IF SKIN BREAKS OUT AND ITCHES APPLY SULPHUR

Just the moment you apply Mentho-Sulphur to an itching, burning or broken out skin, the itching stops and healing begins, says a noted skin specialist. This sulphur preparation, made into a pleasant cold cream, gives such a quick relief, even to fiery eczema, that nothing has ever been found to take its place.

Because of its germ-destroying properties, it quickly subdues the itching, cools the irritation and heals the eczema right up, leaving a clear, smooth skin in place of ugly eruptions, rash, pimples or roughness.

You do not have to wait for improvement. It quickly shows. You can get a little jar of Mentho-Sulphur at any drug store.—Advertisement.

wonderful swordsmanship is one of the features of this strongly dramatic story.

Farnum is a type of actor who has what is known as personality plus. He has more than a pleasing screen presence and it is in these romantic roles that he always is at his best. "The Adventurer" is a delightful story, and the man voted to be the best lover on the screen is given ample opportunity to display his art.

MURRAY
Glimpses of how the English nobility live lend particular interest to Vitagraph's latest super film of which Earle Williams is star. This production is "When a Man Loves," which will be shown at the Murray Theatre on Thursday, Friday, Saturday and Sunday.

Some of the most important scenes are laid in and around two beautiful country homes modelled after the style of the manors of English nobility. The chief characters are members of Europe's title aristocracy.

Mr. Williams plays the role of John Lord Cecil Bannister, the young son of Lord Cecil Bannister, master of Bannister Hall. John is desired by many dowagers in the highest social circles as a husband for their daughter. The great wealth and title he is to inherit makes him the "catch" of the season.

As the story reveals John falling, not at all against his will, into a pre-arranged romance with one young bud who in the end reveals she does not love him, and then being pursued by another, the spectator has a revelation of British custom. The habits of peers and peeresses at home and at formal gatherings provides atmosphere throughout.

MURRAY
It is to be regretted the bill which opened yesterday at the Murray closes tonight, but it is well balanced and contains variety throughout. The laughing hit goes to Robinson and Penny, two boys who are genuinely funny and know how to sing. They were a hit last evening with their original offering. Dale and Boyle have an act with a surprise finish which is a hit, and which would not be fair to them to reveal here. The Garibaldi Quartet do their act before a scene representing the Bay of Naples, and present a highly entertaining singing and instrumental act ranging from standard opera selections to the popular. The lady of the act has a well-trained voice, and the men are accomplished musicians. Harry Morey is on the screen in "The Darkest Hour." This bill closes tonight, making way for David Belasco's production of "The

CUT THIS OUT
OLD ENGLISH RECIPE FOR CATARRH, CATARRHAL DEAFNESS AND HEAD NOISES

If you know of some one who is troubled with Catarrhal Deafness, head noises or ordinary catarrh cut out this formula and hand it to them and you may have been the means of saving some poor sufferer perhaps from total deafness. In England and the United States, where the medical profession has for a long time past have recognized that catarrh is a constitutional disease and necessarily requires constitutional treatment.

Sprays, inhalers and nose douches are liable to irritate the delicate air passages and force the disease into the middle ear which frequently means total deafness, or else the disease may be driven down the air passages towards the lungs which is equally as dangerous. The following formula which is used extensively in the damp English climate is a constitutional treatment and should prove especially efficacious to sufferers here who live under more favorable climate conditions.

Secure from your druggist 1 ounce of Parment (Double strength). Take this home and add to it 1/4 pint of hot water and a little granulated sugar; stir until dissolved. Take one tablespoonful four times a day. This will bring quick relief from distressing head noises. Clogged nostrils should open, breathing become easy and hearing improve as the inflammation in the eustachian tubes is reduced. Parment used in this way acts directly upon the blood and mucous surfaces of the system. It has a tonic action that helps to obtain the desired results. The preparation is easy to make, costs little and is pleasant to take. Every person who has catarrh or head noises or is hard of hearing should give this treatment a trial.—Advertisement.

SHE COULDN'T DO A BIT OF WORK 2 MONTHS

System Became Run Down All Over But Vola-Tonic Has Brought Back Her Strength.

IMPROVED EVERY WAY

Mrs. E. M. Smith, 2513 Gilbert avenue, Cincinnati, O., suffered with her stomach two years and got so bad recently that she wasn't able to do a bit of her housework.

"I took Vola-Tonic and now I am a great deal better," Mrs. Smith said. "I was in such bad condition before I took Vola-Tonic that I could hardly keep food on my stomach at all. I had headache all the time, too, and I was very nervous. For two months recently I felt so badly that I wasn't able to do any of my housework."

"Then I started taking Vola-Tonic. I hadn't taken more than a few doses of Vola-Tonic until I could see results. I continued taking Vola-Tonic and now my stomach is in much better condition and my nerves are about normal. I am much stronger than before, also. I know I have derived a great deal of benefit from Vola-Tonic and I want to recommend this medicine to everybody who feels weak and run down and needs more strength."

Strength depends upon the stomach to a great extent. Let the stomach get out of order and you get out of order all over. To keep strong, your stomach must properly digest food and take nutrition from it to nourish the organs and tissues of your body. If the stomach fails and nutrition is lacking, the organs become ailing and tissues break down. Then weakness gradually comes.

Vola-Tonic, "Builder of Strength," puts the stomach in good condition. It also brings a good appetite, good blood and good nerves and thus brings strength and better health to the weakened, run down man or woman. Vola-Tonic is being specially introduced in Richmond by the five Quigley drug stores.—Advertisement.
