Mrs. Shrieves Takes Over Continuation Work; Many Boys and Girls Enrolled

Upon the resignation of Mrs. Zen Smith, who has been in charge of the noon continuation school class, at the high school building, Mrs. Rhea Shrieves, a graduate of Wilmington college, Wilmington, O., who has also taken postgraduate work there and had experience in business, has been obtained as instructor.

Twenty-four girls, from the Richmond Baking company, the Richmond Candy company, the Beebe Glove company, and several apprentices and clerks from millinery shops and other stores are now enrolled in Mrs. Shrieves' class, which meets at noon five days a week. The girls are all between the ages of 14 and 18.

There are 116 children enrolled in continuation school work in Richmond at present. Last November there were 114 enrolled. The present number is considered to be the peak of enrollment in the work for a city of this size.

30 Girls Take Work. Beside the 24 girls studying general subjects under the direction of Mrs. Shrieves, over 30 girls of the Indianapolis Glove factory and nearby industrial plants are working under the direction of Miss Dorothy Gebauer, of the practical arts department of the schools.

Three classes of boys are taught by J. H. Clevenger of the high school teaching staff; O. L. Eilar of the high school and W. B. Miller of Garfield school. Some of these boys meet only three days a week, but must continue their course longer. One hundred and forty-four hours a year is the minimum requirement. Mr. McComb is considering a schedule of courses for the summer months making a regular 50-week course.

West Virginia Labor Federation Is Planning Political Organization

CHARLESTON, W. Va., April 7.—A political organization that will be a model of "thoroughness and effectiveness" is being perfected for the coming election by the West Virginia Federation of Labor, according to the campaign plans, made public here Tuesday by C. F. Keeney, district president of the United Mine Workers of America.

The organization will function in every political subdivision of the state, from the congressional district

IF YOU NEED A MEDICINE YOU SHOULD HAVE THE BEST

Have you ever stopped to reason why it is that so many products that are extensively advertised, all at once drop out of sight and are soon forgotten? The reason is plain—the article did not fulfill the promises of the manufacturer. This applies more particularly to a medicine. A medical preparation that has real curative value almost sells itself, as like an endless chain system the remedy is recommended by those who have been benefited.

A prominent druggist says "Take for example Dr. Kilmer's Swamp-Root, a preparation I have sold for many years and never hesitate to recommend, for in almost every case it shows excellent results, as many of my customers testify. No other kidney remedy has so large a sale."

According to sworn statements and verified testimony of thousands who have used the preparation, the success of Dr. Kilmer's Swamp-Root is due to the fact, so many claim, that it fulfills almost every wish in overcoming kidney, liver and bladder ailments, corrects urinary troubles and neutralizes the uric acid which causes rheumatism.

You may receive a sample bottle of Swamp-Root by Parcel Post. Address Dr. Kilmer & Co., Birmingham, N. Y., and enclose ten cents; also mention the Richmond Palladium. Large and medium size bottles for sale at all drug stores.—Advertisement.

to the precinct, he said. In the precinct a committee of five for general work and for special duty at the polls on primary election days will be named, he added, and there will be "a woman for every precinct armed with a camera to obtain pictorial proof of any questionable performance about the polls."

FRACTION OF CENT COINS.

All the countries of Europe have their fractional coins, and have found them to be valuable in domestic dealings. The United States congress, beginning to feel the necessity of some action in this line, is considering the advisability of adding to the variety of coins, three, two and one-half, two, and one-half cent pieces.
