

DAYTON CO. TO TAKE OVER ELECTRIC LINE WEST TO RICHMOND

The Dayton and Western Traction company, owners of the traction line running from Dayton to Richmond, will assume active control of its holding not later than April 23, the date on which the lease held by the Ohio Electric Railway company ends, it was announced Sunday in Dayton by Valentine Winters, president of the former company. The road has been operated since 1906 by the Ohio Electric.

A survey of the property, including the line from Dayton to Richmond, and the spur from New Westville to New Paris, O., will be made next week by Mr. Winters and G. W. Botham, of Milwaukee, Wis., former superintendent of the road.

Management of the line under the direction of the Dayton and Western Traction company will be assumed by Henry Gebhart, who probably will take charge as general manager. Mr. Gebhart is at present general manager of the Oakwood Street Railway company, and it is understood that he will retain both positions.

Coleman To Be Superintendent. R. C. Coleman, formerly assistant superintendent of the division under the management of the Ohio Electric company, probably will be named superintendent of the company. Mr. Coleman and Mr. Gebhart will be members of the party making the survey.

The original line to Eaton was constructed as far as Eaton 21 years ago, and extended to Richmond and New Paris in 1906, when the Ohio Electric assumed control of the property under lease.

Four years ago, at a considerable reduction in rental, the lease was again extended and continued until recently, when the bondholders of the company, took charge and placed Philadelphia engineers in charge.

The property, according to Mr. Winters, has been neglected while in the hands of the Ohio Electric company, and the expenditure of considerable capital will be necessary to rebuild and repair the line.

The question of better traction service between Dayton and Richmond will be considered, following the survey and plans for the improvement of the property, according to Mr. Winters.

AFTER SIX YEARS OF SUFFERING HIS LUMBAGO IS GONE.

Well Known Kokomo Contractor Had a Lame Back, Full of Rheumatic Pains, Muscles Were Sore and Joints Stiff.

EVERYTHING FAILED.

Now He Wants Everyone to Know That All These Aches and Pains Are Gone and the New Medicine Dreco Gets Full Credit.

"For six years I've had a sore, stiff back and have suffered greatly from lumbago and rheumatism. Even though I took lots of treatments, I got no relief till I took Dreco, and there's a different story to tell," said Mr. E. A. Richards, the well-known contractor of 733 S. Purdum St., Kokomo, Ind.

"My trouble started in my kidneys I'm sure, and probably neglect on my part in not taking something for them has caused me lots of pain and suffering since. My joints were full of rheumatic pains. My back was lame from lumbago and my muscles ached. Time and again I'd take some little treatment but it did me no good.

"Three bottles of Dreco have knocked out every pain in my body. I feel like I used to, full of energy, ready for a hard day's work when I get out every morning. It is a great feeling to be healthy and well again, and Dreco gets the credit from me."

Dreco is made from the juices and extracts of many herbal plants which act on the stomach, liver, kidneys, bowels and the blood. It relieves constipation, eases rheumatic pains, aids digestion, overcomes gas in the stomach and quiets the nerves.

All good druggists now sell Dreco and it is highly recommended in Richmond by Thistletonwaite's drug stores.

To stop falling hair at once and rid the scalp of every particle of dandruff, get a small bottle of "Danderine" at any drug or toilet counter for a few cents, pour little in your hand and rub it into the scalp. After several applications the hair usually stops coming out and you can't find any dandruff. Soon every hair on your scalp shows new life, vigor, brightness, and more color. Ady.

county persons may now auto south, without fear, it was announced Monday.

MANY IN CINCINNATI. Several Richmond Odd Fellows attended the big degree carnival in Cincinnati, Saturday night.

EXTRACTS UNDER BAN. Lemon extract, and flavoring extracts in general, are the latest products to fall under Uncle Sam's scowl, according to a letter received by county officials from Charles J. Orbison, federal prohibition director for Indiana. Warning is issued against selling them for beverage purposes.

MRS. LAINER SAYS, "RECENTLY I HAD MY FIRST GOOD SLEEP IN MANY TIRESOME MONTHS"

Lainer. "I didn't have much of an appetite and even what little I ate soured. I couldn't sleep soundly at night and worst of all was the great nerve strain caused by sleeplessness. A friend of mine noticing how badly I looked told me about Pepgen. She recommended it so highly that I decided to try it."

"In a few days after I started to take Pepgen my appetite returned, and it was not long after that, that I could go to bed and get the best sleep I have had in months. As a consequence I arise in the mornings feeling refreshed and rested. During the day I do not feel nervous as I did before taking Pepgen. I can do twice as much work and not be half as tired when evening comes."

"I am a wonderful system builder and any person who suffers from a run-down condition of health will make a mistake if they do not try it."

"Pepgen can be obtained from any first-class drug store anywhere.—Advertisement."

Once You Try Mazola You Will Never Go Back to Lard or Butter for Cooking—or Olive Oil for Dressings

OF interest to every wide-awake housewife are these important facts about the general use, the quality and the unusual economy of Mazola.

Deep Frying

No fat excels Mazola for deep frying. It is far better and a great deal more economical than lard or compounds. Mazola is 100% pure vegetable fat. It contains no moisture. Butter and lard contain moisture. The same lot of Mazola can be used over and over again—even after frying fish and onions. Merely straining makes it perfectly fresh for use as a shortening. It carries no odors or flavors from the foods cooked in it and does not smoke up your kitchen.

Shortening

The purity and richness of Mazola best demonstrates itself in the fact that $\frac{1}{4}$ to $\frac{1}{2}$ less Mazola is required than that of butter or lard. This means that your cakes and pie crust will not only be light, rich and easily digested but will cost you less to prepare. Being an oil, the tiresome "creaming-in process" is eliminated. Mazola is always ready for instant use.
