

ANTI-SALOON MEN GIVE INFORMATION ON CANDIDATES

WESTVILLE, O., May 1.—Governor Frank O. Lowden of Illinois is the only presidential candidate so far from the Anti-Saloon League of America has approved as suitable to the prohibitionist.

In a statement given out last night, Dr. F. A. Baker, general superintendent of the league, says, after a brief review of Governor Lowden's record on prohibition that "prohibitionists consistently can support him if he is nominated."

Senator Warren G. Harding's prohibition record is reviewed at considerable lengths, but no definite statement as to his acceptability or nonacceptability is made. "Senator Harding of Ohio usually votes with the drys but always talks for the wets," the statement says, and adds:

"When the 18th amendment was pending in the senate, Harding announced from the floor that he was not a prohibitionist, that he failed to see in it a moral question, and that he favored compensation of the liquor traffic. Of course, any man who favors compensating the liquor traffic would not be able to see in it a moral issue."

Give Harding's Record.

The statement goes on to say that Harding voted for the 18th amendment and the Volstead act, but voted against prohibition in the District of Columbia. Senator Hiram W. Johnson of California, the statement says, "is being solidly supported by the liquor interests of California, not because of any particular service he has rendered them, but because he seems to command the support of the discontented and the liquor people just at this time are very much discontented," and also possibly because a Sacramento (Cal.) paper "has announced Mr. Hoover's dry convictions."

Commenting on Governor Lowden, the statement says he was opposed for election as governor by many of the prohibitionists of Illinois, "but since his election as governor he had been eminently fair and friendly to the prohibition laws and their enforcement that prohibitionists consistently can support him if he is nominated."

Edwards Sideshow for Cox. The statement reiterates the position of the league as regards Governor James M. Cox of Ohio and Governor Edwards of New Jersey, as announced some time ago, by declaring that Governor Cox is "thoroughly wet" and that Governor Edwards is not really a candidate, but simply "running as a side partner to Governor Cox in the hope of accumulating some wet strength that may be turned over to Cox at an opportune time."

The statement concludes by declaring that further reports "of interest" will be made from time to time.

Your kidneys surely need help—and quickly—when your hands and feet are swollen and you feel dull and sluggish, lose your appetite and your energy and there is a puffy look under the eyes. Mrs. L. Gilson, 12th and Edison St., LaJunta, Colo., writes: "My kidneys were giving me a great deal of trouble for some time. I took Foley Kidney Pills and they helped me right away.
