

**POLES UKRAINIAN,
DRIVE BOLSHEVIK**

(By Associated Press)

LONDON, April 30.—The loss of Whitomir, 80 miles southwest of Kiev, to the Poles, is admitted in an official statement sent out today by the Soviet government at Moscow. The message also refers to a Polish threat against Kiev.

WARSAW, April 29.—Polish and Ukrainian troops driving toward Kiev have occupied the town of Malin, on the railroad about 60 miles northwest of Kiev. The advance is continuing toward the Dnieper river, except on the southern sector of the front where the Russian Bolshevik forces are making a stubborn stand along the right bank of the Bug river.

The Bolsheviks are rushing the Fifth and Eighth Divisions from the Caucasus region to reinforce the Twelfth Soviet army, which has its headquarters at Kiev. In an action which resulted in the occupation of the village of Kozatin, southwest of Zhitomir, Polish cavalry captured 2,000 prisoners, 10 cannon, one tank and the colors of the 53rd Bolshevik division.
