Druggist Says Ladies Are Using

Recipe of Sage Tea and Sulphur.

Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe.

Nowadays we get this famous mixture improved by the addition of other ingredients by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," which darkens the hair so naturally, so evenly, that no one can possibly tell it has been applied. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur Compound is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance.—Advertisement.

How Wrinkles Are Caused—and Removed

Wrinkles are caused by the skin becoming loose. Obviously the remedy is to tighten the skin. Equally it is obvious that the only thing which will tighten the skin is a good astringent application.

Now, it is well known that the only effective astringent which is at the same time perfectly harmless and beneficial as well, is pure powdered axolite, obtainable from any druggist. Dissolve one ounce in a half-pint of witch hazel. Bathe the face in this refreshing lotion and—behold! The result is almost magical. The skin becomes firm and smooth, the face feels snug, comfortable and solid, instead of loose and flabby.

One should be careful to use no other astringents than pure axolite. —Advertisement.

Sulphur Clears ROUGH, RED SKIN

Face, Neck and Arms Easily Made Smooth, Says Specialist.

Any breaking out of the skin, even fiery, itching eczema, can be quickly overcome by applying a little Mentho-Sulphur, declares a noted skin specialist. Because of its germ destroying properties, this sulphur preparation begins at once to soothe irritated skin and heal eruptions such as rash, pimples and ring worm.

It seldom fails to remove the torment and disfigurement, and you do not have to wait for relief from embarrassment. Improvement quickly shows. Sufferers from skin trouble should obtain a small jar of Mentho-Sulphur from any good druggist and use it like cold cream.—Advertisement.
