

## Young Peoples' Union

This space will be devoted to the advancement of Young Peoples' Societies of this city. It will be devoted to lesson helps, interesting news, and everything pertaining to young people's work.

Met—For Christ and The Church.

Sunday, April 18; topic, "When is Courage Needed?"—Luke 12: 4; Deut 20: 1-4; Esth. 4: 13-17.

Some Bible Hints.

It takes courage to say no to some temptations. Trust the word of God, use it, rest in it (v. 4).

To know that in battle we are protected in the divine love brings an unspeakable sense of safety even if we must die (20: 1).

God fights for us, but that does not mean that we need not fight. Be bold and heaven will aid you (v. 20: 4).

There are depths of courage in the ordinary man; in the crucial moment he becomes a hero (v. 15).

Suggestive Thoughts.

It takes courage of a high order to face the daily grind and drudgery of life, and face it cheerfully, rising above it in soul, living in eternal regions.

Courage does not mean the absence of fear, but the power to control fear so that a man may carry on with his blood even though death is staring at him across the road.

Let us be brave enough to admit our mistakes, confess our faults, beg the pardon of those we have wronged.

When in a group of men who break into irreverence it takes courage to stand up for noble ideals. Sin is always blatant, bold, loud-voiced; goodness must be brave as well as gentle.

A Few Illustrations.

Daniel was not ashamed to pray where others might see him. We need to be proud of belonging to Christ, feel it an honor to serve Him.

The gritty grains of the grindstone sharpen the knife; so do the common trials and annoyances of everyday living affect us, if we meet them aright.

It took courage at the Red Sea for Israel to advance upon the roaring flood. Faith never sees the way. It steps into darkness, and light comes with every step—but not before.

Dead fish float with the stream, living fish swim against the current. Be brave enough to be yourself, follow the light you have, and obey God.

To Think About.

How have calls for courage come to us?

Where do you find strength in trial?

How is courage cultivated?

A Cluster of Quotations.

I should say sincerity is a deep, great, genuine sincerity, is the first characteristic of all men in any way heroic.—Carlyle.

A gallant soldier said that in an engagement he always counted himself dead at the first fire and looked upon himself as a dead man. Then he fought regardless of danger.—Sterne.

Those that stick to duty at last stand before the throne of God; it is the "fearful and unbelieving" that are left out. Try and trust.—Anon.

Courage moutheth with occasion.—Shakespeare.

## Suburban

FOUNTAIN CITY.—Mr. and Mrs. C. N. Hatfield and family spent Sunday with relatives at Newcastle. An alumni and business meeting of the Fountain City high school will be held Saturday afternoon at 3 o'clock at the school house. All alumni are especially urged to be present. Superintendent Williams visited the local school Monday. The eighth grade diploma examinations will be given at the school house Saturday. Mr. and Mrs. James Hlatt, of Richmond, spent Sunday with relatives here. Mr. and Mrs. Clayton Dougherty and children of Milton visited Sunday with

## "I have been

Using Your Sulphur Tablets More or Less for Many Years and Have Recommended Them to Many Because I Think They Should be in Every Home."

Thus writes Mr. Wm. Cameron, 1021 Ellis Place, Denver, Colo., and we publish this brief statement to prove the never-ending value of Sulphur Tablets in the treatment of such ailments as chronic constipation, impaired kidney action, and consequent impure blood manifested in many ways, such as headaches, pimples, boils, rash, hives, rheumatism, etc. Neglected constipation undoubtedly brings on a long train of more serious ills and the way to get relief is to use Sulphur Tablets as a laxative tonic blood purifier.

They are made of extracts of herbs and roots and contain sulphur and cream of tartar, thus supplying the essentials for a regular and effective treatment. Sold by druggists everywhere at 60c per tube.—Advertisement.

H. Morrison and family were guests of

## Tells Fat People Perverted Craving

For Wrong Foods Must Be Overcome.

Says Arbolone Tablets Does This and Reduces Weight, Too.

The person who is too fat is told to diet and the very thing that a perverted appetite craves are the ones "you must not eat." Obesity is unnatural. It is like an endless chain. Eating wrong foods in the wrong way produces a perverted appetite. Then the appetite demands and craves the wrong foods and converts them into needless, embarrassing fat. Tablets Arbolone stops the perverted craving for the wrong foods, gives a normal appetite, eliminates the fat-forming elements through kidneys and bowels, dissolves the fatty surplus and sends it back through eliminative channels, causing improved health and strength. One or two tubes will convince any fat person that Arbolone is what they need to reduce safely and successfully. Sold by thirty thousand druggists in sealed tubes with full directions.—Advertisement.

SONGS, OPERA, DANCES ON COLUMBIA RECORDS

Tenor Solos, La Boheme Selections, and Dances by Two Great Orchestras. Charles Harris sings two songs of sentiment for Columbia Records this month, "Peggy" and "Say It with Flowers." The first is a spring song, and the second speaks the language of flowers in music. These are two unusual selections.

The New York Metropolitan Opera House Orchestra plays on both sides of a record "Selections from La Boheme" this month. Through their countless performances of this always popular opera, these artists have come to a point where their placing of this music is almost beyond criticism.

The first Columbia Records of Art Hickman's Orchestra from the St. Francis Hotel, San Francisco, made a hit with many dance lovers. This month they add two more to their unique jazz selections, the "Dancing Honeycomb" fox-trot and "Fee Fi Fo Fum" one-step.

Princess Dance Orchestra plays two fox-trots full of weird strains of Oriental music, "Afghanistan" and "Mohammed" are guaranteed to make even the latest fox-trotters forget all about the time.—Advertisement.

## The Aftermath of Flu

This is No. 1 of a series of advertisements, prepared by a competent physician, explaining how certain diseases which attack the air passages—such as Pneumonia, Influenza, Whooping Cough, Measles or even a long continued Cold—often leave these organs in an inflamed, congested state, thus affording a favorable foothold for invading germs. And how Vick's VapoRub may be of value in this condition.

Your doctor will impress upon you that following recovery from the active stage of influenza, there often remains an inflamed, congested condition of the air passages—throat, larynx, bronchial tubes and lungs.

Frequently the cough hangs on—soreness of the chest persists—you take cold easily and there may be obstinate catarrh. This condition is slow to clear up and if neglected may favor the development of pneumonia, or later on, serious disease of the lungs.

Such cases should continue under the care of their physician—should exercise moderately in the open air—eat plenty of wholesome food—avoid overwork and sudden chills.

Nightly applications of Vick's VapoRub may help nature to complete the process of repair. Because Vick's acts locally by stimulation thru the skin to

draw out the inflammation, attract the blood away from the congested spots and relieve the cough. In addition, the medicinal ingredients of Vick's are vaporized by the body heat. These vapors are breathed in all night long, thus bringing the medication to bear directly upon the inflamed areas.

Vicks should be rubbed in over the throat and chest until the skin is red—then spread on thickly and covered with hot flannel cloths. Leave the clothing loose around the neck and the bed clothes arranged in the form of a funnel so the vapors arising may be freely inhaled. If the cough is annoying, swallow a small bit of Vick's the size of a pea.

Samples to new users will be sent free on request to the Vick Chemical Company, 231 Broad Street, Greensboro, N. C.

## WEAK, RUN DOWN WOMAN IS LIKE NEW PERSON; PRAISES VOLA-TONIC

"My appetite is so good since I have been taking Volatonic that my husband remarked about it the other night," said Mrs. Edna Ellery, of 1788 Dreman avenue, Cincinnati, O.

"For over a year before I started taking Volatonic my system had been in a general run down condition. My appetite was so poor that I hardly ate anything at all and, of course, I kept losing strength as a result. My nerves were out of order also and I couldn't sleep right at night or get proper rest. My system got run down all over and I didn't have a bit of life or energy. In fact, I felt so bad I just had to make myself do the housework."

"Vola-Tonic was recommended to me so highly that I started taking it and it was only a short time until I began to feel better."

"I feel like a new person now. My appetite has increased wonderfully and I eat hearty meals and never have any bad after effects at all. I sleep soundly every night now also and get good rest and then get up the next morning feeling refreshed."

"I know Volatonic is a good medicine because it has made me feel like a new person and I am glad to tell all my friends about it."

Vola-Tonic, "Builder of Strength," is being specially introduced in Richmond by the Ave Quigley drug stores and is sold by one leading druggist in cities and towns everywhere near here.—Advertisement.
