Ask to Transfer Funds
Application has been made to common pleas court by the trustees of Jackson township for authority to transfer money from three funds. They seek transfer of \$1,742.30 from the Cass road fund to the general road fund; \$48.37 from the ditch fund to the poor fund, and \$1 from the ditch fund to the hawk fund, the last named being required by operation of law, the trustees state.

Plant Trees in Memory Of Members of Family

Many years ago it was a custom when a child was born to commemorate the event by planting a tree. As a result of this custom, today there are many trees sacredly guarded because they were planted by or for someone whose memory it was desired to perpetuate.

It may be the one in the yard under which you were accustomed to play when a child. It may be the one that sheltered you when overtaken by a storm on your way to and from school. It may be the one on the river bank under which you sat with fishing pole in hand—or it may be the one under which your loved one and you exchanged vows or made dear to you by any one of the many incidents of life.

Now that a law of the state and proclamation of Governor Goodrich have designated Friday, April 16, as Arbor Day in Indiana, why not planting a tree or a shrub on that date, give your child when it passes into maturity, an opportunity to possess a living tree which it can call its own?

Or if you have made a great sacrifice through a loved one offering his life in freedom's cause, what can be more appropriate and lasting than a beautiful tree or shrub planted to the memory of this world war hero, says Richard Lieber, director of conservation in Indiana, who appeals to citizens generally and school children in particular, to this Arbor Day, 1920, contribute something to posterity.

Many Visit Exhibit Of Domestic Science Work

Men and women in every township in Wayne county and from several adjacent counties, have visited the Wayne county domestic science exhibit in the county superintendent's office in the courthouse during the past week. The exhibit closed Tuesday.

Unique attention has been given the standard in the county superintendent's office in the courthouse during the past week. The exhibit closed Tuesday.

Miss Harmon, county domestic teacher, has recently given a series of lectures on "Swat the Fly." This theme has been incentive for several clever posters made by the Franklin township children.

READING OF APPOINTMENTS CLOSES CONFERENCE: MANY CHANGES MADE

After two extra sessions, the annual North Indiana conference of Methodist Episcopal church adjourned Monday evening with the reading of appointments. EAT LESS MEAT IF BACK HURTS

Take a glass of Salts to Flush
Kidneys if bladder bothers
you.

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly back-ache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.—Advertisement.

This Tells You How to Get Benefit of the Best Senna

Finest Grade of Egyptian Senna Leaves used in compounding Dr. Caldwell's Syrup Pepsin.

PROMINENT importers and wholesale dealers in crude drugs and medicinal herbs gathered from all parts of the world do not hesitate to say that the market for the better grades of medicinal herbs, roots, oils, etc., is practically confined to the leading manufacturers of the so-called package medicines, who buy only the very best, and that the manufacturers of Dr. Caldwell's Syrup Pepsin are the largest users of the best grade of Egyptian senna leaves in the world.

The potency of a tea brewed from senna leaves to relieve constipation has long been recognized, not only by the medical profession, but by the public generally; in fact, senna has been known and used in medicine for more than five centuries. The cheaper grades of senna, such as are usually sold at retail, have, however, a tendency to grip and cramp

which makes their use unpopular with most people.

In Dr. Caldwell's Syrup Pepsin the finest Egyptian senna is combined with pepsin and other valuable agents, essential oils and pure cane sugar syrup to make an exceptionally valuable tonic-laxative for the relief of constipation and resulting disturbances of the stomach and bowels. The complete formula is plainly printed in English, French, and Spanish on every package. Thousands who formerly bought an inferior grade of senna leaves now use Dr. Caldwell's Syrup Pepsin instead. It is sold in drug stores everywhere.

In spite of the fact that Dr. Caldwell's Syrup Pepsin is the largest-selling liquid laxative in the world, there being over 6 million bottles sold each year, many who need its benefits have not yet used it. If you have not, send your name and address for a free trial bottle to Dr. W. B. Caldwell, 511 Washington St., Monticello, Illinois.
