

CITY WILL EMPLOY ENGINEER TO SURVEY LIGHT PLANT NEED

Council, in special session Wednesday night, unanimously adopted an ordinance employing an expert electrical engineer, with assistants, to make a careful survey of the municipal light plant. The ordinance provides an expenditure of \$600.

C. C. Brosman, of Indianapolis, an electrical engineer, who is well known over the state and middle west, may be the engineer.

Council also voted to stand back of the board of works in whatever action the board might take for the extension and improvement of the plant, after a report of the expert has been made.

It is thought that approximately six weeks will be consumed in the survey.

To Make Complete Report.
The amount of current used by factories and other commercial consumers of the plant, the population of the city and the possibilities for increased current will form the nucleus of the engineer's report.

A number of city officials present thought it would be impossible to get the machinery needed for less than \$200,000. They base their opinion on estimates. The board of works will take no action until the engineer's report is filed.

The question was again brought up regarding the size of the proposed additional unit for the light plant.

Wants Bigger Unit.
Superintendent J. P. Dillon again championed the 5,000 K. W. turbine unit. Figures furnished by the Westinghouse Electric Co., taken from actual tests, and presented by Dillon, showed, he said, that a unit of 5,000 K. W. calibre could be operated at one-half of the load of which it is capable, cheaper than a 3,000 K. W. unit could be operated at full load.

It was also said that if a smaller unit was installed, such as a 3,000 K. W. turbine, it would be but a question of time before another addition to the plant would be necessary to accommodate the predicted increased demand.

After the adjournment of council the city body, as a committee of the whole; the board of works; the mayor; the city attorney, and other persons invited, went into a chamber session, presumably to discuss the contract of the Liberty Light and Power company.

Want Limit to Contract.
Robert Ashe, who operates the company, which supplies current for several towns in the vicinity of Richmond, has a contract which calls for an unlimited supply of current with the city plant, and various city officials have advocated a limit to the power to be given Ashe, saying that his contract is a detriment to the city.

It is understood that Wilfred Jessup, attorney for Ashe, said that the contract was an asset rather than a liability.

Indiana Brevities

VALPARAISO—Stephen Hodson, 77 years old, a pioneer settler of Porter county, who was pronounced dead last Saturday by a physician, following an attack of heart trouble, and who revived sufficiently to smoke his pipe before the arrival of an undertaker, is dead for good.

TERRE HAUTE—A loss of 68,007 tons of coal has been reported from the 71 mines in the Terre Haute field, which were unable to operate due to a shortage of cars, prevailing on six railroads.

NOBLESVILLE—The supporters of General Leonard Wood for the Republican nomination for president, who reside in Hamilton county, have organized a Wood-for-President club.

INDIANAPOLIS—Albert J. Beveridge will address the Indiana Wholesale Grocers' association at a banquet on the first day of the association's tenth annual convention to be held here March 31 and April 1.

MARIION—The new Wesleyan Methodist college in this city, formerly the

Marion normal college, will be formally dedicated May 8 and 9.

Oxford Mayor Ousts Band of Wanderers

OXFORD, O., March 25.—Mayor Hughes yesterday caused the arrest of five gypsies, John, Charles, Mary, Mammy and Sophie Lovett, who have been camping near town for several days. The women had been telling fortunes. They were fined \$10 and costs each, and were given three hours to get out of town and stay out.

Elect Officers.

Oxford college girls yesterday elected the following officers for their Y. W. C. A. next year: President, Miss Ruth Bateman, of Booneville, Ind.; vice president, Miss Esther Symons, of Adena; secretary, Miss Kate Englehardt, of Collier, W. Va.; treasurer, Miss Pauline Armes, of Litchfield, Ky.

Talks to Drygoods Members.

Co-operation in all lines of business to ally the present unrest and efforts to drive out of business retailers who practice unfair methods, were urged by Stanley Wyckoff, fair price commissioner for Indiana, at the closing session of the quarterly meeting of the Indiana Retail Dry Goods association at Indianapolis.

Mr. Wyckoff discouraged the practice of comparative advertising as

used by some merchants. Federal investigators are said to be at work in every state investigating comparative advertising and will report their findings to the press and the Federal Courts when irregularities appear. The Federal investigation will be extended to all matters in which there has been profiteering, according to Mr. Wyckoff, and the responsibility of reporting such cases lies with all who have knowledge of them.

Richmond men who attended returned Wednesday night.

Jewelry Found In Tin Can.

CONNERSVILLE, Ind., March 25.—Fifteen hundred dollars' worth of jewelry buried in a tin baking powder can, was dug up in a woods three miles northeast of Connerville early Wednesday by officers, accompanied by Huston Henry, 39 years old, who admitted having possession of the jewelry and led the officers to the place he had buried it.

The jewelry is alleged to have been

stolen from a safe in the office of the American Railway Express office here last August 21. H. J. Elderman and Thomas B. Birk, detectives of the express company; George Koch, chief of police, and E. Ralph Himelick, prosecutor, obtained information which resulted in the arrest of Henry.

SHERIFF PAYS FINE FOR ASSAULT ON REPORTER

MUNCIE, Ind., March 25.—Sheriff Thomas Hiatt was fined \$1 and costs in a justice of peace court Wednesday when he pleaded guilty to the charge of assault and battery upon Eugene F. Williams, a reporter for the Muncie

Do You Know That Mazola Can Be Used
For More Different Purposes And
At Less Cost Than Any Other
Food In Your Kitchen?

OF interest to every wide-awake housewife are these important facts about the general use, the quality and the unusual economy of Mazola.

First, know that Mazola contains no moisture. Butter and Lard contain moisture. Mazola is an absolutely 100% pure vegetable fat. It never becomes rancid.

Deep Frying

NO fat excels Mazola for deep frying. It is far better and a great deal more economical than lard or compounds. The same lot of Mazola can be used over and over again—even after frying fish and onions. Merely straining makes it perfectly fresh for use as a shortening. It carries no odors or flavors from the foods cooked in it and does not smoke up your kitchen.

Shortening

THE purity and richness of Mazola best demonstrates itself in the fact that $\frac{1}{4}$ to $\frac{1}{2}$ less Mazola is required than that of butter or lard. This means that your cakes and pie crust will not only be light, rich and easily digested but will cost you less to prepare. Being an oil, the tiresome "creaming-in process" is eliminated. Mazola is always ready for instant use.

Salad Dressings

THOUSANDS of Italians, who certainly know olive oil, use Mazola. Not only because it costs about half that of the best olive oil, but because of its richness, quality and purity.

For French Dressing, Mazola blends readily—and Mayonnaise made with Mazola will keep for weeks without separating.

Once you try Mazola you will never go back to lard or butter for cooking—or olive oil for dressings.

Important to Housewives

One of the most severe comparative tests ever used on a cooking fat gives unqualified FIRST HONORS to Mazola.

Understand the remarkable economy and high quality of Mazola by these figures.

FRENCH FRIED POTATOES

2 lbs. of Mazola	fried	25 lbs. Potatoes
2 lbs. of Lard	"	8 " "
2 lbs. of Compound	"	11 1/2 " "

Note: Mazola goes over three times as far as lard; is twice as economical as compound.

FISH

2 lbs. of Mazola	fried	25 lbs. Fish
2 lbs. of Lard	"	15 " "
2 lbs. of Compound	"	20 " "

Note: Compare the figures yourself. Even with frying fish Mazola does not smoke up your kitchen.

DOUGHNUTS

2 lbs. of Mazola	fried	216 Doughnuts
2 lbs. of Lard	"	144 " "
2 lbs. of Compound	"	168 " "

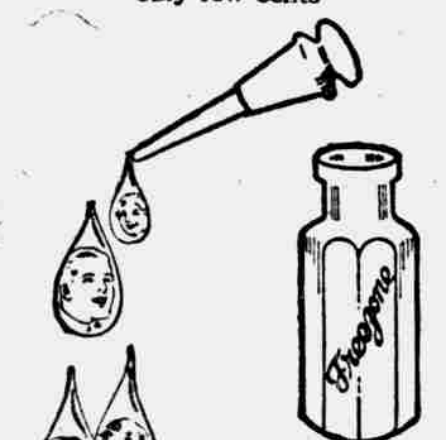

Note: All doughnuts were the same size. Mazola-made doughnuts are more easily digested.

P. S. Reasons for these remarkable figures are explained in column to the left. Read it.

LIFT OFF CORNS

WITH FINGERS

Doesn't hurt a bit and costs only few cents

You'll laugh. Apply a few drops then lift sore, touchy corns right off. No pain. Yes, magic!

A few cents buys a tiny bottle of the magic Freezone at any drug store. Apply a few drops of Freezone upon a tender, aching corn or callus. Instantly that troublesome corn or callus stops hurting, then shortly you lift it right out, root and all, without any pain, soreness or irritation. These little bottles of Freezone contain just enough to rid the feet of every hard corn, soft corn, corn between the toes and the calluses on bottom of feet. So easy! So simple. Why wait? No humbug!—Advertisement.
