

MOWE CALLS OFF FRIDAY PRACTICE

Friday's assortment of weather was not to Coach Mowe's liking, and so baseball and track workouts for the Quaker candidates were called off until Monday. Both squads are rounding into fair shape and the Quaker mentor does not want to take any chances with cold, windy and damp weather.

Thursday was ideal. In celebration, Coach Mowe picked two complete nines and staged a threatening contest. Charles Kellum buried for one team and lost by a 4 to 1 count.

Goar and Hillard worked for the other team and the performance of the pair was pleasing to Coach Mowe. Hinshaw on short, Tietz on second, Bookout on first and Jordan on the inside corner, cut up in general, and very few balls slipped through.

Butler May Play.
Mowe is in the air on the baseball schedule. First Butler announced that all inter-collegiate baseball games were canceled. Mowe then offered three dates to Franklin, Rose Poly and State Normal. No word has been received from any of the three, but Friday Mowe received word that Butler probably would play its schedule. Muncie State Normal is in the same boat as Earlham and the games scheduled between the two have to be changed around if Butler does play. The only games definitely settled are those with St. Mary's of Dayton. The first game is to be played here May 1, and Earlham goes to Dayton May 29. The Quaker student body is enthusiastic over baseball prospects.

Bowling

City league bowlers evidently would rather watch pretty girls display the latest creation than to watch the latest ball skip down the alley for a big 2 split. For Thursday night's games have the record so far for non-attendance.

Wilson Cleaners managed to scrape five men from the byways of the city, and rolled two games against the Coca Cola. The Cola was awarded the first game by forfeit and the next two by large majorities. No one could expect a Haberdasher five to be on hand when a style show is in swing, so Hill's Laddies were given a three game boost towards first place in league standing.

High score for the abbreviated performances was captured by Snaveley with 214. Jones came in for average honors with 199. The figures in black and white follow:

Carpentier Makes Initial Appearance in Exhibition With Major A. J. D. Biddle

NEW YORK, March 26.—Georges Carpentier, champion European heavy-weight boxer, gained a host of American admirers here today by his display of speed and cleverness in an informal shirt sleeve sparring exhibition with Major Anthony J. Drexel Biddle of Philadelphia, before a thousand guests at a dinner of the International Sporting club. It was the French boxer's first exhibition in this country and he was given a rousing ovation. The "match" of the two two-minute rounds was staged in a temporary ring erected in the center of the hotel Commodore ballroom. Tex Rickard was referee. The boxers merely removed their coats, vests and collars. At the outset the Frenchman displayed lightning speed, his shifty foot-work and feinting being very clever. Major Biddle, an amateur boxer, of considerable ability, scarcely landed a blow, Carpentier ducking his swings easily.

No hard blows were struck by either boxer, according to agreement. Although the French fighter was not in action long enough to gauge his real ability, expert observers were convinced that he is one of the most resourceful fighters, especially on the defensive, that Europe has produced in years.

SUBURBAN LEAGUE MEETING POSTPONED; SUNDAY, APRIL 4
The meeting of representatives of Suburban league teams to have been held Sunday afternoon in George Brehm's store, has been postponed until the following Sunday.

Brehm and managers of two of the teams near Richmond will be out of town. They probably will make arrangements with sports goods for furnishing material to the league. No doubt exists that what the league will be formed, the chief worry being the number of teams to be entered. Original plans call for an eight team league, but additional applications indicate the league may include 12 teams. This subject and others will be threshed out at the meeting in Brehm's store next Sunday.

THREE I PLANS SCHEDULE
(By Associated Press)
CHICAGO, March 26.—Club owners of the Three I league met here today to adopt a 140 game schedule for the coming season. President Tarmey said that three schedules would be presented for consideration. Two of the schedules open the season on April 28, while the third calls for the opening April 29. In addition to adopting a playing chart, each club will deposit a guarantee of \$2,000 to assure that it will finish the season.

Tramps and Coco-Colas To Enter State Tourney

Feltman's Tramps and Foster's Coca Cola, leaders of the City Bowling League, will represent Richmond at the state bowling tourney at Fort Wayne. The tourney will start April 10, but the Richmond teams will not take the alleys until April 16 or 18. The two teams will enter all events, which include singles, doubles, five-man teams and all events. Other Richmond teams may be entered.

Tris Speaker.

Cleveland ball fans have the hunch that Tris Speaker is the man who will pull a "Pat Moran" for them and cop a pennant this coming season. Tris has been the playing life of the ball club ever since he became a member of it, April 12, 1916, and now the Indian bugs believe he will be the managerial Moses.

Speaker was born in Hubbard City, Texas, April 4, 1888. He played baseball with Fort Worth, Texas, polytechnic institute and then with Cleburne in the North Texas league, but it wasn't until he was transferred to the Houston club in the Texas league that he was brought to the attention of the big leagues. And he owes Doak Roberts, owner of the club, much credit for forcing him into the big show.

Spoke joined the Houston club in 1907, and Roberts decided right off the bat that Spoke was a comer. Spoke hit .14 and fielded spectacularly for a youngster. Roberts knew Bob Hedges and Jim McAleer of the Browns, and tried to wish Speaker on them. They couldn't see Spoke. Roberts wired: "If he doesn't make good I'll give you 175 acres of Texas back lands." But still the Browns officials couldn't see giving Speaker a trial.

Then Roberts asked the Red Sox to try him out, agreeing to pay his expenses if he fizzled. The Red Sox gave him a tryout in three games in the fall of 1907 but were not impressed with him and failed to take care of him the next spring, so he signed with Little Rock, with Roberts' help. Then the Red Sox woke up. They arranged a deal whereby they were to obtain the pick of the club at the close of the season for \$500—and chose Speaker. Spoke went to the Red Sox the next year and by 1909 got going. He became—and still is—one of the greatest outfielders in the game's history. He plays center field nearer the infield than any other centerfielder. With Hooper and Lewis he gave the Red Sox the wonderful outfield that helped them to win the American league and world pennants in 1912 and 1915. For 10 years, up to the last season, he hit in the 300 circles. Last year he fell to 296.

He became manager of the Indians July 19, 1919, succeeding Lee Fohl. The \$50,000 and players that Dunn paid for Speaker proved a good investment right off the reel and if Spoke leads the club to a flag this year it will be about the best deal that Dunn, a wealthy contractor outside of baseball, ever put over.

Next Boxing Tourney Here on April 15, Says Benson
Announcement that a boxing tourney would be held here about April 15, was made by Billy Benson, fight promoter, Friday. He has been dicker with fighters known to fans but says the next show will probably include scrappers of first-class ability but who have never performed here. The one exception is Yank Druley. The show will be arranged for the Wayne Athletic club and for the Richmond Exhibition company. If these organizations do not want the fight, Benson will stage it on his own hook.

The final scraps of the small division of the inter-group basketball games in the Garfield gym Thursday afternoon, saw the league leading Anderson five winning from the last place Carrolls, by a 12 to 4 score. The Kelly quintet stepped into second place by winning a rough and tumble 2 to 0 scrap from the Dallas five.

The team is captained by Keith King and has been coached by Russell Crabb for two weeks. The eight players to make the trip to Newcastle are: Keith King, Howard Taggart, Howard Thompson, Robert Powell, Donald Hiatt and John Fitzpatrick.

CONTINUATION FIVE IS WALLOWED AT GARFIELD

Garfield Varsity romped all over the basketball five representing the continuation class of high school, winning by a 45 to 7 count, in the high school gym Thursday afternoon. A return game is to be played in the Garfield gym next Thursday.

The game itself was slow and mostly basket practice for Garfield, Kessler and Anderson taking turns looping goals through the netting. Trotter and Swallow starred for high school.
