before his appearance. It said: "During his career Peter has had many a fall, but never fell so hard as when he got married this morning. Pardon any nervousness on his part, please."

Bergman and Leonard in a skit "At the Movies," were pleasing, and an interesting picture, "The Tower of Jewels," featuring Corinne Griffith, was also on the bill.

MURRAY

Corinne Griffith, is believed to have suffered more rough handling in "The Tower of Jewels" than usually falls to the lot of a star in four ordinary pictures.

"The Tower of Jewels" will be the feature attraction at the Murray theatre today and Wednesday.

This is a crook picture of the higher order. It reveals the workings of aristocratic outlaws who prey upon the millionaire members of society. Miss Griffith plays the role of Emily Cottrell, a member of the crook band, known as "The Princess of Diamonds."

Emily is caught redhanded by David Parrish, a millionaire banker, in the act of robbing his safe. To her amazement the millionaire offers her a chance to enter his household and reform.

In the events that follow, the girl is persecuted and threatened by members of the crook band. Her struggles against these hidden forces lead her

WASHINGTON

At the Motion Picture Day and carnival of outdoor sports held in Los Angeles recently, for the benefit of the Actors' Fund of America, Clara Kimball Young was awarded the big silver trophy cup as the queen of beauty.

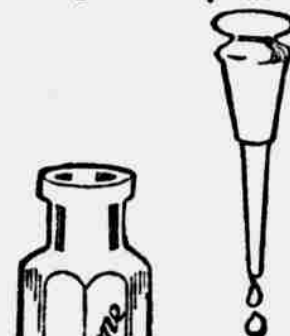

Miss Young was in competition with practically all of the motion picture stars of Southern California, and the award to her was both instant and popular.

Other great features of the day were automobile races driven by famous motion picture stars, in which Tom Mix won the Pacific Coast Amateur Championship under the rules of the Automobile Association of America, setting up a record of considerably better than a mile a minute over the twenty-five-mile course at the Ascot Speedway, while Donald Crisp, Lambert Hillyer and many others carried off trophy cups.

Miss Young is in Southern California working on her next big production, having just finished "Eyes of Youth," which is to be released in October, and which it is believed will

Acid-Stomach Faces Millions Show the Lines

"Makes the Body Sour"

Remove the Acidity—Look Well

Acid-Stomach faces everywhere show the awful strain, the pull on the nerves, to make up lost energy, needed to keep up the pace.

Excess Acid kills food values. It hurries food out of the stomach a partially digested mass, which sours—produces harmful acids that go into the system. Therefore, the food fails to give full power and energy and soon the entire body—as shown in the face—lacks vitality and strength. No wonder your sick!

About nine out of ten suffer from Acid-Stomach in some form. These millions are not sick abed—but just all in—listless—no pep—can't sleep—nervous—restless—don't eat well or enjoy life.

Use Eaton—Takes the Acid Out

EATONIC acts on Excess Acid in the stomach. Takes up the harmful acids and poisons, carries them out of the body. It purifies the digestive tract. It's a natural, harmless method—differs from all others—because it takes up and removes the cause. Then, of course, the sufferer gets well.

Wonderful benefits—proved by over 500,000 sufferers who have taken EATONIC. Testimonials report such marvelous, quick recovery of health and strength as to seem unbelievable. Many say "The first EATONIC tablet gave me instant relief."

More than 25,000 leading druggists everywhere now guarantee EATONIC to be "the best remedy for Acid-Stomach."

Make your own test of EATONIC—even the first tablet gives relief. Sweet, clean mouth—pure breath—belching gone—indigestion, bloating, that full gassy feeling after eating—food repeating, heartburn—stomach miseries vanished.

Millions need EATONIC help. If EATONIC fails to please—it doesn't cost you one penny. No matter what you have tried or now use, don't give up hope. GIVE EATONIC A TRIAL AT OUR RISK—Let your own stomach be the judge. Over half a million made the EATONIC test and found relief. Why not you?

TAKES THE WHOLE FAMILY NOW TO DO COOKING FOR HIM

Indianapolis Man Tells Remarkable Story About What Trutona Did For Him.

INDIANAPOLIS, Ind., March 23.—Theodore F. Meedy, 37 years old, who lives in this city at 925 Stillwell Avenue, tells a remarkable story of the wonderful healing powers of Trutona. Mr. Meedy was formally mess sergeant at Fort Benjamin Harrison, but is now in the reserve corps. His story follows: "Twenty-four days ago I was taken sick with influenza. Pneumonia followed and I'll tell you, I thought my time had come. Every bone in my body ached and pained me. I had no appetite, nothing seemed to tempt me and I simply couldn't eat."

"After taking Trutona for six days my condition certainly did take a remarkable change for the better. Why, it's almost unbelievable. It takes the whole family to cook for me now, and my wife says she never saw a man eat like I do. I used to be constipated for three or four days at a time. My bowels are acting more regular and the soreness in my abdomen has vanished. I can breathe better, too, and don't cough as much as I used to."

"When my wife saw me take my first chew of tobacco for a month, yesterday, she said she knew I was getting well. Trutona has done twice as much for me as I can tell here, but I'll be glad to tell anyone personally about this remarkable medicine."

Trutona is really a medicine of unusual merit. It is unsurpassed as a reconstructive agency, system purifier and body invigorant. It has been declared needless as a treatment for stomach, liver and bowel troubles.

Trutona is sold in Richmond at Clem Thistlethwaite's Drug Store—Advertisement.
