

REDS MOVE UP TO CHICAGO; TRIMMED BY PIRATES 5 TO 3

CINCINNATI, Ohio, April 22.—Those Pirates seem to delight in trimming the champion Reds. Wednesday's 5 to 3 exhibit at Redland Field was the worst exhibition of baseball on part of the champs this season, and one of the worst in two years. Jimmy Ring distributed four passes while Cooper was extremely stingy. The Reds connected with 13 safe bingles but could only amass 3 runs.

The Reds open the National league season at Chicago, Thursday, and Manager Moran is anxious to make a clean sweep. Reuther is slated to hurl.

The Score.

Cincinnati	AB	R	B	PO	A	E
Rath, 2b	5	1	4	2	5	0

BRINGING UP FATHER BY McMANUS

JAY CLARK, JR.

The general run of baseball, tennis and golf fans probably don't recognize the name Jay Clark, Jr., as being of any moment in sport, but he's a Ty Cobb or William Johnston or Jim Barnes in his game—trap-shooting.

Clark will captain the trapshooting squad that will represent the United States in the Olympic games at Antwerp. He has been one of the leading gunners in the United States for many seasons.

He was born in Newton, Ia., but went east when he set out to make a name for himself, setting down his gun and shells in Worcester, Mass.

For three straight years Clark won the Merrimack valley trap title in the New Hampshire state shoot and he topped the New England title once.

He was runner-up in the Massachusetts state championship in 1918 and tied Marc Arle and Roy McIntyre for the national title that season, the state champ being unable to represent Massachusetts. Clark was eliminated when he missed a target in the final 25.

In 1913 he won the Westy Hogs championship. In 1917 he set the high average at 15 and 22 yards at a Maplewood, missing only 20 targets in 2,000 that week.

He set a record when he broke 198 out of 200 targets at Travers Island in 1918.

Last year he won the Atlantic Islands title at Travers Island.

Earlham vs. Wilberforce
Friday Afternoon at 3:30

Earlham will play the Wilberforce college baseball nine at Reid Field at 3 p. m. Thursday, said Coach Ray Mowse, Thursday.

Wednesday's sunshine enabled the baseball squad to get in some well needed practice. Considering the long layoff, the performance was encouraging. The soggy playing field prevented the infielders and outer gardeners from going after 'em with customary speed.

Goar, Nicholson and Elder, Mowse's three hurling aces, were extremely wild at the start. Goar and Nicholson were considerably tamed at its conclusion, however. This pair will probably show for the bulk of hurling honors in the Wilberforce game. Goar leading off. Raiford will catch.

Eight Basketballers Given "R's" by High School Ruling

Eight members of the Richmond high school basketball team have been officially awarded R's by the committee in charge. These will be presented to the winners at chapel on May 21.

The winners are: Monser, Reid, Motley, Price, Harkins, Livingstone, Wilson and Dollins. Martin and Brown were not included.

DEMPSEY SIGNS TO FIGHT AT BENTON HARBOR JULY 5

CHICAGO, April 22.—Jack Dempsey today signed for his first fight since he won the world's heavyweight championship from Jess Willard at Toledo last Fourth of July. Manager Jack Kearns came to terms with Floyd Fitzsimmons, a Benton Harbor, Mich., promoter, for a match at the Michigan resort July 5. Dempsey's opponent will be chosen within ten days. Fitzsimmons already has opened negotiations with Fred Fulton, Billy Miske and Bill Brennan.

The Farm and The Farmer

By William R. Sanborn

"The hail storm of Tuesday night did not strike Lewisville," said G. F. Johnson. "We have had all the rain needed, however. The creek is out of its banks and low farm lands are flooded, but the water is falling. No damage was done in town by water, as the houses stand on high ground. As to corn planting I think the farmers will plant as usual, even if a little late, and it may be that many will plant more, for the price is pretty high."

Mr. Johnson said that so far as he knows there were no reports of serious losses of spring lambs or pigs; and that farmers say the fruit outlook is satisfactory.

J. W. Wright, of Modoc, says that they had quite a fall of hail early Wednesday morning, but that "the hail did not come down in chunks and so no glass was broken anywhere, so far as he knew. Says some damage may have been done to fruit trees but this could not have been serious, and that they expect a fruit crop. There has been no damage from water, except delay in farm work. Mr. Wright says the farmers are mostly well supplied with help and that the usual acreages of corn will probably be put in.

Cherries, Pears, Apples, Berries.—Lewis Kuth, fruit grower, living on the traction just over the Ohio line, says that all kinds of berries are very promising, except that his early raspberries were somewhat damaged by the hail. "Too early to injure strawberries. That may come with a frost when in bloom, but hope not," said he. He reports his cherries, pears and apples exceptionally promising. Says, too, that buds are almost ready to break into bloom."

The officials of the leading swine record associations recently met at Chicago to confer as to the most efficient and economical manner of keeping these records. The cost of recording has been climbing for two or three years and it is hoped to devise a plan to stop further increase in cost and possibly to cut it down.

Two professors who have been at work upon the food value of milk problem for years, say that the output from one titpot dairy cow in one year is equal to the food value represented by five 1,100-pound steers.

Farm Federation

The following excerpt is from a letter just received from Professor Christie, of Purdue, by Theodore Davis, president of the Wayne county federation, at Greensfork:

"It seems that the great need at this time is to place the farmer's cause prominently before the people of the country. The present situation indicates that laboring men everywhere are worrying about their pay. Some people think that they should soon begin to worry as to whether they will get three meals a day at any price."

"It will do some good to place this matter prominently before the people and to let them know the actual conditions that exist in the country. Farmers can afford to go ahead and do the best they can for it is generally believed that the supply of food will be short and that there will be good prices for everything they can produce."

Federation officials in various places are reporting that since the strike began nearly four weeks ago at Chicago, many farm laborers have failed to show up, being tempted by the chance to get higher pay and shorter hours. This has intensified the farm help shortage, near all strike centers, more particularly.

Announcement was made Thursday by John G. Brown, president of the Indiana Federation of Farmers' Association, that plans had been worked out whereby the federation would have an official representative at the Indianapolis stock yards. The representative will be selected today and the present plans call for the operation of the stock yards.
