

## PLAINTIFF ENDS WILL LITIGATION IN PREBLE COURT

EATON, Ohio, March 24—Litigation over the will of the late Joseph Steele, orchardist and farmer, who resided near Camden, ended today when Eva Jane Reeves, a daughter of the decedent, withdrew from common pleas court a motion she had filed for a new trial.

The case was tried last November and a jury held that the instrument probated and recorded was the last will and testament of the late Steele, which the daughter sought to have set aside. With the withdrawal of the motion for a new trial, the court ordered the plaintiff to pay the costs of the suit.

**Club Calves to Arrive.**  
Animals to be distributed in Preble county for the boys' and girls' club contest, which will be a prominent feature of the county fair this fall, will, it is expected, arrive here before next Saturday, the day set for their distribution.

Joshua E. Flory, a member of the county fair board, has just arrived from Chicago, where he selected the cattle and arranged for their shipment.

**To Entertain I. O. O. F.**  
Lewisburg will entertain a district meeting of the Odd Fellows lodges of Preble county, April 1, according to announcement by Ed Clark, of New Paris, secretary of the lodge district.

**Vote on Bond Issue.**  
Electors of the village of Camden will vote at a special election, April 27, the date of the political primaries, upon the question of issuing \$40,000 worth of bonds for a waterworks system. Upon the village's petition, the county election board granted the election and will make the necessary arrangements.

The election board has been formally advised by Mayor F. G. Shuey, of Camden, that he withdrew his petition as a candidate for delegate to the state Republican convention. Mayor Shuey has been quite ill the last several weeks.

**Former Residents Wed.**  
According to word reaching Eaton, Dr. C. W. Conley and Miss Beesie Bunting, professional nurse, both of whom formerly resided in Eaton, were married recently in Columbus. Dr. Conley retired from active practice in this city two years ago or longer, since which time he has been engaged in road construction contracting, with headquarters in Columbus. The bride is a daughter of the late Ephraim Bunting, of Eaton, where her mother resides. She is a sister of Charles A. Bunting of this city.

**Basketball Record.**  
Eaton high school basketball squad played 19 games during the season recently closed, of which 13 games resulted in victories and six in defeats.

**K. of P. Confers Degree.**  
Waverly lodge, Knights of Pythias, will confer the second rank upon a class of seven candidates in a meeting tonight. A class of fifteen candidates will receive the third rank in a meeting next week.

**Whistler Sues K. of P. for Remuneration for Roofing**

Suit to foreclose mechanic's lien was filed with the county clerk Tuesday by Ralph P. Whistler, against the trustees of the Knights of Pythias building association, who are in charge of the new K. of P. temple on South Eighth street. Whistler, the complainant, says, was contracted to roof the building, at a price of \$663.36, which was to have been paid him within 30 days after the work was completed. The complaint further says that the work was completed Feb. 5, and that the plaintiff has \$126.48 coming to him. The court will hear the suit April 7.

**CREAM PUFF A WEAPON**  
NEW YORK — Magistrate Dale asked Morris Grossman whether charlotte ruses and cream puffs were blunt enough instruments to inflict bruises over Grossman's wife's body. The wife exhibited the bruises in court and Grossman was held.

### Kidneys Cause Hysteria

Some folks overwork; some over-eat; some over drink; and many do all these things and neglect the excretory organs. Nervousness ensues. Constipation sometimes, but most often the delicate function of the kidneys become disordered, followed soon by congestion. Then headache, neuralgia, rheumatic pain, backache, and lumbar set in. Frequent urination sometimes beyond control. The voided liquid being dark and foetid odor, and its passage followed by burning, smarting spasms of pain, even hysteria being often the result unless

## News of Railroad and Industrial Workers

New form pay checks were issued by the Pennsy railroad Tuesday. The first pay check issued under private administration was the same as the check used by the government. The new check is of olive green back ground and of brown lettering. The government check was of white back ground and black lettering.

John Bradley, an employee of the Pennsy roundhouse force for more than 12 years, left the railroad Tuesday. Failing of health was attributed as the reason.

To the crew dispatching force goes the honor of being first to occupy one of the new roundhouse offices in the south end of the building. The remainder of the offices are expected to be occupied by the latter part of the week.

C. H. Kinsella, roundhouse clerk on third track, has been off for several days because of an attack of the flu.

The labor situation at the East yards is becoming normal. The extremely cold weather of the past winter caused a large absence list but the return of warm weather has brought the laborers to work. Also the large number of flu and other ailments caused havoc in the ranks of employees.

Practically every Richmond factory aided employees in computing income taxes. Two factories furnished the services of notary public free of charge. These factories also figured the amount of money paid each employee in the factory for the year's time and told him the exact amount to be paid.

Baseball buttons are being sold in every Richmond factory and employees are showing approval of league ball in Richmond by enthusiastically signing.

The labor shortage in Richmond is greatly handicapping production in several Richmond factories. It is a hard proposition to induce Richmond girls to work in factories and for this reason concerns using any amount of female help are the hardest hit. Labor has to be imported by concerns to fill out the gap made by increasing production and decreasing labor. Tales of huge wages in other towns, thereby causing emigration to those cities, are another important factor.

### OPEN NOSTRILS! END A COLD OR CATARRH

How To Get Relief When Head  
and Nose are Stuffed Up.

Count fifty! Your cold in head or catarrh disappears. Your clogged nostrils will open, the air passages of your head will clear and you can breathe free. No more snuffling, hawking, mucous discharge, dryness or headache, no struggling for breath at night.

Get a small bottle of Ely's Cream Balm from your druggist and apply a little of this fragrant antiseptic cream in your nostrils. It penetrates through every air passage of the head, soothing and healing, the swollen or inflamed mucous membrane, giving you instant relief. Head colds and catarrh yield like magic. Don't stay stuffed-up, and miserable. Relief is sure.—Advertisement.

## WAYNE MAY SHARE IN WAR MATERIEL

Wayne county's petition for captured German war materiel, filed many months ago with Congressman Richard N. Elliot, may at last be answered, according to dispatches from Washington which say that 36,000 pieces of German materiel are to be distributed to Indiana.

The statement is contained in a confidential memorandum which the War Department filed Tuesday with Chairman Kahn of the House military committee. The trophies include several large artillery pieces, trench mortars and machine guns and a large number of rifles, bayonets and other small articles.

The trophies to be allotted to the several states aggregate 2,197 artillery pieces, 4,000 war vehicles and \$41,117 small articles of various kinds.

**Cities File Claims.**  
The states will share in the trophies in proportion to the percentage of troops contributed to the service. Indiana sent 2.74 percent of the total number of troops of the American army.

Indiana, according to the statement submitted to Chairman Kahn, will receive 39 German howitzers ranging in size from the 75 mm. caliber to the large 210 mm., there also will be 21 trench mortars of various sizes, 175 machine guns, 110 vehicles, 1,920 rifles, 1,344 bayonets and scabbards and a large number of small articles such as feedbags and badges.

Practically every county seat town in Indiana has filed claims for German cannon and other war trophies. As yet no plan has been worked out for dividing the state's share among the various cities. The first intimation of the quantity of German guns that will be available for distribution in the various states is given in the report which Secretary of War Baker has sent to the Kahn committee.

### Keeps the Straightest, Unrullest Hair in Curl

You've never seen anything work such wonders for straight, lank, unruly hair as plain liquid silmerine. Nothing else will keep the hair in curl for so long a time—nor produce such beautifully lustrous, natural-looking curls and waves. Damp or windy weather has no terrors for the woman who uses it. And no one need hesitate to use it, for it is so easily applied with a brush and is so perfectly harmless. It leaves no greasy, sticky or streaky trace. The curliness can be acquired in three hours, though many prefer to apply the liquid at bedtime. When the hair is combed out it is delightfully soft and fluffy.

Anyone who will get a bottle of liquid silmerine from the druggist and follow the accompanying directions will have a most agreeable surprise. The liquid is also valued as a splendid dressing for the hair.—Advertisement.

## Library Can Tell You About Home Gardening

Going to have a peace garden this spring? Going to raise your own table produce as an individual blow to excessive costs of living? If you are and if you have need of any information on the subject, it can be easily obtained at the public library.

Liberty service is not confined to dealing in books on abstruse and involved topics; it includes educative material on almost any topic you can imagine and home gardening is one of them. The material to be found in the public library dealing with this subject which has come rapidly to the front since the world war, is comprehensive and affords a wide range of information which will greatly benefit the amateur gardener. The library staff will co-operate eagerly with all who seek this type of information.

The American Library association, in its "Books For Everybody" movement, now under way throughout the nation, will encourage circulation of books on home gardening subjects and co-operate with the various libraries in the effort to better and increase the yield.
