

KONECNY CONCERT DRAWS BIG CROWD; MUSIC IS LIKED

It could not be said that Josef Konecny, violinist, played without flaw, but he did entertain his audience in the Coliseum Wednesday night, with an excellent program.

His best rendered number was his last, "Holka-Modre-Oka," a Bohemian dance by Sevcik, which he played true to his temperament and technical ability. In other numbers his musicianship was marred.

The American Legion is to be congratulated upon obtaining the type of audience it did. Despite the inclemency of the night the coliseum was well filled.

A sweet, and vibrant voice, more suited to a drawing room than large auditorium, is the possession of Lola Murel Alley, soprano, who appeared jointly with Mr. Konecny, and Miss Mary Tris the accompanist of each.

Miss Tris handled her piano with vigor, and obtained the best applause of the evening.

Indiana Brevities

DANVILLE—Four Indianapolis boys pleaded guilty in the charge of trying to wreck a train on the Decatur and Western railway, one mile west of Montclair. The boys were put off of the freight train at Montclair, and while the train was at the station they walked ahead and piled ties and angle arms on the track in revenge for being forced from the train.

SHELBYVILLE—Union officials estimate that 98 per cent of men and women employed in the local furniture factories are now out on strike. Arrangements have been made to extend financial aid to the unorganized women who responded to the strike call.

EVANSVILLE—In the final round-up of members of the "whisky ring" by the federal authorities, those taken were: Edgar Schmitt, chief of police; Herbert Males, sheriff of Vanderburg county, and several other prominent city officials and detectives.

Public Service Commission To Be in Cambridge, Dublin

The Indiana Public Service commission will hold a hearing in the town hall, Dublin, Indiana, on next Tuesday at 2 p. m., on the position of the town board for authority to let a contract for placing electric lights within the corporation limits.

On Tuesday morning the commission will hold hearings in the council chamber of the city hall, Cambridge City, on the municipality's petitions for an increase in rates for electrical energy and for a continuation of the present water rates, with certain decreases if operating expenses can be lessened.

The hearing at Cambridge City begins at 9:30 a. m., and the hearing at Dublin at 2 p. m.

Wool Pool Plan To Be Tried Here is Planned For Use by Kentucky Sheepmen

The wool pool which is soon to be tried out in Wayne county is to be tried out in Kentucky, the large tobacco warehouses of Lexington being used. On June 15 that portion of the 1920 crop of wool which has been pooled by growers will be sold by auction. It is to be known as a state central wool auction sale, and is the plan of John R. Humphreys, head of the department of markets at the University of Kentucky. It has the sanction of the federal authorities at Washington.

It is stated that approximately 500,000 pounds of wool has been pooled in 20 counties, and that it is expected that fully that much more will be brought in. All wool in the various county pools will be graded by a government expert, and a sample of 50 pounds from each crop will be sent here to the sale. The buyers will be guaranteed that the crop will come up to the sample.

This will be the first application of this method which several years ago was successfully employed in the tobacco trade to the marketing of wool.

American Legion

Members of The American Legion, who will conduct a nationwide campaign for new members, May 17-22, believe that their chief enemy will be none other than old General Inertia.

The legion now has 1,500,000 and seeks to get 1,000,000 more. When it is remembered that 4,500,000 men and women are eligible for membership, by reason of active service in the World's War in army, navy or marine corps, it does not seem that the legion's aim is an extravagant one.

Posts throughout the country, of which there are now about 9,500, report that their chief obstacle in getting men to join has been mere inertia. Thousands of men are convinced of the desirability of Legion membership and are in hearty accord with its principles. But they have failed to "obey that impulse" and become active.

DON'T DESPAIR

If you are troubled with pains or aches; feel tired; have headache, indigestion, insomnia; painful passage of urine, you will find relief in

GOLD MEDAL WATERMELON CAPSULES

The world's standard remedy for kidney, liver, bladder and uric acid troubles and National Remedy of Holland since 1896. Three sizes, all druggists. Guaranteed. Look for the name Gold Medal on every box and accept no imitation.

members. It is believed an active membership push will supply the additional impetus that will cause a majority of the victims of inertia to join The Legion.

The Legion has done enough beneficial things for ex-service men generally, whether they are members of the organization or not, to earn it a high place in the affections of these men. The Legion has obtained from Congress an increase of base pay for the disabled from \$30 to \$50 a month. It has adjusted thousands of claims for war risk insurance for service men and their dependents.

Until the legion took hold, the federal board for vocational training was not functioning properly in many districts. Recently a plan of co-operation between The Legion and the board has been devised, that promises to speedily solve the rehabilitation problem for all the disabled.

The legion has helped to secure preference for ex-service persons and their widows in civil service appointments and special preference for the disabled.

The four-fold compensation bill for ex-service persons, now before Congress, is familiar to all as being the handiwork of the legion. Back in those days just following demobilization, the legion was an active agency for re-employment and co-operated with national, state and private organizations to speedily return service men to profitable and suitable employment.

A recent act of the organization has been to raise a fund throughout the nation, with which to decorate the graves of all the soldier dead in France. To this purpose the money is being forwarded to the Paris post of the legion, and this post will superintend the ceremonies.

In all these activities The Legion has acted for the service men as a whole.

GIVES CREDIT THROUGH LAND
Backache, lame and stiff muscles and rheumatic pains are often symptoms of deranged kidneys. "I had weak bladder, bad kidneys and liver," writes Wilbur Carter, of Pa. "I could not sleep well and my back pained me awfully. I had a dizzy feeling in the morning. Since taking Foley Kidney Pills I have been relieved of all such ailments. They rid the system of the poisonous acids that cause aches and pains. For sale by A. G. Luken & Co., 639 Main St.—advertisement.

Diamond Squeegee Tread TIRES

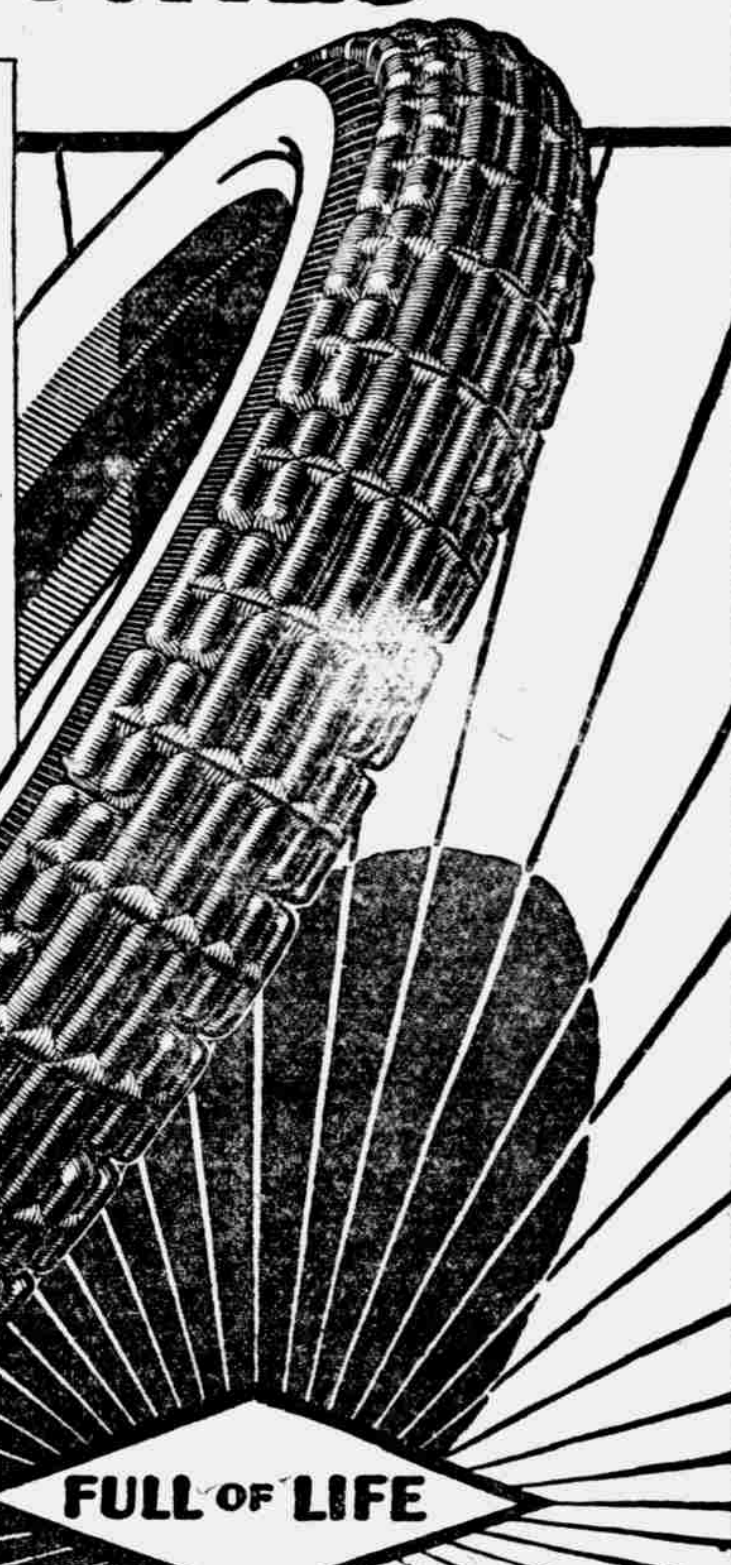

EVERY Diamond Tire on a car—and there are 2,000,000 of them in use—means that somebody has walked into a dealer's store, and bought it—

Often to replace another brand of tires.

This fact is obvious since Diamond Tires do not come as original equipment on cars.

In short, actual service on cars has proved to users that the utmost tire value lies in Diamond Tires.
