

SITUATION, RESULT OF STRIKE, BETTER; TRUCK TO RESCUE

The industrial situation as a result of railroad strikes remains about the same.

No gasoline has arrived to alleviate the shortage, although all Richmond concerns have a small supply on hand for doctors and the fire department. Freight agents of both Richmond railroads announce that conditions remain unchanged since Saturday. The C. and O. is routing cars to Chicago and to points east not closed by the embargo. The Pennsy is taking cars consigned to points on the Richmond division only.

Motor trucks have come to the rescue of concerns hard pressed. A large truck train of motors for a concern in Connerville passed through Richmond Saturday. Several truck trains have been observed going east.

Auto Factories Slowed Up
Richmond automobile factories have been forced to slow production, as motors and other supplies have been arriving every day. Parts have been shipped by interurban cars where railroads were used before the strike. Small groceries in the towns surrounding Richmond report a shortage of fruit and other supplies because Richmond concerns can't get to these points as quickly as usual.

One large commission firm announces that the number of trucks sent to small towns near Richmond have been cut in half because of the gasoline shortage.

All ye that are thirsty take notice! Your favorite drinks are advancing! A certain famous soft drink brought seven cents a glass across the fountain Monday morning, and pop, the delight of your youth, retailed at 10 cents.

Local dealers justified their claim for an increase by quoting the rise in price of "Coc's" from \$1.60 a gallon in barrel lots, to \$2.00, and pop to \$1.30 a case instead of 80 cents. The shortage in sugar is causing the mischief, they say.

GYPSY SMITH MAY CONDUCT MEETINGS IN CITY, COUNTY

"Gypsy" Smith, one of the world's most widely known evangelists, will conduct a big union meeting here early this fall if the plans of the Church Federation of Wayne county, endorsed by the Ministerial association Monday morning, materialize.

Several months ago the church federation favorably considered the plan of conducting evangelistic meetings in this city and county for this summer. The chairman of the evangelistic committee of the federation recommended at that time that a tent be used in the county and the federation consented. It was agreed by the ministers Monday morning that it was advisable to close a date with "Gypsy" Smith if possible, and if not possible, to get some other well known evangelist.

May Be In Use June 1.
It is hoped that the tent can be put into use by June 1, in the rural territory and that in the early fall a union meeting lasting from three to five weeks may be held in the city.

A committee composed of the Rev. J. S. Hill, chairman, the Rev. L. E. Murray and the Rev. Shelby C. Lee were appointed to arrange for an appropriate farewell meeting in honor of the Rev. R. L. Semans, pastor of the First Methodist church, who is leaving for his new pastorate in Chicago.

Everybody is welcome at this meeting, said the committee Monday, and the only seats reserved will be for the candidates and their parties and the out of town people, and the members of the reception committee.

56 Pupils Take 8th Grade Exams; 38 Took Them Last Year, Say Officers

In comparison with 38 eighth grade diplomas examinees last year, 56 took examination at the high school Saturday, and 50 seventh grade pupils, a much larger number than the year before, were examined in geography and physiology. At least \$13,000 will be spent in transferring township children to the Richmond high school this year, whereas \$10,000 was spent last year, and \$4,000 five years ago.

Township Trustee John Edgerton and County Superintendent C. O. Williams say that although this increase in interest is extremely gratifying in many respects, it is frightening from the financial viewpoint. "It means that we must have more taxes if this increase continues," they said. "From \$16,000 to \$18,000 will be spent next year at this rate."

Increase in expense is due to a great extent to increase in attendance at the Richmond city schools, and because prices have grown at least one-fourth, according to Mr. Edgerton. He is of the opinion that the ultimate solving of the problem will come in a centralized township high school in alliance with motor hacks.

Just where and how is the money to be spent?

*A businesslike Answer to
a businesslike Question*

THIRTY denominations cooperating in the Interchurch World Movement have budgeted their needs. No business could have done it more scientifically.

They have united to prevent the possibility of duplication or waste. At least a million dollars will be saved by the fact that thirty individual campaigns are joined in one united effort.

Each denomination has arranged its needs under six main heads as shown at the left.

Each denomination has its own detailed budget, and will administer its own funds. Your pastor has copies of the budget; examine them for yourself. In the week of April 25th-May 2nd you will be given your opportunity to help. You can do it with the full satisfaction of knowing that every dollar of your gift has its post of service assigned to it in advance.

Every dollar for a better America and a better world.
When your church calls on you, give—and give from your heart as well as from your pocket-book
