## BOY'S WINNING ARMY ESSAY GIVEN; SHOWS WHY TRAINING'S GOOD

Donald L. Campbell, a 15-year-old Clinton, Ia., high school pupil, was awarded first prize in the army national school essay contest for the best essay on the "Benefits of Enlistment in the United States Army." Ten million school children participated in the contest, inaugurated to stimulate enlistment in the army.

Young Campbell will receive from the war department a free trip to Washington, where Secretary of War Baker will pin a gold medal on his chest.

Here's the Essay.

Campbell's winning essay follows: "As Horace Greeley once said, 'Young man, go west,' we now say, 'Young man, join the army.' Why? It is the best opportunity of the age. 'Are you physically weak?' 'Health is the first wealth,' and the army is a health builder. It provides wholesome food; clean, comfortable surroundings; proper clothing, and medical attention when necessary. Physical exercise is compulsory, and every encouragement is given to athletics. These, with outdoor life, make men straight, strong, and healthy.

"Do you seek an education? 'You can attend school at any army post and study grammar and high school subjects.

"Trained for Peace Times, Too.

"Would you learn a trade? 'The government has recently appropriated \$2,000,000 for the establishment and maintenance of vocational schools, where you can learn to be a mechanic, auto repair man, electrician, telegraph operator, chemist, or almost anything else you wish. These courses prepare you for a return to civil life or continued service in the army.

"Do you long for travel and adventure?

"Join the army. You can be an engineer at the Panama canal, a wireless operator in the Philippines, a lineman in Alaska, or an aviator flying in the clouds. Whenever possible, the government gives you a choice of station.

"In the army you can travel, learn and earn at the same time.

Uncle Worries for You.

"You may think army pay low. In addition to the \$30 a month, Uncle Sam pays for your food, clothing, rent, light and fuel. With the present high cost of living, why not leave all the worries to Uncle Sam? After thirty years' service you can retire on three-fourths pay plus \$15.75 a month. The army is not all work and drilling. There are movies, libraries, games, music, and dances; furloughs whenever conditions permit.

"Do you admire courage, honest, square dealing, resolution, and tenacity of purpose? You will find these qualities in men like Washington, Grant, Sherman, Roosevelt and Pershing—men developed in our army.

"This training of body, mind and soul and these opportunities for education, travel, and adventure are more than sufficient reasons for joining the army; but there is another and greater motive for donning the 'olive drab.' Do you love your country and would you be worthy of her? You must be willing to serve her both in war and peace.

"Have you, like Nathan Hale, one life to give for your country? If so, join the army."

## Begin To Purify Your Winter-Blood

Grandmother's Old-Fashioned Sulphur and Molasses Did It.

But Not So Well As This Sulphur Tablet—Sugar Coated.

Through the winter the blood accumulates poisons because you do not perspire enough, because you do not live in the open air, and because you eat more meat, mush and other rich foods. Every spring we feel sluggish, constipated, liver and kidney ills beset us, colds and chronic coughs, pimples, boils and carbuncles, all evidence of impure, thick, sluggish blood.

Sulphur Tablets (not sulphur tablets) are composed of extracts of roots and herbs, combined with sulphur and cream of tartar—and no better physic, blood-cleanser and blood purifier has ever been developed. Every spring thousands who already know their value take them to purify the system of Winter Poisons. Now is the time to begin, so you won't be attacked by serious ailments when Spring and Summer come. Sold by all druggists 60c per sealed tube with full directions.—Advertisement.

## Sensible Method of Removing Wrinkles

If crows' feet appear prematurely about the eyes, apply a lotion made by dissolving an ounce of saxolite in a half pint of witch hazel. This is the best, quickest-acting treatment known, as it tends to restore normal conditions. It lightens and strengthens the skin, likewise the underlying tissue, the loosening and softening of which are the causes of a wrinkled condition. It also has a tonic effect, which not only aids in the same direction, but, by improving capillary circulation, helps to bring a healthy color to the face.

The same solution, acting as it does, naturally affects not only every wrinkle and line, but hanging or flabby cheeks and chin, as well. When your face wears a tired expression, bathe it with this refreshing, revivifying liquid. Tell the druggist you want powdered saxolite.—Advertisement.
