General Leads Opponent by 533 Votes in State, But California Sews Up Six Delegates to Four.

HARDING OVER THE TOP

NEWARK, N. J., April 28.—Major-General Leonard Wood was leading Johnson by 533 votes in the New Jersey presidential preference primary contest this afternoon. Revised returns from 1,850 precincts out of 2,025 gave Wood 49,770 and Johnson 49,237.

Complete returns from the 12th district showed Johnson obtained two more district delegates, which brings his total to six as compared to Wood's four.

In this district, both Johnson and Wood candidates far outstripped two pledged to Senator Harding of Ohio. This was the only district in which the name of Harding appeared.

COLUMBUS, O., April 28.—Late returns today from yesterday's presidential preference primary in Ohio from all but 582 of the 5,882 precincts in the state showed that Senator Harding is leading General Leonard Wood by 12,581 votes. The votes in 15,300 precincts stood:

Harding, 114,893; Wood, 102,612. Additional returns this afternoon indicated that 38 and possibly 40 of the 48 delegates from Ohio to the Republican national convention may be pledged to Senator Harding as first choice.

Although their names were not printed on the ballot Hiram Johnson of California received 12,763 votes. Herbert Hoover, of California received 8,283 votes in 3,440 scattering precincts.

The name of Governor James M. Cox of Ohio was the only one appearing on the Democratic presidential ballot. In several districts over the state however, the name of W. G. McAdoo was written in.

All Democratic candidates for delegate to the national convention were pledged to Cox. Returns from 3,891 out of a total of 5,882 precincts in the state showed three Harding candidates and one Wood man leading in the race for delegates at large to the Republican national convention.

The vote stood: Myron T. Herrick, (H) 87,425; John Galvin, (H) 79,696; Frank B. Willis, (H) 76,091; William H. Boyd, (W) 70,484; Edward C. Turner, (W) 69,774; Harry M. Daugherty, (H) 69,174.

FRENCH REITERATE PROMISE TO LEAVE RUHR VALLEY SOON

PARIS, April 28.—Premier Millerand, in making a declaration to the Chamber of Deputies today on the result of the supreme council meeting at San Remo, said that the Frankfort and Darmstadt territories would be evacuated by the French as soon as the allied commission had established that the German armed force over the number allowed by the convention of August, 1919, had been withdrawn.

BERLIN, April 27.—Conflicting French, British and Italian views were compromised in framing the final allied statement issued at the San Remo conference, according to the view of the newspapers here.

"This statement," says the Tagesspiegel, "is somewhat sharply formulated, but if Germany has not yet indicated what she is able and willing to pay reparation and indemnification, it is because the special commission of financial experts that has been studying the question has been unable to achieve definite results."

A member of the allied conference is cited by the Vossische Zeitung as saying that "Premier Millerand prevailed in the matter of form, but Premier Nitti in the matter of fact."

GERMANS TO ASK LESS REPARATION

BERLIN, April 27.—Germany's economic situation in its bearing on future reparation payments will be able to make toward reparation and indemnification, will be set forth in detail in a memorial being drafted by the ministries of finance and economics for presentation to the allies May 10.

It will be a candid presentation of the conditions now obtaining and prospects of their improvement in the near future and will show Germany's ability to meet the balance of her obligations, on which she already has paid 20,000,000 marks in coins and commodities. Official quarters have declined to say whether the memorial will indicate any specific sum, but hinted it would make a detailed, definite proposal. Information received permits the conclusion the total sum of 20,000,000 marks in reparation, is not considered by the Berlin government as being within Germany's physical capacity to pay.

Lowden's Appeal For Business Government is Well Received

Republican voters and supporters of Governor Frank O. Lowden turned out in numbers of several thousand Tuesday night to hear the presidential aspirant from Illinois make his bid for Sixth district votes. In spite of the inclement weather the seats of the Coliseum were entirely filled.

Lowden was accompanied to Richmond by Joseph C. Mason, of Springfield, Ill., his campaign manager, State Auditor Otto Klaus, former Attorney General William L. Taylor, Indiana State Senator C. Teague, E. O. Paul, of Cambridge City, and P. J. Lynch, clerk of the supreme court.

George Sedell, chairman, briefly reviewed the facts of Lowden's life, telling of his early hardships as a country school teacher and college student and his subsequent rise to the governorship of Illinois. He introduced Mr. Lowden as a "self-made man."

Lowden attacked government extravagance, declared himself in favor of the budget system, and outlined for the United States a policy in international affairs of "friendship for all and partnership with none."

Lowden ridiculed the "book of estimates" made up by the head of the treasury department from the reports or estimates of the various subdivisions of government. He explained the reduction in the cost of government in Illinois made possible by the abolishment of commissions and the creation of a real department of finance.

The governor said: "I found when I got in office that we have some-thing over 125 independent and unrelated agencies of government. Sometimes an individual, but whatever (Continued on Page Two.)"

"BIRTH" FILM TO BE SHOWN IN RICHMOND
The Palladium has arranged for the local exhibition rights of "Birth," the scientific New York maternity hospital film that is attracting nationwide attention because of its many astounding and startling details. The Richmond theatre has been secured for the showing, which will begin Sunday.

Never before has a film attracted the attention that "Birth" has, in the largest cities of the country, where it has been playing for weeks. It has created a veritable sensation, being most highly indorsed by medical men of national reputation, women's clubs and social workers from coast to coast.

The picture was produced under the personal supervision of well known eastern medical authorities as the first big bomb in a nation-wide better baby campaign. It is said that if the methods shown on the screen were followed out in all of the hospitals of the country that the lives of over 300,000 infants and many thousands of ignorant mothers would be saved each year.

Photographed in Big Hospital
"Birth" was photographed in one of New York's largest maternity hospitals showing the latest and most up-to-date methods now in use in the larger hospitals of the east. Everything regarding the care of the infant in detail is shown. It includes what is said to be one of the most remarkable scenes ever photographed, showing a reproduction of an actual child birth, so cleverly screened that one can only marvel and not take offense. There still remains a startling though scientific picture portraying the necessity of careful and proper supervision at a period so necessary in the conservation of child life.

Italians seem to be extremely friendly toward the Nationalists and it is reported Mustafa Kemal's supporters have free communication with the outside world through Adalia which is occupied by Italian troops. 4,000 TROOPS IN CHIHUAHUA JOIN REVOLTS

Mexican Revolutionists Encouraged by Reports of Mutiny in Federal Ranks—Statements Given.

TROOPS ARE RUSHED

AGUA, PRIETA, Sonora, April 28.—Approximately 4,000 Carranza troops at Parí, Chihuahua, revolted yesterday, according to information given out here today by Gen. P. Elias Calles, commander of the revolutionist forces in Northwest Mexico.

Sonora revolutionary leaders said it was indicated the Carranza government rapidly was losing ground in Northern Mexico, without bloodshed, however.

General Calles, also said more defections from the Carranza ranks were imminent and that several Carranza leaders had agreed upon the hour to join the revolution. He said he expected all of northern Mexico to turn to the liberal constitutional cause within a week or 10 days.

Hears Carranza Forces Weak
General Calles last night received a report that General Damon Irburbe, Carranza military commander in the states of Sinaloa and Nayarit, and who is preparing to resist troops under General Alirza Flores in their march on the port of Mazatlan, had announced he would evacuate this port unless Carranza reinforcements reached there before the rebels.

The revolt of Colonel Francisco Del Arco with his troops in Chihuahua was part of a prearranged plan, General Calles said. He also announced he expected to have reports of two other Carranza leaders in the same state having joined del Arco with their men.

Breaking of railway communication between Juarez and Chihuahua City, it was said, would be serious for Carranza troops being concentrated about Casas Grandes for a projected attack on Sonora.

The troops about Casas Grandes, also reported as unwilling to fight, might find their lines of communication cut behind them, it was said. It added that their troops were reported in poor condition and the entire force, estimated at from 3,000 to 5,000 men, might be forced to surrender.

Meanwhile more troops are being rushed here and to the mountain passes east of here through which the Federal government forces must pass to attack Sonora.

EL PASO, Tex., April 28.—Fighting in Chihuahua City between revolting and loyal troops was reported by Carranza officials in Juarez, early today following the establishment of wire communication as far south as Teran, a station on the Mexican central railroad 30 miles north of the state capital.

Developments in the situation up to early today, as compiled from official statements from opposing leaders and press dispatches were:

Six hundred men of the sixty-second infantry under Col. Figueroa had revolted in Chihuahua City.

Leaders Have Joined.
Reported that General D. Martinez and Lieutenant Colonel Almada who have no troops had joined the revolting forces.

Revolting troops proceeded as far north on the Mexican Central train as Moctezuma, after which they returned to the state capital, burning bridges along the way to cut off troops from the north.

Colonel Francisco Del Arco reported Tuesday afternoon in command of the revolting troops in Ortiz at the head of 1,000 third infantry.

Reports that the Carranzas at Moctezuma, Gallegos and Saiz had revolted were discounted by Juarez military men.

Troops Sent to City.
Two troops from Teran and 6,000 from Zacatecas are being rushed to Chihuahua City to put down the uprising.

Troops concentrated at Casas Grandes for the Sonora campaign probably will be brought to Juarez tomorrow to be held in readiness for a possible campaign in Chihuahua.

Two hundred and fifty men of the Juarez garrison were rushed south last night to repair bridges.

Troops at Villa Ahumada were to be brought to Juarez today.
