

O. W. STEWART TO SPEAK AT LIBERTY

LIBERTY, Ind., Oct. 29.—Hon. Oliver W. Stewart, former member of the Illinois Legislature and widely known orator, will deliver an address in Liberty, Tuesday at 7:30 p. m., at the Christian Church. The gathering is to be a big patriotic mass meeting, at which time Mr. Stewart will use as his subject "Our Part in World Crisis."

All members of the Union County Farmer's Association have been mailed a live stock report blank by their township secretary which is to be filled out for the first quarter of the year. In this way a complete live stock record will be taken quarterly by the State Federation of Farmers' Association, co-operating with the government crop reporting system.

The project calls for the listing of all cattle, swine and sheep from each township together with information that would give the reporting service an exact line on the available supply in the county. A meeting has been called for next Wednesday by County Agent M. A. Nye, at which time the farmers will be called upon to fill out the blanks.

The Theatres

WASHINGTON. In Goldwyn's "The Cup of Fury," an Eminent Authors' production taken from Rupert Hughes' novel of the same name, and which is showing at the Washington theatre today and tomorrow, Helene Chadwick is typical of the American woman who turned her thought and energy to the struggle in which her husband, brother or father was actually engaged on the field.

the winning of the war furnishes one of the most astounding chapters of modern history. Some of them carried their work into the trenches and others formed part of the bulkhead behind the men in khaki, but coming out of a hundred were in the first in some form or other, and their courage and loyalty erased forever the appellation of "weaker sex" and establishes a record that will compel the admiration of the generations to come.

PALACE.

"Marked Men," which had its first showing at the Palace theatre last night, might be set down as one of the big photodramas of the year. Universal has made a production to be proud of, and its popular star, Harry Carey, has never done finer work than in this gripping epic of the American desert. Millions of readers are acquainted with the story of "Marked Men," written by a popular American novelist, Peter B. Kyne. It attracted wide attention, under the title "The Three Godfathers," when it appeared in the Saturday Evening Post.

In the role of Cheyenne Harry, bandit, convict and fugitive from justice, beneath whose outward baseness lies the seed of humanity planted by early teachings. Harry Carey easily reaches the heights of dramatic art. He gives a clean cut portrayal of the complex character, and in his acting he is supported by J. Farrell McDonald, Joe Harris and Ted Brook, as his three pals, Winifred Westover as the girl and Charles LeMoine as the sheriff. There are a dozen other importants and characters in the plot, while hundreds of players are utilized in the

background.
