FULL OF VIGOR AND VIM NOW SINCE TAKING VOLA TONIC--RECOMMENDS IT

"Vola-Tonic helped me so much that I am glad to make this statement and I hope that everybody who is weak and rundown like I was will give this medicine a trial," said Chas. Dietrich, 2521 Halstead avenue, Cincinnati, O.

"Last winter I had an attack of influenza and when I got up from it I was weak and run down all over. I tried everything but I couldn't get back my strength.

"My appetite was so poor that I didn't eat much of anything at all and what I did eat I just had to force down. Of course, my food didn't do me any good and that is one reason why I couldn't get any stronger.

"I was mighty nervous, too, and couldn't sleep right at night at all and I got up mornings feeling even more tired out than I did when I went to bed the night before.

"In short, my system all over was out of fix and I just dragged around at my work and didn't take any interest in anything.

"Finally, I decided to take Vola-Tonic and now I am mighty glad I did. My strength has come fine and I am full of energy and vigor now.

"It wasn't long after I started taking Vola-Tonic until my appetite came back. I'm eating real meals again now. Vola-Tonic put my nerves in good condition also and I sleep like a child at night.

"I hope every weakened, run down person will try Vola-Tonic."

Vola-Tonic, "Builder of Strength," is sold in Richmond by the five Quigley Drug stores and is sold by one leading druggist in cities and towns all over this section.—Advertisement.

The Watch "Us Boys" Admired

Do You Remember the First Real Watch You Ever Had?

Remember how proudly you displayed it to the fellows and exclaimed: "It's Mine." Remember how you took it out on the slightest provocation—at least fifty times a day?

How grateful you were to father and mother for giving it to you.

Ten—twenty—thirty years ago it may have been, but that watch is still with you. Still the same accurate time-keeper as when brand new.

You probably do not wear that watch now. You keep it carefully laid aside in a handy drawer and a newer, more modern, more elegant Watch keeps you on time. But often in a quiet hour, you take out that first glorified watch and see in it a reflection of the kindly, loving givers.

Call it sentiment—call it association—call it prestige—call it what you will, there is something about your first Watch that makes it more than just a time-keeper.

Ten—twenty—thirty years from now that boy of yours or that girl of yours will be more grateful even than today for the Watch that is your remembrance and your gift on one of the youth's great occasions.

Let us show you Gift Watches that are worth while.
