## Posie Shoppe Seats Are Rapidly Sold; May Be Necessary to Repeat Play

So rapid has been the sale for "The Posie Shoppe" that officials of the Knights of Columbus may be forced to present the production on a third night. Announcement has been made by Fred Butler, manager of the Washington theater, that the entire two lower boxes were sold out on Friday night and that hundreds of applicants had been forced to accept either gallery seats or take chances of obtaining standing room on either Monday or Tuesday.

Coaches for the play say the Richmond cast will present the production in the best manner that has been in their experience. They say the calibre of voices is considerably better than the average. Miss Mellicie Brandenburg, Ray Gaier, Harry Frankel and Harry Hitz having exceptional voices. The dancing ability of Peter Lichtenfels also brings praise from the coaches.

Also, that the acting ability discovered in at least two of those having important parts is remarkable. There are four male leads in the play, two of whom had never before taken part in any production, yet who scored an instant success with the coaches by their natural ability.

## Silesian Elections Viewed With Alarm

BERLIN, May 8.—Whatever the outcome of the elections in upper Silesia there will be trouble, in the view of a large number of upper Silesian Germans and Poles with whom an Associated Press correspondent talked during an extensive tour of this plebiscite zone. This also is the view of many neutrals who have studied the situation which is regarded as one of the most complex in central Europe.

Entente officials in upper Silesia were reluctant to discuss the question of the future of that great mining district, but it is said some believe that if the Poles win, the removal of 500 of the most active German agitators from the district would ensure peace. The inter-allied commission is now the subject of sharp criticism by Polish sympathizers.

## MILADY GETS HER SHOES SHINED JUST LIKE HUBBY

Milady of Richmond, has become one of the most popular visitors of the downtown shoe shining parlors. Where in bygone days mother or daughter either coaxed father to shine their shoes, or did it themselves, today they are marching right into the shine establishments, ruled over by olive-skinned sons of Greece or youngsters from the "av'noo" and perching on the leather-upholstered seats beside the men.

"The women trade is growing every day, it seems, and I am glad of it," said the proprietor of a parlor.

"When the women go home and tell where they get their shoes shined, it makes business better for us."

## BURGLAR NOTIFIES OFFICE THAT HIS VICTIM NEEDS ATTENTION

(By Associated Press)

PHILADELPHIA, Pa., May 8.—William G. Thompson, lawyer and wealthy club man, attacked in his apartment in the St. James hotel by a burglar early today, made so strong an appeal for aid that the burglar spared him. Mr. Thompson had been surprised and blackjacked into unconsciousness. When he regained his senses his assailant was covering him with a revolver. The burglar spared him and later notified the hotel office that Thompson needed attention.

## \$2,500 IS DEGENCY MINIMUM, ASSERTS WAGES PROPONENT

(By Associated Press)

WASHINGTON, May 8.—A minimum of \$2,500 a year is necessary for the support of an American family of five, W. Jett Lauck, consulting economist for the railroad brotherhoods, asserted today before the Railway Labor board. Mr. Lauck, who yesterday charged corporate profiteers with being chiefly responsible for the present living costs, presented today a demand on behalf of the 2,500,000 railway employees for the establishment of a minimum wage throughout the industry.

He presented to the board a compilation of budgets on the cost of living based on studies made under his supervision and by federal and state agencies.

"It is impossible," he said, "for a family of five in the United States to maintain itself even in decent poverty under existing conditions for a penny less than \$2,500 a year."

Supported by Statistics.

His estimate, he said, was supported by government agencies and quoted the estimate made by Professor Royal S. Meeker, commissioner of labor statistics in August, 1919. The estimate was \$2,262. The estimate for May, he insisted, should be \$2,533.

Mr. Lauck in his statement declared that the fundamental cause of all economic instability, all industrial unrest, all interruptions of production and distribution, has been high prices and profiteering by organized capital and middlemen and retailers.

In concluding, the brotherhood spokesman requested that the board curtail its examination of wage data and proceed immediately to the determination of the question of what constitutes a living wage.

### HESSIAN FLY GETTING READY TO DESCEND ON WHEAT

For the past 10 days the Hessian Fly has been emerging from the "faxes" to the adult stage ready to lay eggs for the spring brood of fly, reports many farmers. A late season naturally will cause the fly to emerge later.

Most flies which have emerged during the last 10 days have been killed by the cold weather. A small percent however, have as yet emerged. Adult flies are very small, fly-like flies and cannot be seen except by close observation.

### FEAR BROOKLYN STRIKE

NEW YORK, May 8.—Possibility of another strike of Brooklyn Rapid Transit company employees tying up at least in part the Brooklyn subways and elevated and surface lines loomed today with publication of a letter from Lindley M. Garrison, receiver, to Mayor Hylan, rejecting the latest demands of the Amalgamated Association of street and electric employees.

The union's executive committee called on Mr. Garrison yesterday to post notices prohibiting employees from seeking to organize a rival union. A strike vote was threatened unless he acted.

## Duties of Druggists Are Defined by Revenue Men

A. H. Logan, internal revenue collector, submitted the following letter Saturday:

"Dealers in articles taxed by Sec. 907 of the act of February 24, 1919, should note the latest United States Treasury decision in relation thereto. The following is the text of the decision:

"The tax imposed by Sec. 907 of the act of February 24, 1919, attaches upon the sale of each of the articles enumerated therein, and where two or more taxable articles, either of the same kind or of different kinds, are sold at the same time, the tax is based upon the selling price of each taxable article sold, except that where two or more taxable articles of the same kind are prepared and put up by the manufacturer in a container, carton or sealed package, for sale as an original package, and are sold by the vendor in this form, the tax attaches to the selling prices of such package as a unit of sale.

"For example, if a purchaser buys a tube of tooth paste for 35 cents and a bottle of perfume for 65 cents, the tax on the tooth paste is 2 cents and in the perfume 3 cents, a total of 5 cents. The tax is not 4 cents computed upon \$1.00, the total amount paid by the purchaser. If toilet paper sells for 10 cents a box and a purchaser buys one box, the tax is one cent; if two boxes are bought the tax is 2 cents, 1 cent for each article, although the total amount paid is 20 cents, and if he buys three boxes the tax is 3 cents.

If three boxes are sold for 25 cents the tax is 3 cents, 1 cent for each article and not 1 cent on the basis of the 25 cents paid. If six taxable articles of the same kind, selling singly at 10 cents apiece, are put up by a manufacturer in a container, carton or sealed package for sale as a unit, and are sold by the vendor as an original package for 50 cents, the tax is 2 cents, the package being the unit of sale to the purchaser."

W. M. WILLIAMS, Commissioner of Internal Revenue.
