STOMACH SO BAD SHE HAD LOST ALL HOPE

Suffered agony for 8 years, and then got well in a hurry.

"I suffered from stomach trouble for 8 years—had acute indigestion for 4 years. All that time I have not slept a wink before 2 in the morning. My stomach was always full. I lived on milk and soup. My stomach was always full.

"Doctors said I had catarrh and neuralgia of the stomach, also female trouble, for which I needed an operation. I was nothing but a living skeleton and had given up hope."

"Then my husband brought home a bottle of Milks Emulsion. From the second dose I began eating, and after 10 bottles, I eat anything I want. I don't have a pain in my stomach since the first dose, and my female trouble is fast disappearing."—Mattie Cartwright, Tyler, Texas.

The Milks Emulsion in stomach trouble is only part of its good work. The benefit is both prompt and lasting. It costs nothing to try.

Milks Emulsion is a pleasant, nutritive food and a corrective medicine. It restores healthy, natural bowel action, along with all need of pills and potions. It promotes appetite and quickly provides a strong, growing body to assimilate food. As a builder of flesh and strength, Milks Emulsion is strongly recommended to those whom sickness has weakened, and is a powerful aid in reducing and preventing the effects of wasting diseases. Chronic stomach trouble and constipation are promptly relieved—usually in one day.

This is the only solid emulsion made and so palatable that it is eaten with a spoon like ice cream. Truly wonderful for weak, sickly children.

No matter how severe your case, you are urged to try Milks Emulsion, under your druggist's advice. Take six doses home with you, use it according to directions and if not satisfied with the results, your money will be promptly refunded. Price, 50c per bottle.
